The President

EXECUTIVE ORDER 9766

AUTHORIZING THE DETAIL OF AN ARMY OFFICER FOR MILITARY DUTY WITH THE INSTITUTE OF INTER-AMERICAN AFFAIRS AND THE INTER-AMERICAN EDUCATIONAL FOUNDATION

By virtue of the authority vested in me by the Constitution and statutes of the United States, including Title I of the First War Powers Act, 1941 (55 Stat. 838), as President of the United States and Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. The Secretary of War is hereby authorized to detail on a temporary basis an officer of the Army for military duty with the Institute of Inter-American Affairs and the Inter-American Educational Foundation, Inc., two Government corporations created by the Office of the Coordinator of Inter-American Affairs and transferred to the Department of State by Executive Order No. 9710 of April 10, 1946.

2. Any Army officer detailed for duty under authority of this order shall, while so detailed, retain and be entitled to all rights, benefits, promotions, and status of an officer of the Army of the United States, or any component thereof.

HARRY S. TRUMAN

THE WHITE HOUSE,
July 31, 1946.

STANDING TIMBER ON STATE OWNED LANDS

Purpose and findings. This general regulation is issued to stimulate addi-

tional production of lumber and other forest products from standing timber on State owned lands by providing for premium payments to States to enable them to utilize additional facilities for making such timber ready for sale. It describes the conditions and method under which premium payments may be obtained. This regulation is issued pursuant to the authority of the "Veterans' Emergency Housing Act of 1946".

All available means of increasing the production of lumber and other forest products from standing timber on State owned lands for the veterans' emergency housing program and for other construction, maintenance, and repair essential to the national well-being have been considered. Based on such consideration, the expediter finds that premium payments with respect to such standing timber are temporarily necessary to increase the supply of lumber and other forest products from standing timber on State owned lands and to stimulate such additional production with greater rapidity, economy and certainty than other available methods. Application of premium payments at a uniform rate within this industry is not feasible. In applying premium payments with relation to additional production in this industry emphasis has been placed upon avoiding either economic dislocations or adverse effects upon established business.

§ 805.4 Standing timber on State owned lands—(a) Definitions. (1) "State" means a State of the United States that owns standing timber which is suitable for meeting the needs of the veterans' emergency housing program and which is available for sale.

(2) "Facilities" means labor, equipment, and other items (exclusive of general administrative expenses) which are employed by a State in making its tracts of standing timber available for sale.

(3) "Additional facilities" means facilities in excess of those which could be employed by the State from funds available for that purpose on the date of the certification to the expediter pursuant to paragraph (c) of this section.

(4) "Claim" means a claim for premium payments filed pursuant to this section.

(5) "Expediter" means the Housing Expediter as defined in the Veterans' Emergency Housing Act of 1946, or his duly authorized representative.

(b) *Eligibility.* Any State may file claims for premium payments under this section if it meets the following conditions:

(1) It has entered into an individual agreement with the expediter; and

(2) Pursuant to such agreement, it has incurred financial obligations with respect to additional facilities.

(c) *Individual agreement—(1) Certification to Expediter.* Any State that owns tracts of standing timber which it is unable to offer for sale without additional facilities may certify the following to the Expediter, Washington, D. C.

(i) The facilities which the State employs and is financially able to employ in making tracts of standing timber available for sale;

(ii) That all such facilities will be employed in making tracts of standing timber available for sale;

(iii) The additional facilities which are necessary to increase the amount of standing timber offered for sale;

(iv) An estimate of the amount of standing timber which will be offered for sale and the amount which will be sold through use of facilities presently employed by the State and those which could be employed by the State from funds available for that purpose on the date of the certification to the Expediter;

(v) An estimate of the additional amount of standing timber which will be offered for sale and the additional amount which will be sold through the use of additional facilities;

(vi) An estimate of the cost per month of employing the additional facilities set forth in subdivision (v) of this subparagraph.

If the Expediter finds that the utilization of additional facilities will have the effect of increasing the amount of standing timber sold and that the cost of such additional facilities in relation to the estimated amount of additional sales that would result is consistent with the Veterans' Emergency Housing Act of 1946, he will enter into an individual agreement with the State. The individual agreement will set forth the terms and conditions under which premiums will be paid to the State, and the amount of such payments.

(2) *Standards.* In formulating an individual agreement, the Expediter shall adhere to these general standards:

(i) Premium payments will be made only to the extent necessary to meet financial obligations which the State incurs in employing additional facilities.

(ii) Premium payments will be made only on condition that the State:

(a) Agrees to increase the quantity of standing timber offered for public sale;

(b) Exerts every effort to effect the maximum volume of sales under the offerings for public sale;

(c) Uses its additional facilities and conducts its offerings and sales of standing timber in such an efficient manner as to give maximum aid to the veterans' emergency housing program and to other construction, maintenance and repair essential to the national well-being;

(d) Agrees to comply with Office of Price Administration maximum price regulations governing sales of standing timber.

(3) *Duration.* Individual agreements may be canceled by mutual agreement, or at the option of the Expediter, unless otherwise provided in the individual agreement.

(d) *Rate and computation of premium payment.* If a State has entered into

an individual agreement with the Expediter, premium payments will be made at the rate and on the terms and conditions specified in such agreement.

(e) *Claim for payment.* (i) Each claim for payment shall be filed on prescribed forms. These forms may be obtained from the Expediter.

(ii) Claims for payment shall be filed monthly with the Expediter, Washington, D. C., within 30 days following the end of the month in which the obligation for additional facilities was incurred.

(f) *Payment.* If the claim appears to have been correctly and properly prepared and is approved in whole or in part by the Expediter, the Reconstruction Finance Corporation will pay the State that part of the claim so approved.

(g) *Reports.* The State shall submit such reports as may be required by the individual agreement.

(h) *Official interpretations.* Official interpretations of this section may be given only in writing by the General Counsel of the Office of the Expediter, or his duly authorized representative. A request for an official interpretation must be filed in writing directly with the Expediter or the General Counsel.

(i) *Termination.* This section shall terminate on December 31, 1947 or at such earlier time as the Expediter may determine. In the event that Office of Price Administration price ceilings cease to be applicable to the sale of standing timber, the Expediter may terminate this section on such terms and conditions as he may deem proper. Termination of this section shall not preclude the filing of claims for payment during the month following such termination on account of obligations incurred in employing additional facilities during the immediately preceding month. Such claims shall be dealt with in accordance with the provisions of this section in the same manner as if it had not been terminated.

(j) *Effective date.* This section shall become effective as of July 1, 1946.

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 805—PREMIUM PAYMENTS REGULATIONS UNDER VETERANS' EMERGENCY HOUSING ACT OF 1946

CONNECTORS

Purpose and findings. This general regulation is issued to stimulate additional production of connectors by providing for premium payments with respect to units of additional production above established quotas. It describes how quotas are established, and the methods, procedures and conditions un-

der which such payments may be obtained. In this industry it is necessary to use records of shipment in order to measure accurately additional production. Accordingly quota and claims for payment are based on shipments. This regulation is issued pursuant to the authority of the Veterans' Emergency Housing Act of 1946.

All available means of increasing the supply of convectors for the veterans' emergency housing program and for other construction, maintenance and repair essential to the national well-being have been considered. Based on such consideration the Expediter finds that premium payments are temporarily necessary to increase the supply of such materials and to stimulate additional production with greater rapidity, economy, and certainty than other available methods. The premium payments provided herein are applied at a uniform rate within the industry. In applying premium payments to necessary additional production in this industry, emphasis has been placed upon avoiding either economic dislocations or adverse effects upon established business.

§ 805.5 *Conectors*—(a) *Definitions*. As used in this section:

(1) "Convector" means a unit consisting of (i) a heating element consisting of non-ferrous or steel tubes to which are attached an extended surface of copper, aluminum or steel, or combinations of these materials, and headers for supply and/or return connections, manufactured by a producer, together with (ii) a cabinet (or a panel designed to enclose a recess), of minimum height of 15" designed to increase the flow of convection currents, with an opening at the bottom for air inlet and an opening in or near the top for heated air outlet.

(2) "Producer" means a person who operates a plant for the manufacture of convectors or of heating elements which he ships as a part of complete convectors.

(3) "Person" means an individual, corporation, partnership, association, or any other organized group of any of the foregoing, or legal successor or representative of any of the foregoing, but does not include the United States, or any of its political subdivisions or any agency thereof, any other Government, any of its political subdivisions or any agency thereof.

(4) "Plant" means an establishment occupying a single site, within the United States, its Territories, possessions, or the District of Columbia, which is operated for the manufacture of convectors or of heating elements which the producer ships as a part of complete convectors.

(5) "Month" means a calendar month,

Provided, however, That any producer on whom this provision works a hardship may apply to the Expediter for authorization to submit his application for quota and claims for payment on the basis of a stipulated fiscal month. With respect to a producer who has received such authorization this section shall become effective on the first day of his fiscal month, beginning on or after July 1, 1946, and shall terminate on the same date on which this section terminates as to other producers.

(6) "Full operating month" means a month in which a producer operated a plant during at least twenty working days except for February during which the plant must have operated at least eighteen working days.

(7) "Shipments" and "units of shipment" mean convectors shipped to purchasers in a month, expressed in terms of the square feet of steam radiation obtainable from such convectors, determined by the ratings in the producer's catalog established in conformity with the "convector manufacturers' certified ratings."

(8) "New producer" means, with respect to a plant which prior to the effective date of this section was not operated for the manufacture of convectors, a person who operates such plant after the effective date of this section, and who did not operate, prior to the effective date of this section, any plant for the manufacture of convectors.

(9) "Claim" means a claim for premium payment filed pursuant to this section.

(10) "Expediter" means the Housing Expediter as defined in the Veterans' Emergency Housing Act of 1946 or his duly authorized representative.

(11) "OHE" means the Office of the Housing Expediter.

(b) *Eligibility*. Any producer may file claims for premium payments under this section if he meets both of the following conditions:

(1) His shipments during the month covered by the claim are in excess of quota;

(2) The number of convectors shipped to purchasers during the month covered by the claim exceeds 80% of the number of heating elements manufactured during the month which can be combined with cabinets or panels, manufactured or purchased during the month, so as to constitute complete convectors.

(c) *Establishment of quota*. (1) A separate quota shall be established for each and every plant of a producer as follows:

(i) With respect to a plant which was in operation for at least two full operating months during the period January 1, 1946 through May 31, 1946 the quota for each month shall be the higher of the following:

(a) The average of shipments in the two months of highest shipments during the period January 1, 1946 through May 31, 1946 or

(b) Ninety percent of shipments in the month of highest shipments during the period January 1, 1946 through May 31, 1946.

(ii) With respect to a plant in operation less than two full operating months during the period January 1, 1946 through May 31, 1946, but in operation at least one full operating month during that period, the quota shall be 90% of shipments of the month of highest shipments during the period January 1, 1946 through May 31, 1946.

(iii) With respect to all other plants in operation at some time during the period July 1, 1945 through June 30, 1946, the quota shall be established by the Expediter on application.

(iv) With respect to all other plants, the quota for each month covered by a claim shall be 50% of shipments during that month.

(2) In the case of a producer with two or more plants, if the shipments from any plant fall below the quota for that plant in any month, the Expediter may establish a combined quota for any or all plants if he determines that shipments have been shifted among such plants so as to increase the producer's total claim without a corresponding increase in total output.

(3) If a producer's shipments in any month are below quota, his quota for the next succeeding month shall consist of the established quota plus the amount of the preceding month's deficit. *Provided, however*, That if on application, the Expediter determines that the deficit was due to unusual circumstances beyond the control of the producer, such deficit shall not be added to the established quota. Such application shall be filed with the Expediter, within 15 days of the end of the month in which the deficit occurred.

(d) *Application for quota*. (1) Every producer who wishes to receive premium payments under this section shall file an application for quota. A separate application shall be filed for each and every plant of such a producer.

(2) All applications for quotas shall be filed promptly on Form NHA 14-50 with the Expediter.

(e) *Rate and computation of premium payment*. A premium of 10 cents shall be paid for each unit of shipment in excess of established quota. For the purpose of determining the amount of a claim, shipments shall not include convectors containing a heating element, cabinet or panel manufactured or purchased before June 15, 1946.

(f) *Claim for payment*. (1) Each claim shall be filed on Form NHA 14-51. These forms may be obtained from and must be filed with the Manager, Loan Agency, Reconstruction Finance Corporation, Federal Reserve Bank Building, Cleveland 1, Ohio. A producer operating more than one plant shall simultaneously file the claims for each of his plants.

(2) Each claim shall be filed on or before the last day of the month following the end of the month in which the convectors were shipped. Any producer whose shipments in any month are insufficient to permit the payment of a premium shall nevertheless file form NHA 14-51 with the Manager, Loan Agency, Reconstruction Finance Corporation, Federal Reserve Bank Building, Cleveland 1, Ohio on or before the last day of

the month following the month in which the deficit occurred, as an information return to indicate the amount of the deficit.

(3) No claim under this section shall be assignable except as a part of the bona fide transfer of the plant to a legal successor.

(g) *Payment*—(1) *Review by RFC*. In reviewing claims, RFC will determine whether such claims appear to have been correctly and properly prepared.

(2) *Terms of payment*. If the claim or any part thereof is accepted by RFC subject to final verification, RFC will then pay the claimant that part of the claim so accepted: *Provided, however*, That with respect to claims for the last two months during which this section is in effect RFC may require that bond be furnished in form and amount satisfactory to it before making payment. Preliminary acceptance and payment of a claim shall not constitute final acceptance of the validity or amount of the claim. If, after review or audit, there is cause to question the validity of any claim, RFC may:

(i) Require that bond be furnished in form and amount satisfactory to it before making further payments, or

(ii) Suspend further payments.

(3) *Verification of claims*. (i) Upon receipt of claims, RFC will forward copies to the Expediter for verification and such investigation or audit as may be deemed appropriate.

(ii) If the amount verified and approved by the Expediter is less than the amount previously paid, the claimant shall upon demand by RFC refund the overage to RFC together with interest thereon at the rate of 4% per annum calculated from the date of such overpayment to the date repayment is made to the RFC or such overage plus interest may be deducted from any accrued or subsequent claim for any payment by RFC to the claimant.

(4) *Invalidation of claims*. The Expediter shall have the right at any time to declare invalid any claim of a producer, and such producer shall upon demand refund to RFC any payment on such claim, if the Expediter finds that the producer:

(i) Has failed to comply with any of the requirements of this section, or

(ii) Has failed to comply with directives, orders or regulations of the Civilian Production Administration or OPA on convectors or has sold convectors at prices in excess of the ceiling prices established by the applicable Office of Price Administration regulations or orders.

(h) *Records*. Every producer shall prepare and preserve for inspection for a period of not less than two years after the date of termination of this section, all books, records and other documents which furnish information in support of its claim for payment. The Expediter or his designated agents shall have the right at any time to make such examinations and audits of these books, records and other documents as may be necessary to verify the representations in the producers' claims for payment or as may be required by the Expediter.

(i) *Reports*. Producers must furnish such reports as may be required by the

Expediter from time to time, subject to approval by the Budget Bureau pursuant to the Federal Reports Act of 1942.

(j) *Official interpretations*. Official interpretations of this section may be given only in writing by the General Counsel of the Office of the Expediter, or his duly authorized representative. A request for an official interpretation must be filed in writing directly with the Expediter or the General Counsel.

(k) *Termination*. This section shall remain in effect through December 31, 1946, but may be extended by the Expediter on such terms and conditions as he may deem proper. Termination shall not preclude the filing of claims for payment during the month following such termination on account of production during the immediately preceding month. Such claims shall be dealt with in accordance with the provisions of this section in the same manner as if it had not been terminated. In the event that OPA price ceilings cease to be applicable to the sale of convectors, the Expediter may terminate this section on such terms and conditions as he may deem proper.

(l) *Effective date*. This section shall become effective as of July 1, 1946.

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Chapter I—Monetary Offices, Department of the Treasury

APPENDIX A—GENERAL RULINGS UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

RELEASE OF PROPERTY VESTED BY ALIEN PROPERTY CUSTODIAN

AUGUST 2, 1946.

Amendment to General Ruling No. 19 under Executive Order No. 8389, as amended, Executive Order No. 9193, as amended, sections 3 (a) and 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

General Ruling No. 19 is hereby amended to read as follows:

(1) *Control of vested German and Japanese property released to Alien Property Custodian*. All control under Executive Order No. 8389, as amended, and Executive Order No. 9193, as amended, of any property or interest of Germany or Japan or any national thereof vested by the Alien Property Custodian is hereby released to the Alien Property Custodian. The release of any such property or interest shall take effect on the effective date of the vesting order of the Alien Property Custodian covering the property or interest.

(2) *Effect on pending applications of release of control to Alien Property Custodian*. A release of control over any vested property or interest to the Alien Property Custodian constitutes a final

denial by the Secretary of the Treasury of any pending application for license or other authorization with respect to any such property or interest. No application for license or other authorization with respect to any such property or interest will thereafter be entertained or granted by the Secretary of the Treasury.

APPENDIX B—PUBLIC CIRCULARS UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

ATTACHMENTS AGAINST BLOCKED PROPERTY
AUGUST 2, 1946.

Public Circular No. 31 under Executive Order No. 8389, as amended, Executive Order No. 9193, as amended, sections 3 (a) and 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

(1) Reference is made to General Ruling No. 12 relating to unlicensed transfers of blocked property. Reference is also made to General Ruling No. 19 relating to the release of Treasury controls over property vested by the Alien Property Custodian. This circular deals with the effect of such release on unlicensed attachments levied with respect to blocked property prior to the vesting thereof by the Custodian.

(2) Under paragraph (1) of General Ruling No. 12, interests in blocked property cannot be acquired, transferred, or created by unlicensed "transfers". Nor may an unlicensed transfer be the basis for the assertion or recognition of any right, remedy, power, or privilege with respect to, or interest in, any blocked property.

(3) An attachment is a "transfer". See paragraph (5) of General Ruling No. 12 where the term "transfer" is defined as including "the issuance, docketing, filing, or other levy of or under any judgment, decree, attachment, execution, or other judicial or administrative process or order, or the service of any garnishment". An unlicensed attachment, therefore, cannot operate to transfer or create any interest in blocked property. Nor can it serve as a basis for the assertion or recognition of any right, remedy, power, or privilege with respect to, or interest in, any blocked property.

(4) Paragraph (4) of General Ruling No. 12 does not constitute a license authorizing the seizure or creation of any interest in blocked property by attachment proceedings or other legal process.

This paragraph merely is a formal statement of the position which the Treasury Department has always taken with respect to litigation affecting blocked property—that it does not desire to interfere with such litigation so long as it is clearly understood that the judicial process cannot, without a license or other authorization from the Secretary of the Treasury, operate to transfer or create any interest in blocked property. Thus the proviso of paragraph (4) specifies that "no attachment, judgment, decree, lien, execution, garnishment, or other judicial process shall confer or create a greater right, power, or privilege with respect to, or interest in, any property in a blocked account than the owner of such property could create or confer by voluntary act prior to the issuance of an appropriate license." In issuing paragraph (4), the Treasury Department did not undertake to decide for the courts whether they should exercise jurisdiction. It simply prescribed that jurisdiction could be exercised only on the basis that if a Treasury license was not issued, the judicial process could not operate to transfer or create any interest in blocked property, nor could it be the basis for the assertion or recognition of any other right, remedy, power, or privilege with respect to the property.

(5) The Treasury Department has always considered that when the Alien Property Custodian has vested any property, it would not be in the national interest for the Treasury Department thereafter to grant licenses authorizing the creation or acquisition of any interest in the property. Formerly it was the practice of the Department, whenever it was notified by the Custodian that a particular property had been vested, to issue a specific release to the Custodian of all control of the property under Executive Orders Nos. 8389 and 9193. Paragraph (1) of General Ruling No. 19 constitutes a general release of such control in the case of all German and Japanese property vested by the Custodian. Paragraph (2) of the General Ruling is intended to make it clear that a release of control over any vested property to the Alien Property Custodian, whether by specific release or by reason of the General Ruling, operates as a final denial by the Secretary of the Treasury of any pending application for license or other authorization relating to such property and that no application for a license authorizing the creation, acquisition, or transfer of any interest in such property will thereafter be entertained or granted. The paragraph is thus a formal statement of what has always been the position of the Treasury Department—namely, that once blocked property has been vested by the Custodian, there is no longer any possibility that an unlicensed attachment may ripen through the issuance of a Treasury license into a seizure and acquisition of an interest in such blocked property.

(6) In view of the fact that the Alien Property Custodian has publicly announced his intention of vesting all German and Japanese property in the United States, it will be the general policy of the Treasury Department not to grant

any licenses authorizing the creation or acquisition through legal process of any interest in blocked German or Japanese property.

(Sec. 3 (a), 40 Stat. 412; sec. 5 (b), 40 Stat. 415 and 966; sec. 2, 48 Stat. 1; 54 Stat. 179; 55 Stat. 838; E.O. 8389, April 10, 1940, as amended by E.O. 8785, June 14, 1941, E.O. 8832, July 26, 1941, E.O. 8963, Dec. 9, 1941, and E.O. 8998, Dec. 26, 1941; E.O. 9193, July 6, 1942, as amended by E.O. 9567, June 8, 1945; Regs., Apr. 10, 1940, as amended June 14, 1941, July 26, 1941, and Feb. 19, 1946).

PART 1010—SUSPENSION ORDERS

[Suspension Order S-950]

M. J. MARTIN & SONS, INC.

M. J. Martin & Sons, Inc., a corporation with offices located at 562 West 239th Street, Bronx, New York, is engaged in business as a building contractor. On April 12, 1946, without authorization from the Civilian Production Administration, the corporation began construction of a structure to be used for commercial establishments located at Broadway and Kimberly Place, Bronx, New York, at a cost in excess of the \$1,000 limit permitted by Veterans Housing Program Order No. 1. William E. Martin, the president and responsible officer of the corporation, was aware of the restrictions on construction, and its actions in beginning and carrying on such construction constituted a wilful violation of Veterans Housing Program Order No. 1. In view of the foregoing facts, it is hereby ordered that:

§ 1010.950 Suspension Order No. S-950. (a) The temporary suspension order issued by telegram dated May 24, 1946, against M. J. Martin & Sons, Inc., is hereby revoked.

(b) Neither M. J. Martin & Sons, Inc., its successors or assigns, nor any other person shall do any construction on the premises located at Broadway and Kimberly Place, Bronx, New York, including putting up, completing or altering the structures located thereon unless hereafter specifically authorized in writing by the Civilian Production Administration.

(c) M. J. Martin & Sons, Inc. shall refer to this order in any application or appeal which it may file with the Civilian Production Administration for priorities

assistance or for authorization to carry on construction.

(d) Nothing contained in this order shall be deemed to relieve M. J. Martin & Sons, Inc., its successors or assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 31st day of July 1946.

PART 3293—CHEMICALS

[Conservation Order M-131, as Amended
Aug. 1, 1946]

CINCHONA BARK AND CINCHONA ALKALOIDS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of cinchona bark and cinchona alkaloids for the war effort, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3293.131 (*Conservation Order M-131*)—(a) *Definitions.* For the purposes of this order:

(1) "Cinchona alkaloids" means any of the alkaloids or their salts obtained from cinchona bark whether alone or in combination with other alkaloids from cinchona bark, including, but not limited to quinine, totaquine, cinchonine, cinchonidine, quinidine, quinine sulfate, etc., and such alkaloids in standard dosage forms (pills, tablets, capsules, ampoules, etc.) or totaquine, quinine, cinchonine, cinchonidine in packages of one-half ounce or less.

(2) "Quinine" means quinine alkaloid obtained from cinchona bark and its salts and derivatives.

(3) "Cinchonine" means cinchonine alkaloid obtained from cinchona bark, and its salts and derivatives.

(4) "Cinchonidine" means cinchonidine alkaloid obtained from cinchona bark, and its salts and derivatives.

(5) "Quinidine" means quinidine alkaloid obtained from cinchona bark, and its salts and derivatives.

(6) "Totaquine" means a mixture of alkaloids obtained from cinchona bark.

(7) "Cinchona bark" means the bark obtained from the genus *Cinchona* or from the genus *Remijia*.

(8) "Anti-malarial agent" means any product or material which according to modern medical opinion is recognized as a specific for suppression, alleviation or cure of malarial infections.

(9) "Producer" means any person who produces or imports cinchona bark or cinchona alkaloids or has cinchona alkaloids produced for him pursuant to toll agreement.

(10) "Distributor" means any person who buys cinchona alkaloids for resale without further processing.

(11) "Supplier" means a producer or distributor.

(b) *Restrictions on deliveries and use.* No person other than Reconstruction Finance Corporation, Office of Defense Supplies, or any duly authorized agent of such corporation, or a government disposal agency acting as such, shall deliver, accept delivery of, or use cinchona bark or cinchona alkaloids unless specifically authorized by Civilian Production Administration, on Forms CPA 2945 or CPA 2946, whichever is appropriate. However, the U. S. Army, Navy, the U. S. Maritime Commission and War Shipping Administration need not apply for authorization to accept delivery of and use cinchona bark or cinchona alkaloids, but their supplier must list the proposed deliveries, and contract numbers on his application Form CPA 2946, and such supplier shall not make delivery until authorized by Civilian Production Administration. Such authorization will also constitute authorization to those services and agencies named to accept delivery of and to use the cinchona bark or cinchona alkaloids.

(c) *Exceptions to restrictions on delivery and use.* Nothing contained in this order shall prohibit the following transactions:

(1) *Deliveries of uncompounded cinchona alkaloids under toll agreement.* Any person may, without authorization from Civilian Production Administration, accept delivery of cinchona alkaloids pursuant to toll agreement for the purpose of compounding into standard dosage forms, and thereafter redeliver the same to the owner thereof, provided the person making the delivery in the first instance has received specific authorization to use the cinchona alkaloids and retains title to such cinchona alkaloids and to the products made therefrom.

(2) *Small deliveries of cinchona alkaloids.* Any person may, without authorization from Civilian Production Administration, accept small deliveries of cinchona alkaloids for the purpose of resale to licensed physicians, veterinarians or to ultimate consumers, or for the purpose of compounding into dosage form and thereafter reselling the same in such

form, provided that small deliveries do not exceed in any calendar month:

(i) 10 ounces of totaquine (uncompounded). 5 ounces of cinchonine or its salts in the aggregate (uncompounded). 5 ounces of cinchonidine or its salts in the aggregate (uncompounded). 5 ounces of quinine or its salts in the aggregate (uncompounded).

(ii) 2 ounces of quinidine or its salts in the aggregate (whether compounded or in standard dosage form), unless acceptance of delivery of this amount, taken together with such person's stock of quinidine on hand on the delivery date exceeds 4 ounces of quinidine or its equivalent in standard dosage form.

No authorization from Civilian Production Administration is required for the compounding of such cinchona alkaloids or for any subsequent delivery, acceptance of delivery, or use of such cinchona alkaloids, whether in compounded form or otherwise. However, the certificate referred to in paragraph (d) of this order is required for all small deliveries of quinidine unless the small delivery is made to an ultimate consumer on a physician's prescription as explained in paragraph (e) of this order.

(3) *Deliveries of totaquine, quinine, cinchonine and cinchonidine in standard dosage forms.* Any person may, without authorization from the Civilian Production Administration, accept deliveries of totaquine, quinine, cinchonine, cinchonidine in packages of $\frac{1}{2}$ -ounce or less or in standard dosage forms. No authorization from Civilian Production Administration is required for any subsequent delivery, acceptance of delivery or use of such cinchona alkaloids.

(4) *Delivery and use of cinchona bark on hand April 30, 1942.* Any person may deliver, accept delivery of or use, without authorization from Civilian Production Administration, any stock of cinchona bark consisting of less than 50 pounds and which was physically located at any one place on April 30, 1942.

(5) *Delivery and use of cinchona bark or cinchona alkaloids previously compounded.* Any person may deliver, accept delivery of, or use, without authorization from Civilian Production Administration:

(i) Any quinine which had been combined or compounded with other medicinal agents on or before April 4, 1942;

(ii) Any totaquine or cinchona bark which had been combined or compounded with other medicinal agents on or before April 30, 1942;

(iii) Any quinine and urea hydrochloride (USP) or quinine hydrochloride and urethane which had been combined or compounded with other medicinal agents on or before January 9, 1943;

(iv) Any cinchonine, cinchonidine or quinidine which had been combined or compounded with other medicinal agents on or before June 19, 1942.

(v) Any anti-malarial agent manufactured on or before January 9, 1943.

(6) *Delivery and use of synthetic quinidine.* Any person may deliver, accept delivery of or use synthetic quinidine without authorization from the Civilian Production Administration.

(d) *Certification required.* No person shall deliver quinidine pursuant to paragraphs (c) (2), (c) (3) and (c) (5) (v) of this order except upon receipt of a certificate in substantially the form shown below signed manually by a duly authorized official or as provided in Priorities Regulation No. 7. The quantity of material delivered should be specified on the reverse side of the certificate. A certificate is not required in those cases where delivery is made to an ultimate consumer on a physician's prescription as explained in paragraph (e) of this order.

CERTIFICATE FOR QUINIDINE

The undersigned hereby certifies to the Civilian Production Administration and to

----- (name of seller or supplier) that the quinidine (or product containing quinidine) ordered hereby (specify quantity on reverse side) is for use in the treatment of cardiac disorders and will not be sold, transferred or delivered by the undersigned for any other purpose and if any part of this purchase order of quinidine is sold to an ultimate consumer it will only be sold upon a physician's prescription as provided in paragraph (e) of Conservation Order M-131; and the undersigned further certifies that acceptance of delivery of this order will not increase his inventory of quinidine on hand on the delivery date in excess of 4 ounces of quinidine or its equivalent in standard dosage form. This certification is made in accordance with terms of Conservation Order M-131 with which the undersigned is familiar.

Name of purchaser

Name and title of duly authorized official

(Date)

(e) *Restrictions on all deliveries of quinidine to ultimate consumers.* Any person who wishes to get quinidine for consumption and not for resale must furnish the supplier with a physician's prescription. This paragraph applies to all deliveries of quinidine (except synthetic quinidine) to the ultimate consumer. No person shall deliver quinidine to an ultimate consumer except upon receipt of a written prescription signed by a physician licensed to prescribe drugs, which shall state either that the quinidine prescribed is to be used for the treatment of cardiac disorders or "Pursuant to Civilian Production Administration Order M-131, paragraph (e)". No quinidine shall be delivered pursuant to a prescription which is written for more than fifty 3-grain tablets or capsules or for the equivalent of 150 grains of quinidine in other dosage forms. No delivery of quinidine shall be made pursuant to a prescription which is used a second time to obtain additional quantities.

(f) *Applications for authorization to accept delivery or use.* A person requiring authorization to accept delivery or to use cinchona bark or cinchona alkaloids during any calendar month shall file application on Form CPA 2945 with the Chemicals Division, Civilian Production Administration, Washington 25, D. C., on or before the 15th of the preceding month. Instructions for filling out this

form are set out in Appendix A. One copy of Form CPA 2945 will be returned to the sender, on which Civilian Production Administration will indicate the quantity and type of cinchona alkaloids which he is authorized to acquire or use.

(g) *Applications for authorization to deliver.* A supplier desiring authorization to deliver cinchona bark or cinchona alkaloids during any calendar month shall file application on Form CPA 2946 with the Chemicals Division, Civilian Production Administration, Washington 25, D. C., on or before the 20th day of the preceding month. Instructions for filling out this form are set out in Appendix B. One copy of Form CPA 2946 will be returned to the supplier on which the Civilian Production Administration will indicate the quantity and type of cinchona bark or cinchona alkaloids which he is authorized to deliver.

(h) [Deleted Sept. 5, 1945.]

(i) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of Civilian Production Administration, as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(j) *Inability to deliver.* If a producer or distributor is authorized or directed by Civilian Production Administration to deliver cinchona bark or cinchona alkaloids to any specific customer or group of customers, but is unable to make the delivery either because of receipt of notice of cancellation or otherwise, he must immediately notify the Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref: M-131, and shall not deliver the material to anyone else, or use it, until he receives further instructions.

(k) *Appeals.* Appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(l) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(m) *Communications to Civilian Production Administration.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: Civilian Production Administration, Chemicals Division, Washington 25, D. C. Ref: M-131.

Issued this 1st day of August 1946.

APPENDIX A

INSTRUCTIONS FOR FILING APPLICATIONS ON
FORM CPA 2945¹ FOR SPECIFIC AUTHORIZATION
TO ACCEPT DELIVERY, AND USE OF CINCHONA
BARK OR CINCHONA ALKALOIDS

(1) *Who should file.* Specific authorization by Civilian Production Administration is required for acceptance of all deliveries of cinchona alkaloids, unless the deliveries fall within the exceptions provided in paragraph (c) of the order. Any producer desiring permission to use part or all of his own production shall also file this application. This form need not be filed by the U. S. Army, Navy, Coast Guard, the U. S. Maritime Commission or War Shipping Administration.

(2) *Where forms may be obtained.* Copies of Form CPA 2945 may be obtained at local field offices of Civilian Production Adminis-

tration.

(3) *Number of copies.* Five copies shall be prepared, of which three shall be forwarded to Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref: M-131, one forwarded to the supplier with whom applicant's order is placed, and the fifth retained for applicant's file. At least one of the copies filed with the Civilian Production Administration shall be signed by applicant by a duly authorized official. Where the application is solely for authorization to use from inventory, no copy need be prepared for suppliers.

(4) *Special instructions for filling out form.* Follow the instructions on the form except where they conflict with the specific instructions given below:

(a) *Heading.* Under "Name of chemical", specify either "Cinchona bark" or "Cinchona alkaloids", using a separate set of forms for each. Under "CPA Order No.", specify "M-131", under "Unit of Measure", specify "Pounds" in the case of cinchona bark and "Ounces" in the case of cinchona alkaloids.

(b) *Column 1.* In applying for authorization to receive or to use cinchona bark, specify in Column 1 the grade or variety. In applying for authorization to accept delivery or to use cinchona alkaloids, specify in Column 1 the name of each alkaloid or the salt of the alkaloid; for example, quinine alkaloid, quinine sulfate, totaquine, quinidine alkaloid, quinidine sulfate, etc. (It is not necessary to use a separate set of forms for each alkaloid or salt of alkaloid requested).

(c) *Column 2.* Specify the quantity (in pounds) for cinchona bark and (in ounces) for each type of cinchona alkaloid.

(d) *Column 3.* In Column 3 "Primary product" specify the exact name of the product or products in the manufacture or preparation of which the cinchona bark or the cinchona alkaloids will be used or incorporated. Distributors ordering cinchona bark or cinchona alkaloids for resale will specify "Resale". If purchase is for inventory, specify "Inventory".

(e) *Column 4.* In Column 4 specify ultimate use to be made of the primary product, for example, "Anti-malarial" or "cardiac", and if the purpose is to fill Army, Navy, Lend-Lease or other government agencies' contracts, state the contract number. If purpose is for export, the CPA 2945 must first be sent to Department of Commerce, Office of International Trade, together with application for an export license. If the export license is granted, Department of Commerce, Office of International Trade, will then affix the export license number to Form CPA 2945 and forward the document to Civilian Production Administration.

¹ The reporting provisions of this order have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

APPENDIX B

INSTRUCTIONS FOR FILING SUPPLIER'S APPLICATION ON FORM CPA 2946¹ FOR SPECIFIC AUTHORIZATION TO DELIVER CINCHONA BARK OR CINCHONA ALKALOIDS

(1) *Who should file.* All suppliers (except Army, Navy, etc.—as listed in paragraph (b)), must obtain specific authorization before delivering cinchona bark or cinchona alkaloids.

(2) *Where forms may be obtained.* Copies of Form CPA 2946 may be obtained at local field offices of Civilian Production Administration.

(3) *Number of copies.* Four copies shall be prepared, of which three shall be forwarded to Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref: M-131, the fourth to be retained by the supplier. Each producer who has filed application on Form CPA 2945 specifying himself as his supplier, shall list his own name as customer on Form CPA 2946 and shall list his request for allocation in the manner prescribed for other customers.

(4) *Special instructions for filling out form.* Follow the instructions on the form except where they conflict with the specific instructions given below:

(a) *Heading.* In the heading under "Name of chemical", specify "Cinchona bark" or "Cinchona alkaloids", as the case may be, using a separate set of forms for each. Under "CPA Order No.", specify "M-131"; under "Unit of measure", specify "Pounds" in the case of cinchona bark and "Ounces" in the case of cinchona alkaloids.

(b) *Column 1.* Specify the names of customers. A producer requiring permission to use a part or all of his own production of cinchona bark or cinchona alkaloids shall list his own name in Column 1 as customer. After completing the list of customers, insert "Total small order deliveries (estimated)" for each alkaloid or salt delivered pursuant to paragraph (c) (2) of this order.

(c) *Column 3.* List each alkaloid or salt (and in the case of cinchona bark, the variety) for which orders for delivery during the applicable month have been received as indicated in the Forms CPA 2945 filed with him by his customers.

(d) *Column 4.* Specify total quantity to be delivered to each customer named in Column 1, and total estimated quantity to be delivered on the "Small order deliveries" mentioned in Column 1.

(e) *Table II.* Each producer will report production, deliveries and stocks as required by Table II, Columns 8 to 16, inclusive. Distributors and importers will enter in Columns 9, 11 and 14 "Receipts" instead of "Production". In Column 8 the supplier will specify in the case of cinchona bark the variety and in the case of cinchona alkaloids each alkaloid or salt of alkaloid for which orders for delivery during the applicable month have been received, as indicated in the Forms CPA 2945 filed with him by his customers.

PART 3294—IRON AND STEEL PRODUCTION

[General Preference Order M-21, Direction 12, as amended August 1, 1946]

EMERGENCY DISTRIBUTION OF STEEL FOR PRODUCTION OF CERTAIN CRITICAL PRODUCTS

The following direction is issued pursuant to General Preference Order M-21:

(a) *What this direction does.* The cumulative loss in production of steel in the last several months caused by work stoppages in the steel and coal industries has created a

severe shortage of steel for all purposes. There will not be a sufficient supply of steel to keep all of industry going at a reasonable rate for a number of months. It is, therefore, necessary that special assistance be given for the manufacture of certain highly critical products. These products are ones which are extremely short for the Veterans' Housing Program and certain items of farm machinery which are urgently required to harvest this year's crops and for famine relief. Failure to obtain immediate full production of these items will seriously delay the housing program and will result in a loss of food production. This direction provides for certified orders for steel needed during the third quarter of 1946 to make these critical items. This direction applies only to steel in the forms and shapes listed in Schedule I of Order M-21. It does not apply to wrought iron, iron castings, or pig iron. Distribution of iron to critical products will be made by other procedures.

(b) *Products for which steel can be obtained under this direction.* Manufacturers of the products which are listed on Schedule A at the end of this direction may place certified orders in the way described in this direction for the steel that they need for the product. In addition, manufacturers of other products may, in certain very extraordinary cases described in paragraph (m), be specifically authorized to place certified orders.

(c) *Who can place certified orders—(1) With a producer without authorization.* A manufacturer of a critical product listed on Schedule A may certify a purchase order which he has already placed with a steel producer on the date of this direction and on which, at any time after January 1, 1946, the producer promised delivery before October 1, 1946. No specific authorization by the Civilian Production Administration is required for such certification. However, a manufacturer may not without specific authorization by CPA certify orders for steel for use in a plant not in production because of work stoppages.

(2) *With a warehouse without authorization.* A manufacturer who on June 12, does not have any purchase orders placed with a producer (whether certified or otherwise) for steel of any of the types which he uses in production of critical products on Schedule A may place a certified order on a warehouse. No authorization by the Civilian Production Administration is required for this type of order. However, a manufacturer may not without specific authorization by CPA certify orders for steel for use in a plant not in production because of work stoppages.

(3) *When authorization needed.* Except for the orders listed in paragraphs (c) (1) and (2), no certified purchase order may be placed without specific authorization by CPA. Paragraph (d) below states when applications for authorizations may be made.

(d) *Application for authorization to place certified orders—(1) Who may apply.* Any manufacturer of a critical product listed on Schedule A who is unable to certify enough purchase orders under the provisions of paragraph (c) above for the amount of steel which he will require to actually put into production in his critical products during any of the months of July, August, or September, may apply to the Civilian Production Administration for authority to certify new purchase orders.

(2) *How to apply.* Application for such authority should be made in triplicate on Form CPA-4466.

(3) The Civilian Production Administration may issue authority to place certified purchase orders where it determines that the steel will actually be needed for production of the critical product and that the steel is available for such purposes. Additional steel for inventories will be rarely authorized and then less than permitted by Priorities Regulation 32. Such authorization will per-

mit a manufacturer to place a new purchase order on either a producer or a warehouse, but the CPA may limit the authorization to a named supplier.

(e) *Limit on amount which may be certified.* Except as specifically authorized a manufacturer must not certify a total number of purchase orders which will call for delivery in the third quarter of a greater amount of steel than he proposes to actually put into production in the manufacture of his critical product in that period. In addition, a manufacturer of farm machinery listed on Schedule A must not certify more steel than he will require to complete critical items which he will deliver before October 31, 1946. A manufacturer need not reduce the amount permitted because of steel in his inventory, within the limits of Priorities Regulation 32, but he may not, without specific authorization, use any of the amount certified in order to build up inventories to the permitted amount. Also he may not certify for delivery in any one month more than 40% of the steel he will put into production during the third quarter.

(f) *How to place a certified order—Form of certification.* A purchase order which has already been placed may be certified by sending a letter to the producer or warehouse, identifying the original purchase order and reciting in substantially the following form the following certification signed as provided in Priorities Regulation 7:

I certify, subject to the penalties of section 35A of the United States Criminal Code, that I will use this steel only to make _____ (specify one or more of the end products listed in Schedule A, or if specifically authorized for another product under paragraph (m), insert name of product and phrase "authorized under paragraph (m)") and that the tonnage covered by this order together with all tonnages placed with other producers and distributors for use in these products on similarly certified orders and uncertified orders is not in excess of the quantity of such steel which I am authorized to order under the provisions of Direction 12 to Order M-21.

The same certification is to be used when placing new purchase orders with warehouses or with producers when authorized by the Civilian Production Administration. When a manufacturer has been authorized to certify any purchase orders under paragraph (d) above, or paragraph (m) below, he must add to the certification the following additional statement: "I have been specifically authorized to certify this order by Form CPA 4466. Serial No. ____".

(g) *Canadian purchasers.* In the case of a Canadian purchaser, a purchase order may be certified by furnishing a certification in substantially the following form signed manually or as provided in Priorities Regulation No. 7:

The undersigned purchaser certifies, subject to the penalties of section 15 of the Canadian Wartime Industries Control Regulations, to the seller, to the Canadian Priorities Officer, and to the Civilian Production Administration that he will use this steel only to make _____, and that the tonnage covered by this order together with all other tonnages placed with other producers on similarly certified orders and uncertified orders is not in excess of the quantity of such steel which he is authorized to order under the provisions of General Instruction Letter No. 66 and Direction 12 to Order M-21, and that the end-product will be sold only in accordance with the terms of that letter.

(h) *Period for which certified orders may be placed.* Orders may be certified for delivery only in July, August or September. A manufacturer must specify the months in

which he requires delivery at the time he certifies his purchase order (or at the time he places a new certified purchase order).

(h) *Refusal of certified orders.* (1) A steel producer need not accept a certification on a previously accepted purchase order, or a new purchase order, which it receives after the first day of the month preceding the month in which delivery is requested. However, if delivery is requested in July, a producer must accept a certification under paragraph (e), if it is received on or before the 17th day of June, and need not accept it after the 17th day of June.

(2) A warehouse need not accept any certified order for a single product classification of steel in excess of 10,000 lbs. If delivery would deplete his stock to a point where his function in the distribution of steel would be seriously impaired. Schedule I of Order M-21 lists the "product classifications" of steel.

(3) In order to protect the requirements of small business, a warehouse must not accept any purchase order, whether certified or not, in excess of 10,000 pounds if delivery would deplete his stock to a point where his function in the distribution of steel would be impaired.

(i) *Certified orders must be treated as rated orders.* Certified orders must be scheduled for production in preference to all other orders for the same product classification, except for orders covered by specific written directives issued by the Civilian Production Administration, or (in the case of distributors) a rating of AAA issued after January 21, 1946. Any purchase order certified under this direction must be treated as a rated order under Priorities Regulation 1 and accepted, scheduled and delivered accordingly. The rules of Priorities Regulation 1 will apply, except to the extent that this direction is inconsistent with them. Steel obtained on certified orders must be used in accordance with § 944.11 of that regulation.

(j) *The effect on steel of certain other directions.* (1) Direction 13 to Priorities Regulation 1, which suspended preference ratings (except certain AAA ratings on distributors) on steel, remains in effect for the time being.

(2) Direction 9 to Order M-21, which provides certifications for tin mill products for food and pharmaceutical purposes, remains in effect. That direction explains how producers of tin mill products should schedule orders certified under either that direction or this one.

(k) *Other distribution of steel.* Steel producers and warehouses must distribute balance of steel production after filling certified orders as follows:

(1) *Warehouse stocks.* Producers must ship to warehouses during the third quarter of 1946 not less than the same proportion of total tonnage of steel produced by them in that quarter as they shipped to warehouses during the fourth quarter of 1945.

(2) *Equitable distribution to consumers.* Producers and warehouses must distribute remaining amounts of steel in a fair and equitable manner.

(l) *Reports.* Steel Producers and warehouses must furnish such reports as may be required by the Civilian Production Administration from time to time, subject to approval by the Budget Bureau pursuant to the Federal Reports Act of 1942.

(m) *Additional assistance in extraordinary circumstances—(1) Steel for governmental agency requirements.* The Civilian Production Administration may authorize the placing of certified orders to fill severely limited requirements of high urgency for the Army, Navy, Coast Guard, Maritime Commission, War Shipping Administration, Veterans' Administration, Federal Public Housing Administration, Canada or for export. No applications should be made for this authority

by manufacturers unless specifically requested by the appropriate government agency.

(2) *Relief for other manufacturers cannot ordinarily be granted.* The shortage of steel during the third quarter will be so severe that most manufacturers may not be able to obtain enough steel to maintain minimum economic rates of operation. For this reason, the Civilian Production Administration will not be able to offer assistance to manufacturers to support minimum economic rates of production. Assistance may be given in extraordinary circumstances where a manufacturer will suffer extraordinary hardship which is not generally common to users of steel because of the shortage of steel or for requirements of public health and safety or other similarly urgent requirements. Application should be made on Form CPA-4466 with an accompanying letter explaining in full detail why special assistance is required.

CPA may give assistance by finding a supplier, or by authorization to place certified orders, or by issuance of directives if required.

Issued this 1st day of August 1946.

CIVILIAN PRODUCTION
ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

Manufacturers of the following products are entitled to apply certifications as described in this direction.

(1) The following classes of farm machinery and equipment, as described in War Food Order 135 of the Department of Agriculture: Combines (harvester-threshers)

Grain binders

Corn binders, excluding sled and wheel type

Corn pickers

Field ensilage harvester—row type

Potato diggers and pickers, excluding walking plow type

Bean cutters or pullers

Sugar beet and cane harvesting equipment

Peanut diggers

Peanut pickers

Farm haying machinery, excluding field bale loader

Ensilage cutters (silo fillers)

Corn shellers

Potato sorters and graders

Fruit and vegetable graders, washers, sackers and conveyors

Farm tractors, wheel type

Repair parts only for types of farm machinery listed above.

(2) The following items of residential type and manufactured for residential use:

Pressed steel bathtubs, sinks and lavatories

Warm air furnaces and floor furnaces

Convector radiation

Furnace pipe, fittings, and duct work

Steel registers and grills

(3) Railroad brake shoes.

(4) Dwelling units. (Only orders for concrete reinforcing bars and mesh may be certified and only on producers or distributors who normally sell bars and mesh to contractors.)

SCHEDULE I OF M-21*

Steel (By Product Class):

Bars, Cold-Finished.

Bars, Hot-Rolled or Forged.

Ingots, Billets, Blooms, Slabs, Die Blocks, Tube Rounds, Sheet Bars, Tin Bar, and Skelp.

Pipe, including Threaded Couplings of the type normally supplied for Threaded Pipe.

*Excerpt from Order M-21 issued August 24, 1945 (as amended).

Plates, all Plates (including Rolled Armored Plate in the form and shape to which it is rolled by the Steel Mill and prior to any subsequent fabrication), and including Nickel Clad and Stainless Clad. Rail and Track Accessories.

Sheet and Strip.

Steel Castings (rough as cast).

Steel Forgings (rough as forged).

Structural Shapes and Piling.

Tinplate, Terneplate, and Tin Mill Black Plate.

Tubing.

Wheels, Tires, and Axles.

Wire Rods, Wire and Wire Products.

PART 3294—IRON AND STEEL PRODUCTION

[M-21, Direction 13, as amended Aug. 1, 1946]

EMERGENCY DISTRIBUTION OF MERCHANT PIG IRON AND IRON CASTINGS FOR PRODUCTION OF CERTAIN CRITICAL PRODUCTS

The following amended direction issued pursuant to General Preference Order M-21:

(a) *What this direction does.* The cumulative loss in production of merchant pig iron and iron castings in the last several months caused by work stoppages has created a severe shortage of merchant pig iron and iron castings for all purposes. There will not be a sufficient supply of iron to keep all of industry going at a reasonable rate for a number of months. It is, therefore, necessary that special assistance be given for the manufacture of certain highly critical products. These products are ones which are extremely short for the Veterans' Housing Program and certain items of farm machinery which are urgently required to harvest this year's crops and for famine relief. Failure to obtain immediate full production of these items will seriously delay the housing program and will result in a loss of food production. This direction provides for certified orders for merchant pig iron and iron castings needed during the third quarter of 1946 to make these critical items. This direction applies only to merchant pig iron and to gray and malleable iron castings. It does not apply to steel, which is distributed under Direction 12 to M-21.

Certified Orders for Iron Castings

(b) *Products for which iron castings can be obtained under this direction.* Manufacturers of the products which are listed on Schedule A at the end of this direction may place certified orders in the way described in this direction for the iron castings that they need for the product. In addition, manufacturers of other products may, in certain very extraordinary cases described in paragraph (c), be specifically authorized to place certified orders.

(c) *Certified orders placed with a foundry without authorization.* A manufacturer of a critical product listed on Schedule A may certify a purchase order for castings used in his critical product which he has already placed with a foundry on the date of this direction and on which at any time after January 1, 1946, the foundry promised or scheduled delivery before October 1, 1946. No specific authorization by the Civilian Production Administration is required for such certification. However, a manufacturer may not without specific authorization by CPA certify orders for iron castings for use in a plant not in production because of work stoppages. Except for the orders listed in this paragraph (c) no certified purchase order for iron castings may be placed without specific authorization by CPA. Para-

graph (d) below states when applications for authorizations may be made.

(d) *Application for authorization to place certified orders for iron castings*—(1) *Who may apply*. Any manufacturer of a critical product listed on Schedule A who is unable to certify enough purchase orders under the provisions of paragraph (c) above for the amount of iron castings which he will require to actually put into production in such critical products during August or September, may apply to the Civilian Production Administration for authority to certify new purchase orders.

(2) *How to apply*. Application for such authority should be made in triplicate on Form CPA 4466 (revised).

(3) The Civilian Production Administration may issue authority to place certified purchase orders where it determines that the iron castings will actually be needed for production of the critical product and that the iron casting may be made available for such purposes. Additional iron castings for inventories will be rarely authorized and then less than permitted by Priorities Regulation 32. The CPA may limit the authorization to a named supplier.

(e) *Limit on amount which may be certified*. Except as specifically authorized a manufacturer must not certify a total number of purchase orders which will call for delivery in August and September of a greater amount of iron castings than he proposes to actually put into production in the manufacture of such critical products in that period. In addition, a manufacturer of farm machinery listed on Schedule A must not certify more iron castings than he will require to complete critical items which he will deliver before October 31, 1946. A manufacturer need not reduce the amount permitted because of iron casting in his inventory, within the limits of Priorities Regulation 32, but he may not, without specific authorization, use any of the amount certified in order to build up inventories to the permitted amount. Also he may not certify for delivery in any one month more than 70% of the amount of the iron castings he will put into production during both August and September.

Certified Orders by Foundries for Merchant Pig Iron

(f) *Foundries must obtain authorization*. Foundries may not place certified orders for merchant pig iron without specific authorization. Applications for authorization for merchant pig iron required during August and September to make castings required for products listed on Schedule A or, if the foundry itself makes the items on Schedule A, for merchant pig iron required for such item should be made on Form CPA 4475. This application should be filed not later than July 15, 1946. Authorizations will be returned not later than July 25, 1946, and will specify the amount of merchant pig iron for which certified orders may be placed and the producer on which the order may be placed. A foundry must not certify more orders for merchant pig iron than authorized and only on the producer specified.

(g) *Limitation on use of merchant pig iron obtained on certified orders*. Each foundry must put into production during the two months of August and September not less than the amount of merchant pig iron authorized on Form CPA 4475 to fill certified purchase orders and to make products on Schedule A.

General Provisions

(h) *How to place a certified order*—(1) *For castings*. A purchase order for castings may be certified by sending a letter to the foundry identifying the purchase order and reciting in substantially the following form the following certification signed as provided in Priorities Regulation 7:

I certify, subject to the penalties of section 35A of the United States Criminal Code, that I will use these castings only to make _____ (specify one or more of the end products listed in Schedule A, or if specifically authorized for another product under paragraph (o), insert name of product and phrase "authorized under paragraph (o)" and that the tonnage covered by this order together with all tonnages placed with other producers or foundries for use in these products on similarly certified orders and uncertified orders is not in excess of the quantity of such iron castings which I am authorized to order under the provisions of Direction 13 to Order M-21.

When a manufacturer has been authorized to certify any purchase order under paragraph (d) above or (o) below, he must add to the certification the following additional statement: "I have been specifically authorized to certify this order by Form CPA 4466 Serial No. _____."

(2) *Canadian purchasers of castings*. In the case of a Canadian purchaser of castings, a purchase order may be certified by furnishing a certification in substantially the following form signed manually or as provided in Priorities Regulation No. 7:

The undersigned purchaser certifies, subject to the penalties of section 15 of the Canadian Wartime Industries Control Regulations, to the seller, to the Canadian Priorities Officer, and to the Civilian Production Administration that he will use this iron casting only to make _____, and that the tonnage covered by this order together with all other tonnages placed with other producers on similarly certified orders and uncertified orders is not in excess of the quantity of such iron castings which he is authorized to order under the provisions of General Instruction Letter No. 67 and Direction 13 to Order M-21, and that the end-product will be sold only in accordance with the terms of that letter.

(3) *For merchant pig iron*. A purchase order for merchant pig iron may be certified by sending a letter to the producer, identifying the purchase order and reciting in substantially the following form the following certification signed as provided in Priorities Regulation No. 7:

I certify, subject to the penalties of section 35A of the United States Criminal Code, that I am authorized to place this order for merchant pig iron under Direction 13 to Order M-21, Serial No. _____.

(4) *Canadian purchasers of merchant pig iron*. In the case of a Canadian purchaser of merchant pig iron who has been authorized pursuant to application on Form CPA-4475, a purchase order may be certified by furnishing a certification in substantially the following form:

The undersigned purchaser certifies, subject to the penalties of Section 15 of the Canadian Wartime Industries Control Regulations, to the seller, to the Canadian Priorities Officer, and to the Civilian Production Administration that he is authorized to place this order for merchant iron under the provisions of General Instruction Letter No. 67 and Direction 13 to Order M-21.

(1) *Periods for which certified orders may be placed*. Orders may be certified for delivery only in August or September. A manufacturer or foundry must specify the months in which he requires delivery at the time he certifies his purchase order (or at the time he places a new certified purchase order).

(j) *Refusal of certified orders*—(1) *Castings*. A foundry need not accept a certification for castings on a previously accepted purchase order, or a new purchase order, which it receives after the first day of the month, preceding the month in which delivery is requested.

(2) *Merchant pig iron*. A producer need not accept a certification for merchant pig iron if it is received after the 25th day of the month preceding the month in which delivery is requested. In case of orders for August delivery the producer must accept if the order is received before July 29, 1946.

(k) *Certified orders must be treated as rated orders*. Certified orders must be scheduled for production in preference to all other orders except for orders covered by specific written directives issued by the Civilian Production Administration. Any purchase order certified under this direction must be treated as a rated order under Priorities Regulation 1 and accepted, scheduled, and delivered accordingly. The rules of Priorities Regulation 1 will apply, except to the extent that this direction is inconsistent with them. Iron castings obtained on certified orders must be used in accordance with § 944.11 of that regulation.

(l) *Effect of certain other directions*. Direction 13 to Priorities Regulation 1, which suspended preference ratings on iron castings remains in effect for the time being.

(m) *Equitable distribution to consumers*. Producers and foundries must distribute remaining amounts of merchant pig iron and iron castings after filling certified orders in a fair and equitable manner.

(n) *Reports*. Producers and foundries must furnish such reports as may be required by the Civilian Production Administration from time to time, subject to approval by the Budget Bureau pursuant to the Federal Reports Act of 1942.

(o) *Additional assistance in extraordinary circumstances*—(1) *Merchant pig iron or castings for governmental agency requirements*. The Civilian Production Administration may authorize the placing of certified orders to fill severely limited requirements of high urgency for the Army, Navy, Coast Guard, Maritime Commission, War Shipping Administration, Veterans' Administration, Federal Public Housing Authority, Canada, or for export. No applications should be made for this authority by manufacturers unless specifically requested by the appropriate government agency.

(2) *Relief for other manufacturers cannot ordinarily be granted*. The shortage of merchant pig iron and iron castings during the third quarter will be so severe that most manufacturers may not be able to obtain enough to maintain minimum economic rates of operation. For this reason, the Civilian Production Administration will not be able to offer assistance to manufacturers to support minimum economic rates of production. Assistance may be given in extraordinary circumstances where a manufacturer will suffer extraordinary hardship which is not generally common to users of merchant pig iron or iron castings because of the shortage of merchant pig iron and iron castings or for requirements of public health and safety or other similarly urgent requirements. Application should be made on Form CPA-4466 or Form CPA-4475 with an accompanying letter setting forth in full detail the reasons that special assistance is required.

(p) *Forms*. Forms CPA 4466 (revised) and CPA 4475 are obtainable at the nearest CPA Field Office.

Issued this 1st day of August 1946.

CIVILIAN PRODUCTION
ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

NOTE: Schedule A amended Aug. 1, 1946.

1. Malleable and gray iron castings required to fill certified orders from manufacturers of the following classes of farm machinery and equipment, as described in War Food Order 135 of the Department of Agriculture:

- Combines (harvester-threshers)
- Grain binders
- Corn binders, excluding sled and wheel type
- Corn pickers
- Field ensilage harvester—row type
- Potato diggers and pickers, excluding walking plow type
- Bean cutters or pullers
- Sugar beet and cane harvesting equipment
- Peanut diggers
- Peanut pickers
- Farm haying machinery, excluding field bale loader
- Ensilage cutters (silo fillers)
- Corn shellers
- Potato sorters and graders
- Fruit and vegetable graders, washers, sackers and conveyors
- Farm tractors, wheel type
- Repair parts only for types of farm machinery listed above

2. Gray and malleable iron castings required to make the following items of residential type products, or to fill certified orders from manufacturers of the following items of residential type products:

- Cast iron soil pipe and fittings
- Cast iron pressure pipe and fittings
- Convector radiation
- Tubular radiation
- Warm air furnaces and floor furnaces
- Bath tubs, sinks, and lavatories
- Low pressure cast iron boilers for residential heating use
- Screwed pipe fittings in the following classes:
 - (a) Gray cast recessed drainage, 2 in. and under
 - (b) Gray cast steam fittings, 3 in. and under (125 lbs. S. W. P.)
 - (c) Malleable fittings, including unions, 2 in. and under (150 lbs. S. W. P.)

3. Railroad brake shoes.

PART 1361—FARM EQUIPMENT

[MPR 133, Amdt. 13]

RETAIL PRICES FOR FARM EQUIPMENT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 133 is amended in the following respects:

1. Section 1361.3 (f) is hereby stricken out.

2. Section 1361.3 (a) (1) is amended to read as follows:

(a) *Raw linseed oil and linseed oil products, delivered in Zone 1.* Linseed oil and linseed oil products, in tank cars, delivered in Zone 1, as follows:

(1) The current suggested retail price f. o. b. factory or the suggested retail price in effect on October 1, 1941, increased by the percentage amount by which the manufacturer has increased his net price for the item since that date, whichever is greater.

3. Section 1361.3 (c) (2) (i) is hereby stricken out.

4. Section 1361.3 (c) (2) (ii) is amended to read as follows:

(ii) *Where the dealer dealt in the item on October 1, 1941.* The maximum price shall be determined as follows: The dealer shall multiply the highest price at which he sold or offered to sell the item on October 1, 1941 by a certain percentage. This percentage shall be determined by dividing his present cost of the item (not to exceed the applicable maximum price) by the price he was paying for the item on the date on which he established his October 1, 1941 selling price.

5. Section 1361.3 (c) (3) is amended to read as follows:

(3) *Where the item was not dealt in on October 1, 1941.* If the dealer did not sell or offer to sell the item on October 1, 1941, its maximum price shall be determined as follows: The maximum price shall be the net cost of the item to the dealer plus a certain percentage of that price. The percentage markup used shall be the first of the following percentages that the dealer can determine:

(i) The percentage markup over net invoiced cost that the dealer realized on his last sale of the item before October 1, 1941.

(ii) The percentage markup over net invoiced cost that the dealer realized on his last sale of the most comparable item during the period January 1, 1941 to October 1, 1941, inclusive.

(iii) The average percentage markup over net invoiced cost that the dealer realized on sales of all farm equipment and parts during March 1942.

(iv) The average percentage markup over net invoiced cost used by a dealer in the same vicinity over his last sale of the most comparable item.

5. Section 1361.3 (e) is amended to read as follows:

(e) *Sales by mail order houses at retail.* The provisions of this paragraph apply to all sales by mail order houses at retail, whether direct or through retail stores. The maximum price for any such product shall be determined as follows:

First step. The seller shall ascertain its present net invoice cost for the item not in excess of the applicable maximum price. For the purposes of this paragraph, the net invoice cost shall mean the amount exclusive of freight or handling charges paid to an independent manufacturer or charged in any manner by a manufacturing division or subsidiary of the seller.

Second step. The seller shall add to the amount found in step one, the first of the following percentages that the seller can determine:

(i) The percentage markup over net invoiced cost that the seller realized on his last sale of the item before October 1, 1941.

(ii) The percentage markup over net invoiced cost that the seller realized on his last sale of the most comparable item during the period January 1, 1941 to October 1, 1941, inclusive.

(iii) The average percentage markup over net invoiced cost that the seller realized on sales of all farm equipment and parts during March 1942.

Third step. The seller shall add to the amount found in step two, all charges for transportation and handling charged by the seller to a purchaser of the same class on October 1, 1941, except that actual transportation costs paid by the seller less any allowances or rebates received by the seller may be used. If it was the seller's custom on October 1, 1941, he may use average instead of actual transportation costs and if such average transportation costs are used, they may be applied to all sales and must be computed on the basis of the average of transportation costs, less any allowance or rebates, for complete items of farm equipment during the completed calendar year immediately preceding the date of the sale.

Fourth step. The seller shall apply to the amount found in step three, all discounts and allowances in effect to the purchaser of the same class on October 1, 1941.

This amendment shall become effective July 31, 1946.

Issued this 31st day of July 1946.

PAUL A. PORTER,
Administrator.

PART 1361—FARM EQUIPMENT

[MPR 246, Amdt. 19]

MANUFACTURERS' AND WHOLESALE PRICES FOR FARM EQUIPMENT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 246 is amended in the following respects:

1. Section 1361.52 is stricken out and the following section is substituted:

§ 1361.52 Maximum price—general provisions. (a) If for any item of farm equipment the manufacturer or wholesale distributor had a price in effect on March 31, 1942 the maximum price shall be computed by adding to the highest net price that the manufacturer or wholesale distributor would have received on March 31, 1942 for the item from the purchaser of the same class, 10% of that price, or in the case of a manufacturer the amount of any individual adjustment granted prior to July 31, 1946, whichever is greater. The manufacturer shall then adjust that price for all applicable extra charges, discounts, or other allowances in effect on March 31, 1942 to a purchaser of the same class. The wholesale distributor may add to his price the applicable freight to him and applicable handling, transfer and extra charges in effect on March 31, 1942, for items for which the manufacturer has a suggested retail price, provided that such handling, transfer and extra charges do not exceed 2% of that suggested retail price.

(b) If for any item of farm equipment the manufacturer had no price in effect on March 31, 1942, but did have a price in effect on March 31, 1941, the maximum price for the sale of the product shall be computed as follows: The manufacturer shall ascertain the highest price which he would have charged a purchaser of the same class for the item on the last date prior to March 31, 1942 when a price for the item was in effect. The seller shall then add to that price 10% of that price, or the amount of any individual adjustment granted prior to July 31, 1946, whichever is greater. The manufacturer shall then adjust the total price so computed for all applicable extra charges, discounts or other allowances in effect to a purchaser of the same class on the date when the price was last established prior to March 31, 1942.

(c) A manufacturer of farm equipment is permitted to increase his list of suggested retail prices in effect on March 31, 1942, by the same percentage amount that his maximum prices are increased in accordance with paragraphs (a) and (b) above.

2. Section 1361.53 (a) is amended to read as follows:

(a) *Maximum prices; items modified since March 31, 1942, sold by the manufacturer—(a) Pricing formula.* This section is applicable to any product covered by this regulation in which a substantial change in design, specification, or equipment has been made since March 31, 1942. A manufacturer who has filed with the OPA a suggested retail price computed under the provisions of this section prior to July 31, 1946, is permitted to increase such suggested retail price and prices to all other classes of purchasers by 10%, or by the amount of any individual adjustment granted prior to July 31, 1946, whichever is greater. For products modified after July 31, 1946, the manufacturer shall determine his maximum price in the manner described below:

In the case of complete equipment, the change shall always be deemed substantial if the manufacturer assigns a new catalog number and description to the item because of the change. However, a change may be substantial even though no new catalog number and description is used by the manufacturer. This section is also applicable to any repair part where a change in design, specifications or equipment has been made since March 31, 1942, and that change results in an increase or decrease in factory costs of at least 10%. The manufacturer's maximum price for any product covered by this section shall be determined as follows:

(1) The net increase or decrease in factory cost attributable to the change in design, specifications or equipment shall first be computed by using:

(i) Direct material cost determined by using material prices which are not in excess of maximum prices established by the Office of Price Administration for such materials. Where materials are added and eliminated, material prices in effect as of the same date shall be used both for the materials added and the materials eliminated.

(ii) Direct labor cost determined by using labor rates in effect on March 31, 1942.

(iii) Factory overhead allocable to such direct material and/or direct labor cost determined in accordance with the manufacturer's method of accounting, and charged at the lowest actual rate or rates in effect during January, February or March, 1942, or at the standard rate or rates, if any, consistently used by the manufacturer for price determining purposes in March 1942, whichever is lower.

(2) The net increase or decrease in factory cost so calculated shall then be added to or subtracted from the maximum price to the class of purchasers commanding the lowest net price for the item before modification. This computation provides the new maximum price for the item as modified when sold to the class of purchasers commanding the lowest net price.

(3) The maximum price to every other class of purchasers shall then be calculated by applying to the new lowest net price the same percentage price differential as was in effect between the

former lowest net maximum price and the former net maximum price to such other class of purchaser.

(4) The new suggested list price, if any, shall not be in excess of that calculated by applying to the new lowest net price the same percentage price differential as was in effect between the former lowest net maximum price and the former suggested list price.

3. Section 1361.54 is amended to read as follows:

§ 1361.54 Manufacturers' maximum prices for new items. This section is applicable to sales by manufacturers of any item of farm equipment that cannot be priced under §§ 1361.52 or 1361.53, and includes entirely new items and items that have been completely redesigned since March 31, 1942. A manufacturer, who has filed with the Office of Price Administration a maximum price for any item computed under the provisions of this section and who has received OPA approval of such maximum price prior to July 31, 1946, is permitted to increase such price and prices to all other classes of purchasers by 10%, or by the amount of any individual adjustment granted prior to July 31, 1946, whichever is greater. A manufacturer who files a maximum price for any item computed under the provisions of this section after July 31, 1946, shall determine the maximum price in the following manner:

(a) *Pricing formula.* (1) The manufacturer shall use the price determining method which was in use on October 1, 1941, or during the selling season last prior to that date, applying the overhead rate or rates, machine-hour rate or rates, if any, or other bases of computation which were in use for the most comparable item on October 1, 1941, or during the selling season last prior to that date.

(2) To the extent that the price determining method includes or is based on direct labor costs, the manufacturer shall use labor rates in effect on October 1, 1941.

(3) To the extent that the price determining method includes or is based on prices for materials or manufacturing services, the manufacturer shall use material prices or prices for manufacturing services in effect on October 1, 1941.

(4) To the extent that the price determining method includes freight rates paid, the manufacturer shall use freight rates in effect on March 31, 1942, or current freight rates, whichever are lower.

(5) To the prices computed by the application of this pricing formula the manufacturer may add 10% or the amount of any individual adjustment granted prior to July 31, 1946, whichever is greater. He shall then apply all extra charges, discounts or other allowances in effect on October 1, 1941, to a purchaser of the same class.

4. Section 1361.54a is amended by adding the following paragraph (d):

(d) To the price computed under the provisions of paragraph (a) above and approved by the Office of Price Adminis-

tration prior to July 31, 1946, a manufacturer may add 10%, or the amount of any individual adjustment granted prior to July 31, 1946, whichever is greater.

5. Section 1361.55 (a) is amended to read as follows:

(a) The maximum price shall be computed as follows: The manufacturer shall ascertain the last contract price for the item to the same customer agreed upon prior to March 31, 1942. He may add to this price a percentage increase equal to the percentage increase, if any, in the manufacturer's price to distributors for the same item made since such last contract was entered into, but before March 31, 1942. To the sum of those, the manufacturer may add 10% of the amount so determined (the percentage increase provided by this regulation) or the percentage amount provided by an individual adjustment prior to July 31, 1946, whichever is greater. If, however, the item has been modified and is priced to distributors under the provisions of § 1361.53, the manufacturer may select the last contract price for the item to the same customer agreed upon prior to March 31, 1942, and may increase that price by 10%. He shall then add or subtract (as the case may be) a percentage equal to the percentage by which the maximum price for the modified item, computed under the provisions of § 1361.53, exceeds or is less than the maximum price of the item before modification.

6. Paragraph (b) under § 1361.57 is stricken out, and the following paragraph substituted therefor.

(b) *Limit on the amount of handling, transfer, and other extra charges.* The wholesale distributor may add to his maximum prices determined in accordance with this section the actual cost of freight to him and applicable handling, transfer, and all other extra charges in effect on March 31, 1942, *Provided*, That for items for which the manufacturer has a suggested retail price, these handling, transfer, and other extra charges do not exceed 2% of that suggested retail price.

7. Section 1361.57 (e) is amended to read as follows:

(e) *Wholesale distributor's price based on lower manufacturer's price.* (1) Except as limited by paragraph (b), the maximum price for the sale by a wholesale distributor of any item of farm equipment for which he had a price in effect on March 31, 1942, which was based on a manufacturer's price which was lower than the price the manufacturer had in effect on that date shall be deter-

mined as follows: The wholesale distributor shall first divide the price the manufacturer had in effect to him on March 31, 1942, by the manufacturer's price upon which his price was based. The wholesale distributor shall then multiply the price he had in effect to a purchaser of the same class on March 31, 1942, by this percentage.

(2) Every wholesale distributor shall file a report with the Office of Price Administration, in Washington, D. C., for each item of farm equipment for which his maximum price has been determined in accordance with subparagraph (1) of this paragraph. This report shall contain the following information:

(i) A description of the item.

(ii) The maximum price or prices determined in accordance with subparagraph (1) and the class of purchasers to which each price applies.

(iii) The wholesale distributor's price or prices in effect on March 31, 1942, and the date such price or prices became effective.

(iv) The price the manufacturer had in effect to the wholesale distributor on March 31, 1942, and the date such price became effective.

(v) The price to the wholesale distributor upon which his March 31, 1942 price was based and the period during which such price was effective.

(3) To the price so computed under the provisions of subparagraph (e) (1) of this section, the wholesaler may add 10%, or the percentage amount granted by an individual adjustment to a manufacturer prior to July 31, 1946, whichever is greater.

8. Section 1361.57 (f) is amended in the following respects:

Substitute "October 1, 1941" for "March 31, 1942" wherever that date appears in both the title and paragraph (1) of this section.

9. Section 1361.57 (f) (3) is added to read as follows:

(3) However, if the maximum price for the sale by a wholesale distributor of any item of farm equipment has been increased in accordance with the provisions of any other applicable regulation, the wholesale distributor may increase his maximum prices by the same percentage amount which is permitted other resellers of those products in accordance with the provisions of such applicable regulation.

10. Section 1361.64a is hereby stricken out.

11. The table appearing in § 1361.71 is amended to read as follows:

Manufacturer	Items	Maximum prices
Cheney Weeder Co., Cheney, Wash., and wholesale distributors.	Heavy duty reversible reel..... Farm equipment repair parts..... PART 1371—IMPORT PRICES
[Rev. Max. Import Price Reg., Amdt. 3]

IMPORT PRICES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Revised Maximum Import Price Regulation is amended in the following respects:

1. Section 2(a) is amended as follows:
a. Subparagraph (1) is revoked and subparagraphs (2), (3) and (4) are designated (1), (2) and (3), respectively.

b. Redesignated subparagraph (2) is amended by deleting the words "for want of the necessary pricing experience."

2. Section 3(a) is amended to read:

(a) By taking the total of his cost of acquisition (as defined) and adding thereto either:

(i) His average dollars-and-cents markup per unit, or alternately

(ii) 75% of his average percentage markup per unit used for the same class of imported commodity on the day of his last delivery or offer for delivery to the same class of purchaser while acting in the same capacity between January 1, 1939 and March 31, 1942, or alternately.

(2) The specific markup listed under Section 26, Appendix C, for the type of sale involved.

3. Section 5(a) is amended by deleting therefrom subparagraph (2) and the conjunction "or" immediately preceding subparagraph (2).

4. Section 6 (a) (7) is amended by deleting the words, "and if the commodity is listed in Appendix A, a proposed maximum price in line with the maximum prices for sales of the nearest comparable commodity when produced domestically."

5. Section 8 is amended to read:

SEC. 8. Maximum prices for retailers other than importing retailers. Retailers, other than importing retailers, shall

determine maximum selling prices for imported commodities as follows:

(a) By use of the pricing chart for commodities listed in Maximum Price Regulation 580, Revised Maximum Price Regulation 330, or by any other commodity regulation which specifically controls the maximum selling price at retail for specific imported commodities.

(b) For imported commodities not specifically controlled on retail sales by specific commodity regulation:

(1) By use of the applicable pricing formula under section 3, or

(2) Where the retailer is unable to determine a price under section 3, then by application under section 6.

6. Section 10 (b) is amended by deleting the following words appearing within the parenthesis "listed in Appendix A priced in line with a domestically produced commodity or."

7. Section 23 is revoked.

8. Section 24 is revoked.

9. Section 26, Appendix C, is added to read as follows:

APPENDIX C—MAXIMUM MARKUPS FOR CERTAIN SPECIFIC IMPORTED COMMODITIES

SEC. 26. Specific commodity maximum markups. The maximum markups allowed on sales of imported commodities which a seller may add to his cost of acquisition as defined in section 12 (b) in determining maximum prices for the imported commodities listed below in this Appendix C, as provided by section 3, which may be used alternately instead of the markups computed under section 3 (a) (1) are as listed below. These markups do not apply to imported commodities excluded from this regulation by sections 1 and 2. Such maximum markups are as follows:

Imported commodity	Maximum percentage mark-ups for sales by—					
	Importers to—				Wholesaler to—

PART 4003—SUPPORT PRICES: SUBSIDIES

ADJUSTMENTS IN PREMIUM PRICE PLAN FOR COPPER, LEAD AND ZINC

Pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 (7 F.R. 7871), Executive Order 9328 of April 8, 1943 (8 F.R. 4681), Executive Order 9599 of August 18, 1945 (10 F.R. 10155), Executive Order 9651 of October 30, 1945 (10 F.R. 13487), Executive Order 9697 of February 14, 1946 (11 F.R. 1691), Executive Order 9699 of February 21, 1946 (11 F.R. 1929), and

Executive Order 9762 of July 25, 1946 (11 F.R. 8073), *It is hereby ordered:*

Directive No. 123 issued by the Office of Economic Stabilization (11 F.R. 6869; 32 CFR 1946 Supp., 4003.67, note) is hereby amended by the addition of the following paragraph 3:

3. The modifications in the premium price plan for copper, lead and zinc authorized and directed by this directive shall become effective with regard to premium payments made on and after April 1, 1946.

Issued and effective this 31st day of July 1946.

[Directive 126¹]

PART 4003—SUPPORT PRICES: SUBSIDIES
ADJUSTMENT OF PREMIUM PRICE PLAN FOR COPPER, LEAD AND ZINC TO REIMBURSE INDUSTRY FOR APPROVED RETROACTIVE WAGE AND SALARY PAYMENTS

Increased wage and salary costs are taken into consideration in the adminis-

¹ 32 CFR, 1946 Supp., 4003.67a.

tration of the premium price plan for copper, lead and zinc. Both production quotas and premiums are revised in the light of changes in total income resulting from such costs. As a result of the recent wage and salary settlements in the non-ferrous metal mining industry, practically all firms have granted wage and salary rate increases and have agreed to make these increases retroactive to some date prior to the date of settlement and prior to the date upon which such firms were authorized, under applicable OPA regulations, to increase their ceiling prices. According to the normal practice followed by the Government agencies administering the premium price plan, increased wage and salary costs incurred by premium-receiving mine operators as a result of such retroactive wage and salary payments would be taken into consideration so as not to render inadequate the operating margin earned by such mine operators during the period covered by the retroactive wage payments. In order to treat operators who had not previously received premium payments on a basis similar to mine operators who had, insofar as the cost of retroactive wage and salary payments is concerned, and in order to prevent the possibility of unequal treatment from holding up settlement of the labor-management dispute in the mine companies which had not previously received premium payments, the Office of Economic Stabilization on April 16, 1946, publicly announced that the non-ferrous metal mining industry as a whole would be reimbursed under the premium price plan for any approved retroactive wage and salary payments it made. It is the purpose of this directive to carry out this commitment made to the industry.

Accordingly, pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 (7 F.R. 7871), Executive Order 9328 of April 8, 1943 (8 F.R. 4881), Executive Order 9599 of August 18, 1945 (10 F.R. 13487), Executive Order 9697 of February 14, 1946 (11 F.R. 1691), Executive Order 9699 of February 21, 1946 (11 F.R. 1929), and Executive Order 9762 of July 25, 1946 (11 F.R. 3073), the Office of Price Administration, the Civilian Production Administration, the Reconstruction Finance Corporation and the Quota Committee for the premium price plan for copper, lead and zinc, are authorized and directed:

1. To make payments, out of funds set aside for the operation of the premium price plan for copper, lead and zinc, to reimburse copper and lead mine operators who were not eligible to receive premium payments at any time during the period from January 1, 1946 to June 3, 1946 for:

a. Any retroactive wage and salary payments at the rate, not in excess of that approved by the National Wage Stabilization Board for prospective application, made by them to their employees at the mine covering any period prior to the date upon which such operators were authorized, under the applicable regulations of the Office of Price Administration, to sell their metal on the basis of the recently increased ceiling prices.

b. Any retroactive wage and salary payments at the rate, not in excess of that approved by the National Wage Stabilization Board for prospective application, made by them to their employees at mills, smelters and refineries which they own, for treating ores and concentrates originating from their mines and covering any period prior to the date upon which such operators were authorized, under the applicable regulations of the Office of Price Administration, to sell their metal on the basis of the recently increased ceiling prices.

c. Any payments made by them, under escalator-clause, or cost-plus, contracts to treatment plants operated by others because of retroactive wage and salary payments at the rate, not in excess of that approved by the National Wage Stabilization Board for prospective application, made by such treatment plants to their employees for treating metal which is owned by such operators and which such operators are not authorized under the applicable regulations of the Office of Price Administration to sell on the basis of the recently increased ceiling prices.

2. To continue to take into consideration retroactive wage and salary payments, in accordance with existing administrative policies and procedures, in revising the quota of any copper, lead, or zinc mine operator.

3. To issue such rules and regulations as are necessary to carry out the purposes of this directive.

Issued and effective this 31st day of July 1946.

Director of Economic Stabilization.

On and after the date of enactment of this Act, the rate of interest charged on any loan secured by a lien on United States Government life (converted) insurance shall not exceed 5 per centum per annum.

On and after July 19, 1939, and except as provided below, the interest on all policy loans then outstanding or thereafter granted will be at the rate of 5 per centum per annum.

On and after August 1, 1946 the interest on all policy loans then outstanding or thereafter granted will be at the rate of 4 per centum per annum.

§ 10.3428 *Policy loan other than five-year level premium term policy.* (a) At any time after the expiration of the first policy year and before default in payment of any subsequent premium, and upon the execution of a loan agreement satisfactory to the Administrator, the United States will lend to the insured on the security of his National Service Life Insurance policy, on any plan other than five-year level premium term, any amount which will not exceed 94 percent of the cash value, and any indebtedness on the policy shall be deducted from the amount advanced on such loan. Except as prescribed in paragraph (b) of this section, the loan shall bear interest at the rate of 5 per centum per annum, payable annually; and at any time before default in the payment of the premium, the loan may be repaid in full or in amounts

of \$5 or any multiple thereof. Failure to pay either the amount of the loan or the interest thereon shall not avoid the policy unless the total indebtedness shall equal or exceed the cash value thereof. When the amount of the indebtedness equals or exceeds the cash value the policy shall cease and become void.

(b) On and after August 1, 1946, the interest on all policy loans then outstanding or thereafter granted will be at the rate of four per centum per annum.

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT FOR MILITARY PURPOSES

By virtue of the authority vested in the President by section 1 of the act of June 4, 1897, 30 Stat. 11, 36 (U.S.C., title 16, sec. 473), and otherwise, and pursuant to Executive Order No. 9146 of April 24, 1942, it is ordered as follows:

Subject to valid existing rights, the public lands in the following-described areas are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral leasing laws, and reserved for the use of the War Department for military purposes:

Lazy Bay. All that area lying between parallels 56°52' and 56°56' north latitude and meridians 154°12' and 154°20' longitude west of Greenwich.

The land area described contains 7,650 acres.

Hinchinbrook. Beginning at a point on the southeasterly shore of Cape Hinchinbrook on Hinchinbrook Island, Alaska, where the meridian of longitude 146°30' west of Greenwich intersects the line of mean high tide, Gulf of Alaska, in approximate latitude 60°17'20" north. Thence by metes and bounds, N. 45°00' W., 3.5 miles, more or less, across Hinchinbrook Island, to a point on the line of mean high tide, Port Etches;

Southwesterly, along the line of mean high tide, Port Etches, southeasterly along Hinchinbrook Entrance, around Cape Hinchinbrook and northeasterly along the line of mean high tide, Gulf of Alaska to the place of beginning.

The area described contains 15,300 acres.

Kwiguk (Hamilton). All that area lying between parallels 62°42'30" and 62°47'30" north latitude and meridians 164°25' and 164°35' longitude west of Greenwich.

The area described contains 19,500 acres.

Nushagak. All that area lying between 58°40' and 58°50' north latitude and meridians 158°40' and 159°00' longitude west of Greenwich.

The land area described contains 46,000 acres.

This order shall be subject to (1) the withdrawal made by the Executive order of November 27, 1906, reserving certain lands on Hinchinbrook Island for lighthouse purposes, (2) the withdrawal made by the Executive order of May 4, 1907, reserving certain lands at Nushagak and other places for educational purposes, and (3) the withdrawal made by Executive Order No. 5289 of March 4, 1930, reserving certain lands at Hamilton (Kwiguk) and other places for educational purposes, so far as such orders affect any of the above-described lands.

This order shall take precedence over, but shall not rescind or revoke, (1) the Proclamation of July 23, 1907, reserving lands for the Chugach National Forest, and (2) the withdrawal made by Executive Order No. 8857 of August 19, 1941, establishing the Kodiak National Wildlife Refuge, so far as such orders affect any of the above-described lands.

It is intended that the lands described herein shall be returned to the administration of the Department of the Interior and other interested agencies, when they are no longer needed for the purpose for which they are hereby reserved.

This order is confidential and shall not be filed in the Division of the Federal Register, or be published in the FEDERAL REGISTER, or be given other publicity, until publication thereof is expressly authorized by or at the direction of the Secretary of War.

NOTE: Confidential status released by letter of the Secretary of War dated June 27, 1946.

[Public Land Order 77]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE
WAR DEPARTMENT FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942, it is ordered as follows:

Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

Beginning at a point on the east boundary of the Resurrection Peninsula area, in the vicinity of Seward, described in Executive Order No. 8877, dated August 29, 1941, in latitude 59°59'27" north and longitude 149°18'14" west.

From the initial point, by metes and bounds,

East, 17,000 feet, to line of mean high tide, Day Harbor;

Southerly, along line to mean high tide, Day Harbor, around Resurrection Point;

Northerly, along line of mean high tide, Hardy Sound, El Dorado Narrows and Butts Bay to the south end of the east boundary of the area reserved by Executive Order No. 8877;

North, along the east boundary of said reserved area to the place of beginning.

The tract described contains 11,266 acres.

Jurisdiction over the above-described lands shall revert to the Department of the Interior upon expiration of the six-months period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). The lands described, however, shall remain withdrawn from all forms of appropriation under the public-land laws until otherwise ordered, pending classification and a determination as to whether the lands, or portions thereof, are needed for public purposes.

This order is confidential and shall not be filed with the Division of the Federal Register, or published in the FEDERAL REGISTER, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

NOTE: Confidential status released by letter of the Secretary of War dated June 27, 1946.

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF
THE WAR DEPARTMENT FOR MILITARY PUR-
POSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942, it is ordered as follows:

Subject to valid existing rights, the public lands, including small islands and rocks, within the following-described area, are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

Beginning at a point on the line of ordinary high tide on the northwest shore of Thin Point Cove, Alaska Peninsula, 54°57'20" north latitude, 162°44'00" west longitude, as shown on United States Coast and Geodetic Survey Chart No. 8802, December, 1939.

From the initial point by metes and bounds,

N. 45° W., across Alaska Peninsula to line of ordinary high tide on Bering Sea;

N. 8° W., across Bering Sea to a point 55°29' north latitude, 163°13' west longitude;

N. 84° E., to point on line of ordinary high tide on Bering Sea, on Moffet Point, 55°30' north latitude, 162°25' west longitude;

S. 31° E., across Alaska Peninsula to a point on line of ordinary high tide on Captain Harbor, Belkofski Bay, 55°10'30" north latitude, 162°04'36" west longitude;

Southwesterly, along the middle line of Belkofski Bay, to a point 54°59'30" north latitude, 162°05' west longitude;

South, to a point in Sandman Reefs, 54°49'30" north latitude, 162°05' west longitude;

West, to a point 54°49'30" north latitude, 162°32' west longitude;

N. 41° W., to the place of beginning.

The area described, including both public and nonpublic lands, aggregates approximately 519,000 acres.

This order shall be subject to (1) the withdrawal made by Executive Order No. 3406 of February 13, 1921, reserving certain lands for lighthouse purposes, (2) the withdrawal made by Executive Order No. 5214 of October 30, 1929, reserving certain lands for naval purposes, and (3) the order of the Secretary of the Interior of January 19, 1942, withdrawing certain lands for the establishment of air navigation facilities, Air Navigation Site Withdrawal No. 176, so far as such orders affect any of the public lands in the above-described area.

This order shall take precedence over, but shall not rescind or revoke, the withdrawal made by Executive Order No. 5318 of April 7, 1930, reserving certain lands as a bird refuge, so far as such order affects any of the public lands in the above-described area.

Jurisdiction over the public lands within the above-described area shall revert to the Department of the Interior, the Department of the Navy, and the Department of Commerce, according to their respective interests, upon expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). The lands described, however, shall remain withdrawn from all forms of appropriation under the public-land laws, until otherwise ordered, pending classification and a determination as to whether the lands, or portions thereof, are needed for public purposes.

Pending classification and a determination as to whether the lands, or portions thereof, are needed for public purposes.

This order is confidential and shall not be filed in the Division of the Federal Register, or be published in the FEDERAL REGISTER, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

[Public Land Order 95]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE
WAR DEPARTMENT FOR MILITARY PUR-
POSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942, it is ordered as follows:

Subject to valid existing rights, all those portions of the public lands in the following-described areas, lying between the east right-of-way line of the Alaska Railroad and the west right-of-way line of the Palmer-Anchorage Highway, and between Peter's Creek on the north and Eagle River on the south, are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

SEWARD MERIDIAN

T. 15 N., R. 1 W.,
Secs. 4, 5, 6, 7, 8, 18, and 19;

Secs. 9, 16, 17, 20, and 30, unsurveyed.

T. 14 N., R. 2 W.,

Secs. 1, 2, 3, 10, 11, and 14.

T. 15 N., R. 2 W.,

Secs. 24, 25, 26, 34, 35, and 36.

The areas described, including both public and non-public lands, aggregate 6,360 acres.

This order shall take precedence over, but shall not rescind or revoke, (1) the withdrawal for water-power sites made by the Executive order of January 23, 1918 (Power Site Reserve No. 674), and (2) the classification of certain lands as power-site lands made by the order of June 12, 1925, of the Secretary of the Interior (Power Site Classification No. 107), so far as such orders affect any of the above-described lands.

Jurisdiction over the above-described lands shall revert to the Department of the Interior and the Federal Power Commission, according to their respective interests, upon expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). The lands described, however, shall remain withdrawn from all forms of appropriation under the public-land laws, until otherwise ordered, pending classification and a determination as to whether the lands, or portions thereof, are needed for public purposes.

This order is confidential and shall not be filed in the Division of the Federal Register, or published in the **FEDERAL REGISTER**, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT FOR MILITARY PURPOSES

By virtue of the authority vested in the President by section 1 of the act of June 4, 1897, 30 Stat. 11, 36 (U. S. C., title 16, sec. 473), and otherwise, and pursuant to Executive Order No. 9146 of April 24, 1942; it is ordered as follows:

Subject to valid existing rights, the public lands in the following-described area are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

Beginning at a point on the left bank of Eyak River at the line of mean high tide, Gulf of Alaska, approximate latitude 60°28' N., longitude 145°41' W.

Northeasterly, approximately 5½ miles, upstream, along the left bank of Eyak River to the right-of-way of Copper River and Northwestern Railroad;

Northerly, approximately 3 miles, to the top of the unnamed mountain about 3 miles east of Eyak Lake;

Easterly, approximately 8 miles, to the top of the southernmost peak on the right bank of Sheridan Glacier;

South, approximately 3½ miles, across Sheridan Glacier to a point on the southwest face of the Glacier;

Southwesterly, approximately 8½ miles to the line of mean high tide, Gulf of Alaska;

Northwesterly, approximately 8 miles, along the line of mean high tide, Gulf of Alaska, to the place of beginning.

The area described aggregates 42,160 acres.

This order shall take precedence over, but shall not rescind or revoke, the Proclamation of July 23, 1907, reserving lands for the Chugach National Forest, so far as such order affects the above-described lands.

No use shall be made of the lands hereby reserved which will change the physical characteristics of the streams and make them unsuitable for the spawning of salmon, or which will result in the unnecessary destruction of the wildlife in the area described.

Jurisdiction over the above-described lands shall revert to the Department of the Interior and the Department of Agriculture, according to their respective interests, upon expiration of the six months following the termination of the unlimited national emergency declared by

Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). The lands described, however, shall remain withdrawn from all forms of appropriation under the public-land laws until otherwise ordered, pending classification and a determination as to whether the lands, or portions thereof, are needed for public purposes.

This order is confidential and shall not be filed in the Division of the Federal Register, or published in the **FEDERAL REGISTER**, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE WAR DEPARTMENT AS GARRISON AND CEMETERY SITES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the public lands within the following-described areas are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department as garrison and cemetery sites:

VALDEZ

Garrison Site. Beginning at corner No. 1, M. C., U. S. Survey No. 439, Alaska, Valdez Town Site, approximate latitude 61°07' N., longitude 146°17' W.

From the point of beginning by metes and bounds, N. 61°30' E., 5,280 feet to corner No. 2, U. S. Survey No. 439, Alaska; S. 28°30' E., 1,268 feet; along the east boundary of U. S. Survey No. 439; N. 75°00' E., 6,500 feet;

North, 4,300 feet, to the north bank of the creek flowing in a westerly direction along the base of a steep mountain;

West, 4,000 feet, to the north bank of the same creek;

Westerly, 7,000 feet, downstream, along the north, or right, bank of the same creek to its confluence with a smaller stream and waterfall flowing in a southeasterly direction off the mountain;

West, 3,500 feet;

S. 75°00' W., 2,100 feet, to the line of ordinary high tide, Valdez Harbor;

Southeasterly, 8,000 feet, along the line of ordinary high tide, Valdez Harbor, to the point of beginning.

The area described, including both public and non-public lands, aggregates 1,900 acres.

Cemetery Site. Beginning at a point on the northeasterly boundary of the right-of-way of the Richardson Highway, about 2½ miles southeast of the City of Valdez, from which corner No. 1, U. S. Survey No. 1178, Alaska, bears southerly 320 feet, approximate latitude 61°05'30" N., longitude 146°12'30" W.

Southeasterly, 500 feet, parallel to the Richardson Highway;

Southwesterly, 500 feet, at right angles to the Richardson Highway to the point of beginning.

The area described aggregates 5.6 acres.

This order shall take precedence over but not modify (1) the withdrawal for military purposes made by the Executive order of March 10, 1903, and (2) the withdrawal for the construction, operation, and maintenance of the Valdez-

FEDERAL REGISTER, Friday, August 2, 1946

Fairbanks Military Road, made by Executive Order No. 2259 of October 14, 1915, so far as such orders affect the above-described lands.

This order is subject to the condition that the Mineral Creek Road crossing the garrison site area shall not be closed unless other equivalent access to the areas served by that Road is provided.

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other Department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

This order is confidential and shall not be filed in the Division of the Federal Register, or published in the FEDERAL REGISTER, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

[Public Land Order 169]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE
WAR DEPARTMENT FOR MILITARY PURPOSES

By virtue of the authority vested in the President by section 1 of the act of June 4, 1897, 30 Stat. 11, 36 (U.S.C., title 16, sec. 473), and otherwise, and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the public lands within the following-described area are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

Beginning at the point of intersection of latitude 59°34' north, and 139°30' west.

From the initial point South, along the meridian to latitude 59°25' N.

West, along the parallel of latitude to the 5 fathom line of the Gulf of Alaska;

Northwesterly, with the 5 fathom line around Ocean Cape to longitude 169°50' W., near Point Carrew on Monti Bay;

North, along the meridian to latitude 59°36' N.;

East, along the parallel of latitude to longitude 139°44' W.;

South, along the meridian to latitude 59°34' N.;

East, along the parallel of latitude to the point of beginning.

The area described aggregates 62,260 acres, more or less.

This order shall be subject to (1) the withdrawal for lighthouse purposes made by Executive Order No. 3406 of February 13, 1921, so far as such order affects lands at Point Carrew, Item No. 102, and at Ocean Cape, Item No. 103, and (2) the withdrawal for naval purposes made by Executive Order No. 5214 of October 30, 1929, so far as such order affects any of the lands in the above-described area.

This order shall take precedence over but not modify Proclamation No. 846 of February 16, 1909 (35 Stat. 2226), enlarging the Tongass National Forest, so far as such Proclamation, as modified, affects any of the lands in the above-described area.

This order is subject to the following conditions:

1. Fishing by civilians will be permitted within the area hereby reserved, but such civilians, resident natives excepted, must in person secure a permit to fish in designated areas and comply with the regulations of the Fish and Wildlife Service, Department of the Interior. The natives shall be allowed to continue to fish in the streams and coastal waters, hunt and trap in the area on the basis of permits to be issued by the Indian service teacher and countersigned by the commanding officer or his authorized subordinate.

2. The Commanding Officer will be instructed to issue orders to the military personnel and require that they comply with the Fish and Wildlife Service regulations.

3. The Fish and Wildlife Service shall have the right to construct and operate weirs and other devices in the watershed in order to facilitate continued scientific investigation of the salmon and other food fishes, so far as the exercise of such right shall not conflict with combat requirements.

4. The Fish and Wildlife Service officials will be permitted to enter the military area to enforce conservation laws in accordance with the Fish and Wildlife Service regulations. Infraction of such regulations by the military personnel will be reported to the military authorities for appropriate action.

5. No dams or barricades will be erected in the river or watershed except when dictated by military necessity. This restriction does not apply to barricades customarily erected by resident natives in the pursuit of their customary fishing.

6. Construction operations by the military authorities shall be so conducted as to prevent erosion, silting, or scouring of the salmon spawning streams and lakes in the area.

7. A protective belt of at least one hundred yards shall be established on the banks of all rivers, lakes, and streams in the area. No construction shall be permitted in this belt, and the belt shall be allowed to remain in its present natural condition except when military necessity requires the use of the protective strip. *Provided*, That the customary use of the protective strip by resident natives shall not be interfered with.

8. A liaison officer from the Fish and Wildlife Service shall be assigned to the military headquarters to advise and consult with the Commanding Officer with a

view to protecting the valuable fishery resources. The Indian Service teacher will serve as liaison officer to advise and consult with the Commanding Officer with a view to protecting the rights and interests of the native population, to insure the cooperation of the natives with the military and to safeguard the self-governing organization of the natives.

9. The salmon cannery at Yakutat village shall be continued in operation to produce canned salmon, and a railroad over which fresh salmon are hauled to the cannery shall be continued available to render this service, subject to military necessity.

10. The sale of liquor shall be prohibited within and about the native villages within the area.

11. The control over certain radio facilities and an access road thereto, heretofore established under certain permits and licenses, is reserved to the Civil Aeronautics Administration, Department of Commerce.

12. The natives of Yakutat village shall not be disturbed unnecessarily in the continued occupation of the village and their camp sites. Ingress and egress of the natives to and from the village and the camp sites shall be granted the natives through permits issued by the Indian Service teacher and countersigned by the Commanding Officer or his authorized subordinate.

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other Department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

This order is confidential and shall not be filed in the Division of the Federal Register, or published in the FEDERAL REGISTER, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

NOTE: Confidential status released by letter of the Secretary of War dated June 27, 1946.

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE
WAR DEPARTMENT FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the public lands within the following-described areas are hereby withdrawn from

all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

TRACT NO. 1

Beginning at a point, latitude 58°40'00" N., longitude 135°40'00" W.

From the initial point by metes and bounds, East, 4.75 miles, along the parallel of latitude to an intersection with the boundary between the Tongass National Forest and the Glacier Bay National Monument described in Proclamation No. 2330, April 18, 1939 (53 Stat. 2534);

Southeastly, 18.5 miles, along said boundary to latitude 58°27'00" N., longitude approximately 135°18' W.;

S. 20°30' E., 8.25 miles, to the headwaters of a stream, latitude 58°20'18" N., longitude 135°13'20" W.;

Southeastly, 9.25 miles, downstream along the right bank of said stream to its mouth, from which the northwesterly end of Ansley Island bears S. 20° E., 0.75 miles;

Northwesterly, 80 miles, along the shores of Icy Strait, Excursion Inlet, Icy Passage, Glacier Bay and Bartlett Cove at ordinary high tide, to the mouth of Bartlett River;

Northeasterly, 11 miles, upstream along the left bank of Bartlett River at ordinary high water to latitude 58°37' N., longitude approximately 135°41'30" W.;

East, 1 mile, to meridian of longitude 135°40'00" W.;

North, 3.46 miles, along the meridian to the point of beginning.

The area described, including both public and non-public lands, aggregates 219,000 acres.

TRACT NO. 2

Pleasant Island, containing approximately 11,600 acres. Located on the north side of Icy Strait between the mouth of Glacier Bay and the mouth of Excursion Inlet. Latitude 58°21'25" N., longitude 135°38'48" W.

TRACT NO. 3

Four small islands known as Porpoise Islands, containing approximately 120 acres. Located on the north side of Icy Strait near the mouth of Excursion Inlet, latitude 58°20'00" N., longitude 135°27'54" W.

TRACT NO. 4

All that part of Point Adolphus, Chicago Island, on the south side of Icy Strait, lying north of latitude 58°15'00" N., containing approximately 4,550 acres.

This order shall be subject to the withdrawal for lighthouse purposes made by Executive Order No. 3406 of February 13, 1921, Area No. 158, so far as such order affects the land in Tract No. 4.

This order shall take precedence over but not modify (1) the Proclamation of June 25, 1910 (44 Stat. 2578) changing the boundaries of the Tongass National Forest so as to include and exclude certain lands, and (2) Proclamation No. 2330 of April 18, 1939 (53 Stat. 2534), adding certain lands to the Glacier Bay National Monument, so far as such Proclamations affect any of the lands herein described.

In connection with the use by the War Department of the lands within the Glacier Bay National Monument, wherever possible the natural features of the Monument, including forests, wildlife, and objects of geological or historical nature, shall remain unmolested.

Upon the termination of the use of the Glacier Bay National Monument area by the War Department, all buildings and other structures except those of a strictly military technical character, erected thereon by the War Department, shall be transferred to the Department of the Interior, or shall be removed by the War Department and the sites restored as nearly as possible to their condition at the time of the issuance of this order, at the option of the Secretary of the Interior. Structures of a strictly military technical nature, the disposition of which is not otherwise provided for, shall be removed by the War Department at the expiration of the need for the same, and the sites shall be restored as nearly as possible to their condition at the time of the issuance of this order.

The use of the Glacier Bay National Monument lands may be terminated at any time in the discretion of the Secretary of the Interior, subject to the approval of the President of the United States.

The jurisdiction granted by this order over the remaining public lands within the above-described areas shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over such lands shall be vested in the Department of the Interior, and any other Department or agency of the Federal Government according to their respective interests then of record. Such lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

Subject to limitations imposed by reason of actual military necessity, native groups and individual natives may continue to utilize the lands described in this order for hunting, trapping, fishing, and other activities upon which their livelihood depends.

This order is confidential and shall not be filed in the Division of the Federal Register, or be published in the **FEDERAL REGISTER**, or be given other publicity until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

NOTE: Confidential status released by letter of the Secretary of War dated June 27, 1946.

ALASKA

**WITHDRAWING PUBLIC LANDS FOR USE OF THE
WAR DEPARTMENT FOR MILITARY PURPOSES**

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the public lands in the following-described area are hereby withdrawn from all

forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for military purposes:

BETHEL

Beginning at a point, 60°42'30" north latitude, 162°10' west longitude.

From the point of beginning,

N. 45°00' E., 22.5 miles;

S. 45°00' E., 15 miles;

S. 45°00' W., 22.5 miles;

N. 45°00' W., 15 miles, to the place of beginning.

The area described, including both public and non-public lands, aggregates 236,000 acres.

This order shall be subject to (1) the withdrawal for the establishment of air navigation facilities made by the order of November 24, 1937, of the Secretary of the Interior (Air Navigation Site Withdrawal No. 113, Alaska), and (2) the withdrawal for the establishment of air navigation facilities and a right-of-way made by the order of April 7, 1942, of the Secretary of the Interior (Air Navigation Site Withdrawal No. 146), so far as such orders affect the public lands in the above-described area.

This order shall take precedence over but not modify the withdrawal for hospital site purposes made by the order of April 7, 1939, of the Secretary of the Interior, so far as such order affects any of the public lands in the above-described area.

This order is subject to the following conditions:

1. Fishing by civilians will be permitted within the area hereby reserved, but such civilians, resident natives excepted, must in person secure a permit to fish in designated areas and comply with the regulations of the Fish and Wildlife Service, Department of the Interior. The natives shall be allowed to continue to fish in the streams and coastal waters, hunt and trap in the area on the basis of permits to be issued by the Indian service teacher and countersigned by the Commanding Officer or his authorized subordinate.

2. The Commanding Officer will be instructed to issue orders to the military personnel and require that they comply with the Fish and Wildlife Service regulations.

3. The Fish and Wildlife Service shall have the right to construct and operate weirs and other devices in the watershed in order to facilitate continued scientific investigation of the salmon and other food fishes, so far as the exercise of such right shall not conflict with combat requirements.

4. The Fish and Wildlife Service officials will be permitted to enter the military area to enforce conservation laws in accordance with the Fish and Wildlife Service regulations. Infraction of such regulations by the military personnel will be reported to the military authorities for appropriate action.

5. No dams or barricades will be erected in the river or watershed except when dictated by military necessity. This restriction does not apply to barricades customarily erected by resident

natives in the pursuit of their customary fishing.

6. Construction operations by the military authorities shall be so conducted as to prevent erosion, silting, or scouring of the salmon spawning streams and lakes in the area.

7. A protective belt of at least one hundred yards shall be established on the banks of all rivers, lakes, and streams in the area. No construction shall be permitted in this belt, and the belt shall be allowed to remain in its present natural condition except when military necessity requires the use of the protective strip: *Provided*, That the customary use of the protective strip by resident natives shall not be interfered with.

8. A liaison officer from the Fish and Wildlife Service shall be assigned to the military headquarters to advise and consult with the Commanding Officer with a view to protecting the valuable fishery resources. The Indian service teacher will serve as liaison officer to advise and consult with the Commanding Officer with a view to protecting the rights and interests of the native population, to insure the cooperation of the natives with the military and to safeguard the self-governing organization of the natives.

9. Subject to limitations imposed by reasons of actual military necessity, native groups and individual natives may continue to utilize this area for hunting, fishing, trapping, and other activities upon which their livelihood depends.

10. Native villages within the area shall not be disturbed unnecessarily and natives shall be permitted ingress and egress to and from their villages and camp sites.

11. Adequate provisions shall be made to permit the continuance of the reindeer industry within the area, including access to the butchering corrals, abattoir, cold storage plant, and herder cabins regularly used in the handling of reindeer on the range north of the Kuskokwin River.

12. The sale of liquor shall be prohibited within and about the native villages within the area hereby reserved.

13. No physical changes shall be made in the River which would in any way interfere with the ascent of salmon to the spawning grounds, and the military personnel shall not at any time take or interfere with the ascent of salmon.

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and many other Department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

This order is confidential and shall not be filed in the Division of the Federal Register, or published in the FEDERAL REGISTER, or be given other publicity, until publication thereof has been expressly

authorized by or at the direction of the Secretary of War.

NOTE: Confidential status released by letter of the Secretary of War dated June 27, 1946.

Delta, (3) the withdrawal of certain lands near Naknek, Alaska, for the use of the Department of Commerce in the maintenance of air navigation facilities, made by the orders of the Secretary of the Interior of October 15, 1941, and July 13, 1942, Air Navigation Site Withdrawal No. 169, (4) the withdrawal of certain lands near McGrath, Alaska, for headquarters site purposes, made by Executive Order No. 6973 of February 19, 1935, (5) the withdrawal of certain lands near McGrath, Alaska, for the use of the Department of Commerce in the maintenance of air navigation facilities, made by the orders of the Secretary of the Interior of October 1, 1940, and November 24, 1941, Air Navigation Site Withdrawal No. 145, (6) the withdrawal of certain lands near Gulkana, Alaska, for the use of the Department of Commerce in the maintenance of air navigation facilities, made by the orders of the Secretary of the Interior of September 15, 1941, and February 14, 1942, Air Navigation Site Withdrawal No. 167, (7) the withdrawal of certain lands in Northway for school and medical purposes, made by the order of the Secretary of the Interior of April 24, 1942, (8) the withdrawal of certain lands in Galena, Alaska, for a school and hospital site, made by the order of the Secretary of the Interior of February 23, 1942, and (9) the withdrawal of certain lands near Galena, Alaska, for the use of the Department of Commerce in the maintenance of air navigation facilities, made by the order of the Secretary of the Interior of December 31, 1941, Air Navigation Site Withdrawal No. 172.

This order is subject to the following conditions:

1. When the military situation permits, post commanders may allow native groups and individual natives to fish, hunt, and trap on military reservations, providing a permit is obtained from the post commander beforehand.

2. Native villages within the areas shall not be disturbed unnecessarily and natives shall be permitted ingress and egress to and from their villages and camp sites.

3. The sale of liquor shall be prohibited within and about the native villages within any of the areas hereby reserved.

4. The Fish and Wildlife Service shall have the right to construct and operate weirs and other devices in the watersheds in order to facilitate continued scientific investigation of the salmon and other food fishes, so far as the exercise of such right shall not conflict with combat requirements, and provided approval is obtained from the local commanding officers prior to initiating construction.

5. No dams or barricades will be erected in the rivers or watersheds except when dictated by military necessity. This restriction does not apply to barricades customarily erected by resident natives in the pursuit of their customary fishing, subject to the prior approval by the commanding officer.

6. A protective belt of at least 100 yards shall be established on the banks of all rivers, lakes, and streams in the areas. No construction shall be permitted in such belts, and the belts shall be allowed

to remain in their present natural condition, except when military necessity requires the use of the protective strips: *Provided*, That the customary use of the protective belts by resident natives shall not be interfered with if prior approval by the local commanding officer has been obtained for such use.

7. A liaison officer from the Fish and Wildlife Service shall be assigned to the military headquarters to advise and consult with the commanding officer with a view to protecting the valuable fishery resources. The Indian Service teachers will serve as liaison officers to advise and consult with the commanding officers with a view to protecting the rights and interests of the native population, to insure the cooperation of natives with the military, and to safeguard the self-governing organizations of the natives.

8. Public use of the rivers, lakes, and streams in any of the areas for traffic purposes shall not be interfered with except as dictated by military necessity.

9. The present fence around the airfield at Big Delta will be maintained in order to keep the buffaloes off the field, and the commanding officer in charge of the Big Delta Area shall issue orders to the military personnel not to kill or molest the buffaloes in that area.

10. Public use of the roads traversing portions of the Big Delta and Gulkana areas will not be disturbed, and the Alaska Road Commission will be allowed sufficient right-of-way and access to the areas in order to improve and maintain the roads.

11. Fishing by civilians will be permitted within the Naknek area, but such civilians, resident natives excepted, must in person secure a permit, countersigned by the local commanding officer, to fish in designated areas and comply with the regulations of the Fish and Wildlife Service. The natives shall be allowed to continue to fish in the streams and coastal waters, and hunt and trap in this area on the basis of permits to be issued by the Indian Service teacher and countersigned by the commanding officer or his authorized subordinate.

12. Necessary haulage incident to the maintenance of experimental fisheries situated on Brooks Lake in the Naknek area may be maintained subject to any military necessity that may arise.

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other Department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

This order is confidential and shall not be filed in the Division of the Federal Register, or published in the *FEDERAL REGISTER*, or be given other publicity, until publication thereof has been expressly authorized by or at the direction of the Secretary of War.

NOTE: Confidential status released by letter of the Secretary of War dated June 27, 1946.

T2-SE-A1 and T3-S-A1	145,000.00

2. Section 299.8 is amended to read:

§ 299.8 Verification of documents—

(a) *Form of affidavit to be attached to application.* An affidavit in substantially the following form shall be attached to each application filed pursuant to this subpart:

STATE OF _____, County of _____, ss:

I, _____, being duly sworn, depose and say that I am the _____ of _____ (Title of officer) _____ (Exact name of applicant)

whose behalf I have executed the foregoing application; that the applicant is a citizen

¹ Copies of the "General Financial Statement" will be furnished by the Maritime Commission on request.

of _____; that this application is made for the purpose of inducing the United States Maritime Commission to take the action requested herein, pursuant to the provisions of the Merchant Ship Sales Act of 1946, and particularly to section _____ thereof; that I have carefully examined the application and all documents submitted in connection therewith and, to the best of my knowledge, information, and belief, the statements and representations contained in said application and related documents are full, complete, accurate, and true.

Subscribed and sworn to before me, a _____, in and for the State and County above named, this _____ day of _____ 1946.

My Commission expires.

(b) *Certification of financial statements.* All financial statements submitted to the Commission pursuant to this subpart shall be certified by a recognized firm of public accountants or by a duly authorized officer or member of applicant. The certification on the balance sheet shall be to the effect that, to the best of the knowledge and belief of the person making such certification, such balance sheet fairly presents the financial position of the applicant as of the date thereof. The certification on the profit and loss statement should be to the effect that, to the best of the knowledge and belief of the person making the certification, such statement correctly states the operating results of the applicant for the period covered thereby.

(c) *Commission examination of books and accounts.* The Commission shall have the right to examine the books, records, and accounts of applicants if and to the extent deemed necessary to verify financial statements submitted to it pursuant to this subpart.

3. Section 299.9 *Exceptions and exemptions to rules and regulations* is amended by adding the following paragraph:

(c) The Commission, in any instance where it deems it necessary or desirable to do so, may employ bases other than those expressed in §§ 299.21, 299.25 and 299.31 in determining financial responsibility.

SUBPART E—SALES OF WAR-BUILT VESSELS

4. Section 299.21 *Sales of war-built vessels to citizens of the United States* is amended as follows:

a. Paragraph (a) is amended to read:

(a) *Application.* Any citizen of the United States as defined in § 299.1 (h) may apply to the Commission to purchase a war-built vessel at the statutory sales price (or price floor if higher). The application to receive consideration must be substantially in the form prescribed by the Commission in § 299.71. Three executed copies and fifteen conformed copies of the application must be filed

Title 46, sec. 802), and section 905 (c) of the Merchant Marine Act, 1936, as amended (U.S.C. Title 46, sec. 1244)." If applicant is not an American citizen, insert the name of the country of which applicant is a citizen.

with the Secretary, United States Maritime Commission, Washington 25, D. C. Each application must contain sufficient information to enable the Commission to make all necessary determinations including the following:

- (1) Citizenship of the applicant.
- (2) That the applicant possesses the following minimum financial requisites:

(i) Sufficient working capital as defined in § 299.1 (n) and unrestricted special funds to enable it to make payment for, or the down payment on, the war-built vessel (the down payment to be not less than 25% of the statutory sales price (or price floor if higher) of such vessel);

(ii) After such payment, the greater of (a) sufficient working capital and unrestricted special funds to provide for payment of one annual installment on the deferred portion (if any) of the purchase price of the vessel, plus interest on the deferred portion of the purchase price for one year at the rate of 3½% per annum, or (b) sufficient working capital alone to cover preoperating and operating expenses of the vessel for a period of sixty days (including prepaid insurance for one year) as defined in § 299.1 (p); and

(iii) Net worth, as defined in § 299.1 (o), at least equal to the sum of (a) 25% of the purchase price of the war-built vessel or such higher percentage as the Commission may require, and (b) one annual installment on the deferred portion (if any) of the purchase price of such vessel.

Such minimum financial requirements shall be applicable with respect to each vessel applied for. In instances where the applicant is engaged in the operation of other vessels or in activities other than the operation of vessels, the amount of working capital and net worth required for such purposes will be taken into account in addition to such minimum financial requirements in determining whether the applicant possesses the required financial resources.

(3) The applicant's ability, experience, and other qualifications, necessary to enable him to operate and maintain the vessel under normal competitive conditions. Items or parts of items in the application which are inapplicable may be omitted. If any information called for by an applicable item is not furnished, an explanation of the omission shall be given. Detailed descriptions of exhibits need not be given. The applicant may furnish such relevant information as it may desire, in addition to that specified in this section and in the form.

b. Paragraph (d) *Contract of sale* is amended by inserting, after the first sentence, the following: "Such contract of sale (other than a sale for cash in full) shall include provisions whereunder the purchaser shall agree (1) that (i) no capital shall be withdrawn, (ii) no share capital shall be converted into debt, (iii) no dividend shall be paid, and (iv) no salary at a rate in excess of \$25,000 per annum shall be paid if, after such withdrawal, conversion, or payment, the amount of working capital or the amount of net worth thereby would be reduced below the minima prescribed in para-

graph (a) of this section; and (2) that the purchaser shall file such financial and operating statements as the Commission may require, and shall permit the Commission to examine and audit its books, records and accounts."

SUBPART C—CHARTER OF WAR-BUILT VESSELS TO CITIZENS

5. Section 299.31 *Charter of war-built vessels to citizens of the United States* is amended as follows:

- a. Paragraph (a) is amended to read:

(a) *Application.* Any citizen of the United States, as defined in § 299.1 (h), and until July 4, 1946, any citizen of the Commonwealth of the Philippines, may apply to the Commission to charter a war-built dry cargo vessel, including passenger type vessels, for bareboat use. The application to receive consideration must be substantially in the form prescribed by the Commission in § 299.81. Three executed copies and fifteen conformed copies of the application must be filed with the Secretary, United States Maritime Commission, Washington 25, D. C. Each application shall contain sufficient information to enable the Commission to make all necessary determinations, including the following:

- (1) Citizenship of the applicant
- (2) That the applicant possesses the following minimum financial requisites:

(i) Sufficient working capital, as defined in § 299.1 (n), to cover preoperating and operating expenses, as defined in § 299.1 (p), of the vessel (in addition to basic charter hire) for a period of sixty days and prepaid insurance for one year. In determining the amount of such working capital the amount of any securities pledged or to be pledged with the Commission in lieu of a surety bond, as prescribed in paragraph (g) (7) of this section, shall be excluded.

(ii) Net worth, as defined in § 299.1 (o), at least equal to the amount of the annual basic charter hire payable with respect to the war-built vessel. Such minimum financial requirements shall be applicable with respect to each vessel applied for. In instances where the applicant is engaged in the operation of other vessels or in activities other than the operation of vessels, the amount of working capital and net worth required for such purposes will be taken into account in addition to such minimum financial requirements in determining whether the applicant possesses the required financial resources.

(3) That the applicant possesses the ability, experience, and other qualifications, necessary to enable him to fulfill the terms of the charter.

Items are parts of items in the application which are inapplicable may be omitted. If any information called for by an applicable item is not furnished, an explanation of the omission shall be given. Detailed descriptions of exhibits need not be given. The applicant may furnish such relevant information as it may desire, in addition to that specified in the form.

b. Paragraph (g) *Mandatory provisions in charter* is amended by revising subparagraph (7) to read:

(7) *Bond of charterer.* That, for each vessel chartered under section 5 of the

act, the charterer shall deposit with the Commission a bond, in such amount as the Commission shall require but not less than \$25,000, to be approved by the Commission both as to form and sufficiency of the sureties, conditioned upon the true and faithful performance of all and singular the covenants and agreements of the charterer contained in the charter, including, but not limited to, the charterer's obligation to pay charter hire and damages, and indemnity against liens on the chartered vessel. The charterer may, in lieu of furnishing such bond, pledge United States Government securities in the face value of the required amount under an agreement satisfactory in form and substance to the Commission.

and by adding the following subparagraph:

(8) *Financial limitations.* That the charterer agrees that (i) no capital shall be withdrawn, (ii) no share capital shall be converted into debt, (iii) no dividend shall be paid, and (iv) no salary at a rate in excess of \$25,000.00 per annum shall be paid if, after such withdrawal, conversion, or payment, the amount of working capital or the amount of net worth thereby would be reduced below the minima prescribed in paragraph (a) of this section.

SUBPART G—FORMS

6. Section 299.71 *Application to purchase a war-built vessel* is amended by revising footnote 9 to read:

* Exhibits III and IV shall be prepared in accordance with the instructions and terms of the Commission's "General Financial Statement" (mentioned in § 299.1 (n) of the regulations) or shall be accompanied by statements correlating the data therein to the classification of accounts contained in said "General Financial Statement." Such exhibits must be in the English language.

[Supplemental Order CMAN-6]

CARTER COAL CO.

WAGES, TERMS AND CONDITIONS OF EMPLOYMENT

Pursuant to a supplemental order of the National Wage Stabilization Board approved by the President on July 31, 1946, which is attached hereto and made a part hereof,¹ *It is hereby ordered and directed, That the operating manager for the United States of the Carter Coal Company change the wages, and terms and conditions of employment at the mines of the Carter Coal Company in the following respects:*

1. That a Mine Safety Program applicable to the Carter Coal Company mines be established in the same manner as provided for by section 2 of the agreement entered into on May 29, 1946, between the Secretary of the Interior, acting under authority of Executive Order 9728, and the United Mine Workers of America (hereafter referred to as "the agreement").

2. That the employees of the Carter Coal Company mines be provided with the same protection, coverage and benefits under Workmen's Compensation and Occupational Disease Laws as is provided for by section 3 of the agreement.

3. That the Health and Welfare Program, established in accordance with the provisions of section 4 (a) of the

agreement, as ordered by the National Wage Stabilization Board on May 31, 1946, be made applicable also with respect to the Carter Coal Company and its employees.

4. That the wages of all mine workers of the Carter Coal Company be increased in accordance with the provisions of section 6 (a) of the agreement subject to the condition that the amount of wage increases for mine workers of the Carter Coal Company shall be determined and applied as to the respective types of workers in the same manner as such increases are determined and applied under like circumstances in other mines being operated by the Coal Mines Administrator in accordance with the understanding and conditions specified in paragraph 4 of the order of the National Wage Stabilization Board of May 31, 1946.

5. That payment shall be made for work performed on the sixth consecutive day in the same manner as is provided for by section 6 (b) of the agreement.

6. That recognition shall be given for holidays in the same manner as is provided for by Section 6 (c) of the agreement, subject to the condition that the term "holidays" as used in section 6 (c) of the agreement refers only to those holidays heretofore recognized in the district agreement executed between the United Mine Workers of America and the coal associations and coal companies covering the district in which the coal mines of the Carter Coal Company are located.

7. That vacation payments shall be made to employees of Carter Coal Company as are provided for in section 7 of the agreement, in the same manner as for all other employees of mines being operated by the Coal Mines Administrator, and subject to the conditions specified in paragraph 7 of the order of the National Wage Stabilization Board dated May 31, 1946.

8. The existing grievance procedure at the mines of the Carter Coal Company shall be maintained, except that the Coal Mines Administrator shall have the authority to put into effect generally prevailing grievance procedure, to the extent such procedure has not heretofore been in effect with respect to the Carter Coal Company, in the manner provided for by section 8 of the agreement.

9. That fines and penalties, if any, imposed in connection with operation of the Carter Coal Company mines shall be imposed and funds shall be dealt with in the same manner as is provided for by section 10 of the agreement.

10. That any changes in wages covered by this order shall be made effective as of May 22, 1946. All other changes provided for by this order shall be deemed effective as of May 29, 1946.

This order shall be deemed to be a specific direction or order within the meaning of the terms and provisions of the revised regulations for the operation of coal mines under government control (11 F.R. 7567). In accordance with the provisions of the last paragraph of section 25 (c) (2) of said regulations, the Operating Manager for the United States of the Carter Coal Company is directed to

MILK HANDLING IN DULUTH-SUPERIOR MARKETING AREA

NOTICE OF REPORT AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS ON PROPOSED AMENDMENTS AND PROPOSED MARKETING AGREEMENT

Notice of report and opportunity to file written exceptions on proposed amendments to the order (No. 54), as amended, and to a proposed marketing agreement, regulating the handling of milk in the Duluth-Superior marketing area.

Pursuant to the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders, as amended (7 CFR, Cum. Supp., 900.1 et seq., 10 F.R. 11791), notice is hereby given of the filing with the hearing clerk of the report of the Assistant Administrator for Regulatory and Marketing Service matters, Production and Marketing Administration, United States Department of Agriculture, with respect to proposed amendments to the order, as amended, and to a marketing agreement, regulating the handling of milk in the Duluth-Superior marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.). Interested parties may file exceptions to this report with the Hearing Clerk, Office of the Solicitor, Room 1331, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this report in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

The public hearing, on the record of which the proposed amendments were formulated, was initiated by the Production and Marketing Administration, United States Department of Agriculture, following receipt of a petition filed by the Twin Ports Cooperative Dairy As-

sociation. The hearing was convened at Duluth, Minnesota, on February 12, 1946, following the issuance of notice on January 25, 1946 (11 F.R. 1054).

The issues developed at the hearing were concerned with the establishment of a separate class for milk used for fluid cream and an increase in the price of milk used for milk and cream.

From the evidence presented at the hearing it is concluded that:

1. Cream should be classified in a separate class (Class II) and the classification for all manufactured dairy products should be changed from Class II to Class III. Under the new health ordinance which recently became effective in the market, milk for cream must be produced under much stricter sanitation requirements than is required for milk intended for manufacture into butter, ice cream, powdered milk, etc., and should therefore be classified separately.

2. The prices for Class I milk should be fixed \$1.00 over the market price of butter and nonfat dry milk solids during the months of September to April, both inclusive, and \$0.60 over the butter-nonfat solids value during the months of May, June, July, and August. The price for Class II milk should be fixed at \$0.60 over the butter-nonfat solids value during the months of September to April, both inclusive, and \$0.35 over such value during the remaining four months of the year. It is estimated that these prices will result in an average increase in producer prices of approximately 28 cents per hundredweight. This appears to be the minimum amount required to compensate producers for the increased production costs resulting from the recently adopted health ordinance, and to permit them to amortize over a reasonable number of years the capital investment necessary to bring their dairy premises into conformity with the standards prescribed in the new ordinance. It is felt that applying the greater part of the increase during the months when production is lowest will tend to even out the yearly production of milk.

At the present time this market has a very heavy surplus during the summer months and insufficient milk to meet market demands during the late fall and early winter. A relatively low price during the summer and a high price during the remaining months should provide an incentive to producers to shift part of their surplus production to those months when the market is short of milk.

3. Because the proposed amendments provide for three classes of milk instead of the two in the present order, it has been necessary to amend several other sections of the order to bring them into conformity with the new classification. These changes are purely corrective, however, and do not change the effect or intent of the provisions.

The following proposed amendments are recommended as the detailed means by which these conclusions may be carried out. The proposed marketing agreement is not included in this report because the proposed amendments applicable to it would be the same as those set forth below with respect to the order, as amended:

1. Delete § 954.1 (a) (8) and substitute therefor the following:

(8) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the United States who is authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

2. Delete the term "War Food Administrator," wherever appearing, and substitute therefor the term "Secretary."

3. Delete § 954.2 (e) (1) and substitute therefor the following:

(1) Not later than the end of each delivery period, the prices for Class I, Class II, and Class III milk and the butterfat differential to be effective for the following delivery period.

4. Delete § 954.3 (a) (1) (iv) and renumber §§ 954.3 (a) (1) (v) and (vi) as §§ 954.3 (a) (1) (iv) and (v), respectively.

5. Delete § 954.4 (b) and substitute therefor the following:

(b) *Classes of utilization.* The classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk including cream and skimmed milk, the utilization of which is not established as Class II milk or Class III milk;

(2) Class II milk shall be all milk disposed of as cream for consumption in fluid form.

(3) Class III milk shall be all milk, including cream and skimmed milk, the utilization of which is established as (i) being disposed of other than as fluid milk, flavored milk, flavored milk drinks, or as cream for consumption in fluid form; and (ii) actual plant shrinkage up to but not exceeding 2 percent of the total receipts of milk: *Provided*, That plant shrinkage established with respect to milk received by a handler from producers and new producers shall be the proportion of total plant shrinkage determined by applying to total plant shrinkage the percentage which milk received from producers and new producers bears to the total quantity of milk received.

6. Renumber § 954.4 (c) (2) as § 954.4 (c) (3) and add as § 954.4 (c) (2) the following:

(2) Cream disposed of by a handler to another handler shall be classified as Class II milk subject to verification by the market administrator: *Provided*, That cream disposed of by a handler to another handler who receives no milk from producers or new producers other than milk of his own production shall be Class II milk.

7. In § 954.4 (c) (3) (ii) change the words "Class II milk" to read "Class III milk."

8. Add as § 954.4 (c) (4) the following:

(4) Cream disposed of by a handler to a nonhandler shall be classified (i) as Class II milk if such nonhandler disposes of any milk or cream as milk or cream for human consumption; and (ii) as Class III milk if such nonhandler disposes of no milk or cream as milk or cream for human consumption.

9. Delete § 954.5 (a) (1) and substitute therefor the following:

FEDERAL REGISTER, Friday, August 2, 1946

(1) *Class I milk.* For each of the delivery periods of September to April, both inclusive, the price for Class III milk for such delivery period plus \$1.00. For each of the delivery periods of May, June, July, and August, the price for Class III milk for such delivery period plus \$0.60.

10. Renumber § 954.5 (a) (2) as § 954.5 (a) (3) and change the words "Class II milk" in the first line thereof to read "Class III milk."

11. Add as § 954.5 (a) (2) the following:

(2) *Class II milk.* For each of the delivery periods of September to April, both inclusive, the price for Class III milk for such delivery period plus \$0.60. For each of the delivery periods of May, June, July, and August, the price for Class III milk for such delivery period plus \$0.35.

12. In § 954.6 (a) (2) change the words "Class I and Class II milk" to read "Class I, Class II, and Class III milk."

13. Delete § 954.6 (a) (3) and substitute therefor the following:

(3) In computing the value of milk received by a handler, the market administrator shall consider as Class III milk any milk, skimmed milk, or cream whatsoever received from a handler who during the delivery period received no milk from producers or new producers other than milk of his own production. If the receiving handler has disposed of such milk, skimmed milk, or cream other than as Class III milk, the market administrator shall add to the total value of milk computed for such receiving handler pursuant to § 954.7 (a), the difference between (a) the value of such milk, skimmed milk, or cream, at the Class III price, and (b) its value at the class price for the class in which it was actually used.

14. Delete § 954.7 (a) and substitute therefor the following:

(a) *Computation of value of milk for each handler.* For each delivery period the market administrator shall compute, subject to the provisions of § 954.6, for each handler the value of milk received from producers and new producers: *Provided*, That if such handler has received milk, skimmed milk, or cream, excepting emergency milk, from sources other than producers, new producers, or handlers whose reports are included in this price calculation, and has used such milk, skimmed milk, or cream other than as Class III milk, there shall be added to the value of milk determined for such handler pursuant to this paragraph an amount computed by multiplying the hundredweight of such milk, skimmed milk, or cream, by the difference between (a) the Class III price, and (b) the class price for the class in which it was actually used. (This proviso shall not apply to such milk or cream if used in Class II to the extent that milk of producers was not available for such use): *And provided further*, That emergency milk received by a handler shall be deducted on a pro rata basis from each class (after excluding receipts of milk from other handlers).

15. In § 954.7 (b) (2) change the words "Class II price" to read "Class III price." 16. In § 954.8 (a) (2) change the words "Class II price" to read "Class III price."

MALOUF CO.

CONSENT ORDER

The Malouf Company, a partnership composed of Edward I. Malouf and Eblen S. Malouf, with its principal place of business at 115 South Poydras Street, Dallas, Texas, is engaged in the manufacture of ladies and misses wearing apparel. It was charged by the Civilian Production Administration, by charging letter dated May 28, 1946, with having violated Priorities Regulation No. 3 in having placed rated orders bearing CC ratings during the first quarter of 1945 for 113,950 yards of cotton fabrics, although the company was authorized to place rated orders for only 76,964 yards of such material under the provisions of Order M-328B and Direction 10 thereto. The partners were also charged with having failed to keep accurate and complete records of their transactions in violation of Priorities Regulation No. 1. Malouf Company admits the violations charged with reference to the placing of rated orders for 36,986 yards of cotton fabrics in excess of their authorization. Malouf Company does not admit the other charge of the Civilian Production Administration, but does not desire to contest the same and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Edward I. Malouf and Eblen S. Malouf, the Regional Compliance Manager, the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Edward I. Malouf and Eblen S. Malouf shall reduce the amount of cotton fabrics for which they may be authorized to extend ratings under Order M-328B by the amount of 17,000 yards during the third quarter of 1946 and by the amount of 19,986 yards during the fourth quarter of 1946.

(b) Edward I. Malouf and Eblen S. Malouf shall refer to this order in any application or appeal which they may file with the Civilian Production Administration during the third and fourth quarters of 1946 dealing with their use of textiles.

(c) Nothing contained in this order shall be deemed to relieve Edward I. Malouf and Eblen S. Malouf from any restriction, prohibition or provision con-

tained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

(d) The restrictions and provisions contained herein shall apply to Edward I. Malouf and Eblen S. Malouf, doing business as Malouf Company or under any other name, their successors or assigns, or persons acting in their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 31st day of July 1946.

MICHIGAN-WISCONSIN PIPE LINE CO.

NOTICE OF AMENDMENT TO APPLICATION

JULY 30, 1946.

Notice is hereby given that Michigan-Wisconsin Pipe Line Company (Applicant), a Delaware corporation with its principal place of business at Wilmington, Delaware, filed on July 22, 1946, a second amendment to its application filed September 24, 1945, for a certificate pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of certain facilities hereinafter described.

Applicant, by its second amendment to its application of September 24, 1945, amends the description of its original project, as set forth under Item E on Pages 8 and 10 of said application as heretofore amended, to read as follows:

The proposed natural gas pipe line will begin at a point at or near Section 8, Block 1, Public Free School Land Survey, Hansford County, Texas. At this point the pipe line company will purchase from Phillips Petroleum Company its entire requirements of gas, which gas is to be gathered by Phillips and delivered to the pipe line at a pressure of not less than 200 pounds per square inch gauge. At this point will be constructed the initial compressor station of the project, which will be operated at an inlet pressure of not less than 200 pounds per square inch gauge (the initial pressure is expected to be 300 pounds or more per square inch) and a discharge pressure of about 720 pounds per square inch gauge.¹ The pipe line originating on the discharge side of this compressor station, will be constructed of 26" O. D. electric welded steel pipe of $\frac{1}{4}$ " wall thickness, the steel having a minimum yield point of 52,000 pounds per square inch,² and will extend in a generally

¹ In the original application, as heretofore amended, a discharge pressure of 900# p. s. i. was proposed.

² In the original application, as heretofore amended, it was proposed that 26" O. D. electric welded steel pipe of $\frac{5}{8}$ " wall thickness would be installed in the initial 555 miles of Applicant's main pipeline.

northeasterly direction to the selected Missouri River crossing near Rulo, Nebraska, where a suspended aerial crossing will be used. From this point the line will extend in a substantially straight line northeasterly to the Mississippi River near Pleasant Valley, Iowa, at which point the river will be crossed by means of a suspended aerial crossing.⁸ After crossing the Mississippi River, the line will run approximately east to a point near Millbrook, Illinois, generally referred to in this proceeding as the Wisconsin Junction. At this point the size of the pipe line will be reduced to 22" O. D. $\frac{1}{4}$ " wall thickness, electric welded steel pipe of 52,000 pounds per square inch minimum yield point, and will be operated at a maximum pressure of 844 pounds per square inch. Crossing the Fox River by means of an aerial crossing, it will extend in a direction somewhat south of east to the Illinois River, downstream from Joliet, Illinois, where it will cross the Illinois River by an aerial crossing, and thence approximately due east, south of the Chicago industrial area around * * * Lake Michigan, where it will swing northeast to about the Indiana-Michigan state line. The line will then extend northeast in as nearly a straight line as possible approximately 154 miles to the Austin storage field located near Big Rapids, Michigan, which will be the terminus of the initial construction.

From the Wisconsin Junction a 22" line will be constructed running in a direction slightly east of north to the Illinois-Wisconsin state line. From this point there will be constructed 22" and 18" lines running northeasterly to the point of delivery to the Milwaukee area; a 10" line to the point of delivery to the Madison area; a 14" line from near the Milwaukee area to lateral lines connecting the cities of Sheboygan, Oshkosh, Fond du Lac, Two Rivers, Manitowoc and Appleton, and an 8" line to Green Bay.

According to data submitted with the second amendment, Michigan-Wisconsin Pipe Line Company now proposes to ultimately construct and operate 12 main line compressor stations in addition to the compressor station to be installed and operated by it at the Hugoton Gas Field terminus of the line and the compressor station to be installed by Michigan Consolidated Gas Company (or subsidiary company) and operated and subsequently acquired by Applicant at the Austin Storage Field terminus of the line. Only the compressor station located in the Hugoton Gas Field near Section 8, Block 1, Public Free School Land Survey, Hansford County, Texas, and the compressor station now designated as No. 8 and located near Mt. Pleasant, Iowa, are to be constructed initially by Applicant, the other line compressor stations to be added from year to year as the load develops. Originally, Applicant proposed to construct and

operate 8 main line compressor stations, in addition to the Hugoton Gas Field and Austin Storage Field compressor stations, with initial construction by compressor station.

According to the second amendment, it is not contemplated that Applicant will construct or operate any distribution systems.

Applicant proposes by its second amendment to eliminate from the list of cities and towns set forth in its application as heretofore amended, to which it had proposed to supply natural gas, the cities of Rock Island and Moline in the State of Illinois; all of the cities and towns in the State of Iowa except Mount Pleasant, Burlington, Ft. Madison and Keokuk; and to add to such list the Town of Stoughton in the State of Wisconsin. In addition, Applicant asserts that it is willing to undertake to sell natural gas to Consumers Power Company in such reasonably adequate quantities and at such appropriate delivery points as may be mutually satisfactory, under rates in line with those which Applicant proposes to charge for similar service in Michigan.

Applicant, in its second amendment, also changes the proposed rates to be charged by Applicant for interruptible gas from 12¢ per Mcf, as set forth in its original application, to 14¢ per Mcf. The second amendment also changes the commodity rate to be charged Michigan Consolidated Gas Company during the 4-year interim period for deliveries of natural gas in the Austin Field to meet the requirements of that company from \$.12 per Mcf, to \$.14 per Mcf, and changes the amount of the fixed additional annual payments to be made by Michigan Consolidated Gas Company during the interim period from \$975,000 to \$1,300,000.⁹

Applicant by its amendment estimates the over-all capital cost of the initial construction for the project to be \$52,618,823 * (\$56,808,076).¹⁰ The estimated over-all capital costs of the additional facilities to be constructed or acquired by Applicant during the first 4 years of operation, as now proposed, are as follows: 1948, \$2,718,541 * (\$1,751,750); 1949, \$2,627,099 * (\$1,325,500); 1950, \$955,066 * (\$2,417,250); 1951, \$25,788,690 * (\$21,756,971).

Applicant submits in its second amendment that in connection with the financing of Applicant's initial construction program it is contemplated that American Light & Traction Company will transfer the \$5,000 par value initial stock of Applicant to Michigan Consolidated Gas Company as a contribution to paid-in surplus and that the latter will provide Applicant with \$17,000,000 of equity capital, taking common capital stock at

⁸ According to Applicant, under the revised rates provided for in the second amendment, Michigan Consolidated Gas Company during the interim period will purchase gas to carry its peak requirements during the winter season for approximately \$.19 during the first year of operation. This will gradually decrease to approximately \$.17 during the 4th year of operations.

⁹ Figures in parentheses, designated by asterisk, are the revised estimates of cost as submitted in evidence on the original application.

par therefor. In addition, Applicant proposes to market \$30,000,000 of first mortgage 3 1/4% bonds, and \$5,700,000 of 2% Serial Notes which Applicant believes can be sold at par. Such additional funds as may be needed in 1951 are proposed to be obtained by sale of securities to the public.

ORDER FIXING DATE OF HEARING

JULY 30, 1946.

Upon consideration of the application filed on June 13, 1946, by United Fuel Gas Company (Applicant) for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of the following described facilities:

(1) 28 miles of 16-inch main natural-gas transmission pipe line to parallel and loop sections of Applicant's existing main natural-gas transmission lines T and TM3 between Applicant's Cobb Compressor Station, located in Kanawha County, West Virginia, and Applicant's Carnegie Compressor Station in Wetzel County, West Virginia;

(2) 21 miles of 16-inch main natural-gas transmission pipe line extending from a point on Applicant's main natural-gas transmission line TM3, near Carnegie Compressor Station, located in Wetzel County, West Virginia, to a point on the West Virginia-Pennsylvania State line approximately eight miles northeast of Hundred, West Virginia, where it will connect with a proposed line of The Manufacturers Light and Heat Company.

The Commission orders that: (a) A public hearing be held commencing on August 7, 1946, at 10:00 a. m. (e. s. t.), in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C., respecting the matters involved and the issues presented in this proceeding; *Provided, however,* That if no protest or petition to intervene has been filed or allowed prior to the date herein fixed for hearing, or if a protest or a petition to intervene, in the judgment of the Commission, raises no issue of substance, the Commission may dispose of the application without contested hearing, by order upon the application and evidence filed or available to the Commission and such additional evidence as the Commission may require to be filed for its consideration.

(b) Interested State commissions may participate in this hearing, as provided in § 67.4 of the provisional rules of practice and regulations under the natural Gas Act.

MANUFACTURERS LIGHT AND HEAT CO
ORDER FIXING DATE OF HEARING

JULY 30, 1946.

Upon consideration of the application filed on June 13, 1946, by The Manufacturers Light and Heat Company (Applicant) for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of the following-described facilities:

(1) 76 miles of 20-inch O. D. 1bop natural-gas transmission pipeline from a point on the West Virginia-Pennsylvania State line in Gilmore Township, Greene County, Pennsylvania, extending northeasterly to Applicant's Waynesburg Compressor Station located at Waynesburg, Greene County, Pennsylvania, then in a northerly direction via Washington and Canonsburg, Pennsylvania, to an intersecting point on an existing 16-inch pipeline of the Applicant adjacent to the Borough of Rochester, Beaver County, Pennsylvania, with cross-connections to existing pipelines of the Applicant at various points where the 20-inch line crosses the same. At a point in Allegheny County, Pennsylvania, where the proposed line crosses the Ohio River, a multiple river crossing equivalent to the 20-inch line in capacity will be installed.

(2) Replace the existing 375-pound maximum working pressure compressor cylinders on one of the two 1,250-horsepower units installed at Majorsville Compressor Station, with two 500-pound maximum working pressure compressor cylinders, and replace certain pipe, valves and fittings in the Majorsville Compressor Yard with high pressure valves and fittings.

(3) Install an additional 600-horsepower gas-driven compressor at Applicant's existing 1,200-horsepower Donegal Compressor Station in Donegal Township, Washington County, Pennsylvania; enlarge the compressor station buildings; install a glycol dehydration plant; replace the 850-pound maximum working pressure compressor cylinders on an existing 600-horsepower gas engine with 1,000-pound compressor cylinders; and replace an existing 500-pound maximum working pressure storage measuring station with a 1,000-pound working pressure measuring station.

(4) Replace 1.7 miles of 6-inch line between Donegal Compressor Station and Applicant's 16-inch and 20-inch main transmission pipe lines with 1.7 miles of 12-inch solid welded line.

The Commission orders that: (a) A public hearing be held commencing on August 7, 1946, at 10:00 a. m. (e. s. t.), in the hearing room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue, N. W., Washington, D. NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

JULY 30, 1946.

Notice is hereby given that on July 15, 1946, the Northern Natural Gas Company (Applicant), a Delaware corporation, having its principal place of business in the Aquila Court Building, Omaha, Nebraska, made application pursuant to section 7 of the Natural Gas Act, as amended, for a certificate of public convenience and necessity to authorize the construction and operation of certain facilities as hereinafter more fully described.

The facilities which the Applicant proposes to construct and operate consist of: (1) A measuring and regulating station consisting of one 6-inch orifice meter run and two 2-inch regulators, together with appurtenances thereto, and one 12' x 16' K. D. steel building to be located in the Northwest Quarter of Section 12, Township 96 North, Range 22 West, Cerro Gordo County, Iowa; and (2) approximately 0.66 mile of 4½-inch O. D. solid-welded steel pipeline, together with appurtenances thereto, from a point of interconnection with Applicant's 10-inch Mason City branch line in the Southwest Quarter of Section 1, Township 96 North, Range 22 West, Cerro Gordo County, Iowa, and extending in a southerly direction to the proposed Clear Lake, Iowa, Town Border Station. The proposed facilities Applicant states will be used to continue the supply of natural gas for resale and use in Clear Lake, Iowa.

Applicant states that the service proposed to be rendered by it is the delivery and sale of the entire gas requirements of the Clear Lake, Iowa, market area, which requirements are now stated to be served from the retail gas distribution system of Peoples Gas and Electric Company in the Mason City-Clear Lake, Iowa, market area. Applicant proposes, by these facilities, to provide a direct branch line and a town border measuring and regulating station for natural gas service in Clear Lake, Iowa, obviating the necessity for carrying natural gas from the Mason City Town Border Station through the Mason City gas distribution system and back to Clear Lake, through the gas pipeline extending from the Ma-

son City, Iowa, distribution system of Peoples Gas and Electric Company to its gas distribution system in Clear Lake, Iowa.

Applicant alleges that the increasing demand for firm gas sales to residential consumers in the Clear Lake, Iowa, market area makes the presently existing facilities, and in particular the manufactured-gas pipeline from Mason City, Iowa, to Clear Lake, Iowa, wholly inadequate for the service of firm gas demands in the Clear Lake market area. In this connection, Applicant alleges that it has been informed by the Peoples Gas and Electric Company that it is essential that the proposed facilities be provided prior to the 1946-1947 heating season, if adequate service is to be maintained to residential consumers in the Clear Lake, Iowa, area. Applicant further states that the construction and operation of the proposed facilities will relieve the Mason City gas distribution system of the burden of carrying the Clear Lake gas requirements and will improve the ability of the gas utility to meet the increasing requirements of its customers in its Mason City market area.

The Applicant estimates the natural gas requirements of Clear Lake, Iowa, for a period of years, stating in this connection that for the year 1946, there will be required 154,600 Mcf, with a maximum peak day demand of 1,718 Mcf; that for the year 1947, the natural gas requirements will be 168,600 Mcf, with a maximum peak day demand of 1,873 Mcf; that for the year 1948, the natural gas requirements will be 182,600 Mcf, with a maximum peak day demand of 2,029 Mcf; that for the year 1949, the requirements will be 196,600 Mcf, with a maximum peak day demand of 2,184 Mcf; and that for the year 1950, the total gas requirements will be 210,600 Mcf, with a maximum peak day demand of 2,340 Mcf.

Applicant states that its gas reserves, as of December 31, 1945, were estimated to approximate 2.9 trillion cubic feet on a measurement basis of 16.4 pounds absolute pressure per square inch. Applicant further states that the total requirements of gas for the year ended on said date approximate 81 billion cubic feet on the aforesaid measurement basis. Applicant estimates that at such rate of consumption the indicated life of its gas reserves will approximate 35 years.

The over-all cost of the proposed facilities is estimated by the Applicant to be \$9,500.

Applicant states that the rates proposed to be charged for gas sold and delivered through the proposed facilities are those stated in Applicant's standard rate schedule on file with the Commission.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, as amended, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing.

together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to the application of the Northern Natural Gas Company should file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of this publication, a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[Docket No. G-756]

CITIES SERVICE GAS CO.

NOTICE OF APPLICATION

JULY 30, 1946.

Notice is hereby given that on July 18, 1946, an application was filed with the Federal Power Commission by Cities Service Gas Company (hereinafter referred to as "Applicant"), a Delaware corporation with its principal offices in Oklahoma City, Oklahoma, (a) for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the Applicant to construct and operate a certain natural gas transmission pipe line extending from a point on its Ottawa-Sedalia natural gas transmission pipe line to Independence, Missouri, for the transmission and sale of natural gas to The Gas Service Company for resale in the town of Independence, Missouri, and its environs, as hereinafter more particularly described, and (b) for approval and permission to abandon a natural gas transmission pipe line located in Osage County, Oklahoma, and a natural gas transmission pipe line located in Sumner County, Kansas, as is hereinafter more particularly described.

(a) Applicant seeks authorization to construct and operate the following facilities:

1. A 12-inch natural gas transmission pipe line approximately 24.5 miles in length extending northward from a point near the Northeast corner of Section thirty-one (31), Township Forty-five (45) North, Range Thirty-two (32) West, Cass County, Missouri, Located on Applicant's existing 12-inch natural gas transmission pipe line extending from Ottawa, Kansas, to Sedalia, Missouri, to a point near the Southwest corner of Section Thirty-four (34), Township Forty-nine (49) North, Range Thirty-two (32) West, Jackson County, Missouri.

(b) Applicant seeks authorization to abandon the following facilities:

1. A 12-inch natural gas transmission pipe line approximately 9.85 miles in length extending southwesterly from the junction of said line with the Blackwell-Tallant 12-inch natural gas transmission pipe line in the Northeast Quarter of Section Three (3), Township Twenty-four (24) North, Range Ten (10) East, Osage County, Oklahoma, to a point in the Northwest Quarter of Section Thirty-two (32), Township Twenty-four (24)

North, Range Nine (9) East, Osage County, Oklahoma;

(2) A natural gas transmission pipe line consisting of approximately 3.8 miles of 10-inch pipe and approximately 2.25 miles of 12-inch pipe extending from a point near the Southwest corner of Section Thirty-two (32), Township Thirty-one (31) South, Range One (1) East, Sumner County, Kansas, to a point near the Southwest corner of Section Thirty-two (32), Township Thirty (30) South, Range One (1) East, Sumner County, Kansas.

Applicant is presently supplying natural gas to The Gas Service Company for local distribution in Independence and its environs by transmitting natural gas in a northeasterly direction through Applicant's pipe line facilities from Ottawa, Kansas, to the south edge of Kansas City, Missouri, at which point it is delivered into the intermediate pressure pipe line system of Kansas City Gas Company and thence transported through such facilities by the Kansas City Gas Company for the account of Applicant to a point near the northeast corner of Kansas City, Missouri, where it is delivered into the facilities of The Gas Service Company. The proposed natural gas pipe line described hereinbefore will permit a rerouting of said natural gas for Independence by transmitting it easterly from Ottawa, Kansas, through Applicant's Ottawa-Sedalia pipe line to the point described in paragraph (a) 1 and thence northerly to Gas Service Company through the proposed pipe line described in paragraph (a) 1.

Applicant states that the aforementioned use of the above pipe line of Kansas City Gas Company was limited by contract to the excess capacity of certain pipe lines and that the contract provided for its cancellation if the use of such excess capacity became necessary or useful to Kansas City Gas Company for its own local distribution. In accordance with this cancellation provision, Kansas City Gas Company cancelled said contract effective April 23, 1946.

Applicant further recites that the substantially increased natural gas requirements of Independence has caused the operating line pressure of the 71st Street pipe line of Kansas City Gas Company to be substantially increased above that for which said line was designed, and that since this pipe line traverses and is buried under densely populated residential sections of Kansas City, Missouri, a hazardous situation has developed, which public officials of Kansas City, Missouri, are cognizant of and desire to be relieved. Applicant further recites that its market survey shows that the natural gas requirements of Independence will continue to increase in the future, thereby necessitating the carrying of still higher pressure in the 71st Street pipe line of Kansas City Gas Company.

According to the application, approximately \$30,000 was paid Kansas City Gas Company by Applicant for gas transported by that company to Independence for the account of Applicant during 1945.

It is stated that Applicant does not presently own any facilities through which natural gas can be delivered to Independence and that the construction of

the proposed pipe line described in paragraph (a) 1 is necessary to enable applicant to continue to supply natural gas to Independence, and that the proposed construction will assure consumers of natural gas in both Kansas City and Independence, Missouri, of better service without the hazards involved under present conditions. It is further stated that the natural gas service to Sedalia, Missouri, will not be adversely affected by construction and operation of the proposed facilities.

Applicant estimates the over-all total cost of construction of the facilities described in paragraph (a) 1 will be \$578,000 which Applicant proposes to finance with funds from its own treasury. Applicant proposes to commence the construction of such facilities August 15, 1946, and to complete their construction on or about November 1, 1946.

Applicant states that the rates to be charged for each kind of natural gas service by use of the proposed pipe line will be those approved by the Federal Power Commission in connection with the pending rate proceeding in Docket No. G-141.

Applicant recites that it is impossible to purchase the new pipe necessary to construct the proposed pipe line described in paragraph (a) 1, and that since Applicant has in stock only a portion of the necessary pipe for such construction, it is necessary to reclaim existing lines which are serving little, if any, useful purpose in order to construct the aforementioned proposed pipe line.

It is stated that the pipe line described in paragraph (b) (1), and proposed to be abandoned by Applicant, was constructed in 1926 and is used for transmitting excess natural gas from wells in the Hominy and Wynona Fields, Osage County, Oklahoma, over and above the local requirements of the Towns of Hominy and Wynona, the natural gas requirements of which are served by Applicant and by Consolidated Gas Utilities Company; that the amount of such excess natural gas has declined consistently during the past several years until the amount now available to Applicant is inconsequential, averaging less than 1000 Mcf per day in 1945 and with an estimated average of 700 Mcf per day during 1946.

Applicant states that all natural gas received by it through the pipe line described in paragraph (b) (1) is produced and sold to it by Cities Service Oil Company, an affiliate of Applicant, and that all necessary arrangements have been made with such company to enable Applicant to discontinue the receiving of natural gas through said pipe line.

Applicant recites that it makes no sales of natural gas subject to the jurisdiction of the Federal Power Commission through the pipe line described in paragraph (b) (1) and makes one sale of natural gas directly to a domestic consumer pursuant to the provisions of a right of way contract which requires Applicant to sell and deliver natural gas to the owner of the land so long as the pipe line is in service; that said contract specifically provides that Applicant's obligation to sell and deliver gas is subject to termination upon abandonment of the pipe line and that necessary notice of

cancellation of this contract has been served upon the owner of the land involved.

With respect to the pipe line described in paragraph (b) (2) and also proposed to be abandoned, it is stated that this pipe line was part of the original 10-inch, 12-inch and 16-inch natural gas transmission pipe line extending from Applicant's Dilworth Station, Oklahoma, to Wichita, Kansas, but that due to the increased natural gas requirements of Wichita, Kansas, it was necessary to construct a 20-inch natural gas transmission pipe line extending from Dilworth, Oklahoma, joining said 16-inch natural gas transmission pipe line and replacing said 10-inch and 12-inch pipe line. Applicant states that said 10-inch and 12-inch pipe line is not utilized for any sales or deliveries of natural gas at the present time and that the 20-inch and 16-inch pipe line is adequate to serve all the purposes of the 10-inch and 12-inch line sought to be abandoned.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act and, if so, to advise the Federal Power Commission as to the nature of its interest, in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to the application of Cities Service Gas Company should file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of this publication, a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

GENERAL NOTICE OF PROPOSED RULE MAKING

Notice is hereby given of intention to promulgate regulations pursuant to section 351 (d) of the Public Health Service Act (58 Stat. 702, 42 U.S.C., Sup. 262), such regulations to repeal and supersede the regulations now comprising Parts 21 and 22 of the Cumulative Supplement, Code of Federal Regulations.

Such regulations are for the purpose of prescribing (1) standards for viruses, therapeutic serums, toxins, anti-toxins, and analogous products, and for arsphenamine and its derivatives (and for other trivalent organic arsenic compounds), applicable to the prevention, treatment, or cure of diseases or injuries of man, and (2) standards for establish-

ments engaged in the manufacture of such products, such standards being designed to insure the continued safety, purity, and potency of products falling within the categories described. Licenses for the propagation or manufacture and preparation of such products may be issued, after the promulgation of such regulations, only upon a showing that the establishment and the products for which a license is desired meet such standards. More specifically the regulations will cover definitions of terms, establishment inspection, standards for establishments (foreign and domestic), standards for products, additional standards for the trivalent organic arsenicals, and procedures for the issuance, supervision and revocation of licenses.

Inquiries may be addressed, and data, views, and arguments may be presented by interested parties, in writing, to the Surgeon General, Public Health Service, Washington, D. C., at any time prior to September 1, 1946.

A. O. SMITH CORP.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 707 under section 16 of Maximum Price Regulation No. 591.

A. O. Smith Corporation of Milwaukee, Wisconsin. Docket No. 6123-591.16-110.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 9 of Maximum Price Regulation No. 591, *It is ordered:*

(a) *Adjustment of maximum prices for A. O. Smith Corporation of Milwaukee, Wisconsin.* (1) This order permits A. O. Smith Corporation of Milwaukee, Wisconsin to increase by 9.6 percent its properly established maximum net prices in effect on June 29, 1946, to each class of purchaser for its line of gas water heaters.

(2) The maximum net prices set forth in (a) (1) above are subject to discounts, allowances including transportation allowances and the rendition of services which are at least as favorable as those which A. O. Smith Corporation extended or rendered or would have extended or rendered to each class of purchaser during March 1942 on comparable sales of gas water heaters.

(b) *Maximum prices for resellers.*

(1) All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their properly established maximum prices in effect on June 29, 1946, the percentage increase in acquisition cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* A. O. Smith Corporation shall send the following notice to every purchaser of the commodities covered by the order at or before the first invoice after the effective date of this order.

Order No. 707 under section 16 of Maximum Price Regulation No. 591 provides for an 9.6 percent increase in maximum net prices in effect on June 29, 1946, for sales by A. O. Smith Corporation for its line of gas water heaters.

Resellers (but not manufacturers who purchase these items for use in the manufacture of other products) may add to their existing maximum prices the percentage increase in cost resulting from the adjustment granted by Order No. 707.

(d) All prayers of the application of A. O. Smith Corporation of Milwaukee, Wisconsin, not herein granted are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective July 29, 1946.

Issued this 29th day of July 1946.

PAUL A. PORTER,
Administrator.

DAY AND NIGHT MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 762 under section 16 of Maximum Price Regulation No. 591. Docket No. 6123-591.16-221. Day and Night Manufacturing Co., Monrovia, California.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 16 of Maximum Price Regulation No. 591, it is ordered:

(a) *Adjustment of maximum prices for the Day and Night Manufacturing Company, Monrovia, California.* (1) This order permits the Day and Night

Manufacturing Company of Monrovia, California to increase by 9.3 percent its properly established maximum net prices in effect on June 29, 1946, to each class of purchaser for its line of gas water heaters.

(2) The maximum net prices set forth in (a) (1) above are subject to discounts, allowances including transportation allowances and the rendition of services which are at least as favorable as those which the Day and Night Manufacturing Company extended or rendered or would have extended or rendered to each class of purchaser during March 1942 on comparable sales of gas water heaters.

(b) *Maximum prices for resellers.* (1) All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their properly established maximum prices in effect on June 29, 1946, the actual percentage increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The Day and Night Manufacturing Company shall send the following notice to every purchaser of the commodities covered by the order at or before the first invoice after the effective date of this order.

Order No. 762 under section 16 of Maximum Price Regulation No. 591 provides for a 9.3 percent increase in maximum net prices in effect on June 29, 1946, for sales by the Day and Night Manufacturing Company for its line of gas water heaters.

Resellers (but not manufacturers who purchase these items for use in the manufacture of other products) may add to their existing maximum prices the actual percentage increase in cost resulting from the adjustment granted by Order No. 762.

(d) All prayers of the application of the Day and Night Manufacturing Company of Monrovia, California, not herein granted are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective July 29, 1946.

Issued this 29th day of July 1946.

ADMIRAL CORP.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Maximum Price Regulation No. 598; *It is ordered:*

(a) This order establishes a method of determining ceiling prices for sales by distributors to dealers of the dual-temp models TD-946 and TD-746 manufactured by the Admiral Corporation, 3800 Cortland Street, Chicago 47, Illinois.

(1) A distributor's ceiling price for sales in each zone of each model to servicing dealers (dealers who furnish delivery, installation to electric facilities provided by the consumer, and all the services which must be supplied the ultimate consumer in connection with the sale of the refrigerator) shall be the price which will yield the distributor the same proportion of the total dollar margin between the manufacturer's price to him and the dealer's price for resales to ultimate consumers in that zone as he received during the period October 1-15, 1941 in connection with the sale of the most comparable model produced by the Stewart-Warner Corporation to the same class of purchasing dealer.

(2) If a distributor cannot determine his ceiling prices for sales of either of the two models covered by this order to servicing dealers under subparagraph (1) above, his ceiling price for sales of that model to a particular class of purchasing dealer is the ceiling price established under this order for the same sale by his "closest seller of the same class." A distributor's "closest seller of the same class" is a distributor who (a) has a ceiling price under this order for his sales of the identical model to the same class of purchaser and (b) is located in the same retail price zone nearer to the distributor than any other distributor who has such a ceiling price.

(3) If a distributor cannot determine his ceiling price for sales of either of the two models covered by this order to servicing dealers under the provisions of subparagraph (1) or (2) above, he shall determine his ceiling price for that sale in accordance with the provisions of section 14 of Maximum Price Regulation No. 598, as amended.

(4) A distributor who, at the request of and on behalf of the dealer (a non-servicing dealer), provides the consumer with delivery, installation to electric facilities provided by the consumer, and first year service, may add to the ceiling price he determined under subparagraph (1), (2), or (3) above for sales of each model to servicing dealers on additional charge per refrigerator (which must be separately stated) no greater than the amount set forth below opposite each model:

Model:	Additional charge which may be added
TD-746	\$12.75
TD-946	14.00

(b) At the time of, or prior to the first invoice to each distributor covering an article covered by this order, the manufacturer shall notify each distrib-

utor of the method of determining his ceiling prices established by this order. This notice may be given in any convenient form.

(c) All the provisions of Maximum Price Regulation No. 598 continue to apply to all sales and deliveries of refrigerators covered by this order, except to the extent that those provisions are modified by this order.

(d) Unless the context requires otherwise, the definitions set forth in Maximum Price Regulation No. 598 shall apply to the terms used herein.

(e) This order may be revoked or amended by the Price Administration at any time.

(f) This order shall become effective on the 29th day of July 1946.

THE MONITOR EQUIPMENT CORP.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to section 13 of Maximum Price Regulation No. 598; *It is ordered*:

(a) This order establishes maximum prices for sales by distributors to dealers of the model RC 7 refrigerator sold by the Monitor Equipment Corporation, 640 West 249th Street, New York City, New York, as follows:

Model	Ceiling prices for sales to—	
	Servicing dealers	Nonservicing dealers
RC 7.....	\$149.50	\$157.75

These prices include the Federal excise tax, the five year warranty, delivery and the OPA industry increase granted manufacturers by section 5 (b) of Maximum Price Regulation No. 598. In all other respects, the above ceiling prices are subject to each seller's customary terms, discounts, allowances, and other price differentials, in effect on sales of similar articles.

(b) At the time of, or prior to the first invoice to each distributor, the manufacturer shall notify him of the ceiling prices established by this order for sales by the distributor.

(c) All the provisions of Maximum Price Regulation No. 598 continue to apply to all sales and deliveries of refrigerators covered by this order except to the extent that those provisions are modified by this order.

(d) Unless the context requires otherwise, the definitions set forth in Maximum Price Regulation No. 598 shall apply to the terms used therein.

(e) This order may be revoked or amended by the Price Administrator at any time.

EC101	do	Same as Model EC100 in wood cabinet 8 1/2" x 14 1/8" x 7".	19.87

Since this price has been finally determined after May 16, 1946, it is not subject to the adjustment provided for in section 10 (a) of amendment 2 to MPR 599. This maximum price is for the article described in the applications of Hallicrafters, dated June 20, 1946.

(2) For sales by Hallicrafters, the ceiling price applies to all sales and deliveries since Maximum Price Regulation 599 became applicable to those sales and deliveries. It is f. o. b. factory, not including Federal excise tax, and is subject to a cash discount of 2% 10 days, net 30 days.

(3) Your ceiling prices to classes of purchasers other than distributors shall be determined by applying the differentials which you had in effect between July 15, 1941 and October 15, 1941 as provided by section 8 of Maximum Price Regulation No. 599, as amended. If you did not have an established practice of making sales to dealers during that period your ceiling price to dealers is your distributor's ceiling price to the class of dealer to which he sells in the largest dollar volume as calculated under the provisions of section 10 of Maximum Price Regulation No. 599, as amended.

(4) For sales by persons other than the Hallicrafters Company, Hallicrafters is required to calculate the retail ceiling price of the article in accordance with the provisions of section 9 of the regulation. Hallicrafters is also required to calculate distributor's prices for the article

in accordance with the provisions of section 10 of the regulation.

(b) Hallicrafters shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order in accordance with the provisions of section 13 of the regulation.

(c) This order may be revoked or amended by the Price Administrator at any time.

(d) This order shall become effective on the 29th day of July, 1946.

Issued this 29th day of July 1946.

OTSEGO FALLS PAPER MILLS, INC.

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 2 under § 1346.59 of Revised Price Schedule No. 45. Asphalt and Tarred roofing products, Otsego Falls Paper Mills, Inc. Docket No. 6122-592.16-124.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to § 1346.59 of Revised Price Schedule No. 45, *It is ordered*:

(a) The maximum prices established under Revised Price Schedule No. 45 for sales of rigid backing board weighing approximately 350 lbs. per M square feet, by the Otsego Falls Paper Mills, Inc., Otsego, Michigan, to its different classes of purchasers may be increased by an amount not in excess of 14.26 percent.

(b) Any person purchasing rigid backing board weighing approximately 350 lbs. per M square feet, from the Otsego Falls Paper Mills, Inc., for the purpose of resale in the same form may increase his present maximum prices established under the General Maximum Price Regulation by an amount not exceeding the percentage increase in cost resulting from the increases permitted the Otsego Falls Paper Mills, Inc., by Amendment 8 to Revised Price Schedule No. 45 and (a) above. Notwithstanding the provisions of this paragraph, in any area where specific maximum prices are fixed by an area pricing order, such specific maximum prices shall apply in that area.

(c) The maximum prices established herein shall be subject to at least the same cash, quantity and other discounts, transportation allowances, services and other terms and conditions of sale as the seller extended or rendered on comparable sales to purchasers of the same class during March 1942.

(d) All requests of the application not granted herein are denied.

(e) This order may be amended or revoked by the Office of Price Administration at any time.

This Order No. 2 shall become effective July 30, 1946.

Issued this 30th day of July 1946.

FEDERAL REGISTER, Friday, August 2, 1946

[MPR 64, Order 313]

WESTERN AUTO SUPPLY CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 11 of Maximum Price Regulation No. 64; *It is ordered:*

(a) This order establishes ceiling prices for sales of certain models of gas ranges manufactured for resale under its private brand name by the Western Auto Supply Company of Los Angeles, Calif.

(1) For sales by Western Auto Supply Company to retail dealers the ceiling prices are as follows:

Model	Ceiling prices for sales to retail dealers	
	Zone 1	Zone 2
47-6480—Coronado	\$78.27	\$84.97
47-6481—Coronado	78.27	84.97
47-6482—Coronado	78.27	84.97
47-6483—Coronado	78.27	84.97

These prices are delivered to dealers' stores and include the Federal excise tax. They are subject to the seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(2) For sales in each zone by retail dealers to ultimate consumers the ceiling prices are those set forth below:

Model	Ceiling prices for sales to ultimate consumers	
	Zone 1	Zone 2
47-6480—Coronado	\$107.50	\$112
47-6481—Coronado	107.50	112
47-6482—Coronado	107.50	112
47-6483—Coronado	107.50	112

These prices include the Federal tax, delivery and installation. If the retail dealer does not provide installation he shall compute his maximum price by subtracting \$6.00 from his maximum price as shown above for sales on an installed basis. In all other respects these prices are subject to each seller's customary terms, discounts, allowances (other than trade-in allowances) and other price differentials in effect on sales of similar articles.

(b) Western Auto Supply Company shall before delivering any range covered by this order, after the effective date thereof, cause to be attached securely to the inside oven door panel a label which plainly states the OPA retail maximum prices established by this order for sales of the range to ultimate consumers in each zone together with a list of the states included in each zone. The label shall also state that the retail prices shown thereon include the Federal excise tax, delivery and installation, and that if the seller does not provide installation, the maximum price is \$6.00 less than the price shown on the label.

(c) For purposes of this order Zones 1 and 2 comprise the following states:

Zone 1: North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Arkansas, Missouri, Iowa, Minnesota, Wisconsin, Michigan, Illinois, Indiana and Ohio.

Zone 2: Montana, Wyoming, Colorado, New Mexico, Arizona, Utah, Nevada, Washington, Oregon, and California.

(d) *Relationship to Maximum Price Regulation No. 64.* All the provisions of Maximum Price Regulation No. 64 continue to apply to sales of articles covered by this order except to the extent that they are modified by this order. The ceiling prices established by this order have been determined in accordance with sections 11 (a) and 11 (b) of that regulation and may not, therefore, be increased under those sections.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 30th day of July 1946.

Issued this 30th day of July 1946.
PAUL A. PORTER,
Administrator.

[F. R. Doc. 46-13209; Filed, July 30, 1946;
11:15 a. m.]

In all other respects these ceiling prices are subject to each dealer's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

This amendment shall become effective on the 30th day of July 1946.

Issued this 30th day of July 1946.

HAYDENVILLE CO.

DETERMINATION OF MAXIMUM PRICES

Order No. 304 under Revised Supplementary Order No. 119, Haydenville Company, Haydenville, Massachusetts. Docket No. 6123-119-162.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for the Haydenville Company of Haydenville, Mass.* (1) The above manufacturer shall determine his maximum prices for his line of low pressure valves, boiler drains, low pres-

sure stops, sill faucets, and stop and waste valves by increasing by 19.0 percent his prices on these items in effect on October 1, 1941 to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category during March 1942.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the percentage increase in cost resulting from the adjustment granted by the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 304 under Revised Supplementary Order No. 119 authorizes a 19.0 percent increase in October 1, 1941 net prices for sales of low pressure valves, boiler drains, low pressure stops, sill faucets and stop and waste valves manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the percentage increase in cost resulting from the adjustment granted by Order No. 304.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective July 30, 1946.

Issued this 30th day of July 1946.

DRY KILN DOOR CARRIER CO.

DETERMINATION OF MAXIMUM PRICES

Order No. 305 under Revised Supplementary Order No. 119, Dry Kiln Door Carrier Company. Docket No. 6123-119-151.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register

and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for the Dry Kiln Door Carrier Company of Indianapolis, Indiana.* (1) The above manufacturer shall determine his maximum prices for his line of dry kiln door carriers and repair parts by increasing by 5.8 percent his prices on these items in effect on October 1, 1941 to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category during March 1942.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the percentage increase in cost resulting from the increase granted by the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 305 under Revised Supplementary Order No. 119 authorizes a 5.8 percent increase in October 1, 1941 net prices for sales of dry kiln door carriers and repair parts manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the percentage increase in cost resulting from the adjustment granted by Order No. 305.

(d) All prayers for relief not granted herein are denied.

[Rev. SO 119, Order 307]

INDIANAPOLIS STOVE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed

with the Division of the Federal Register and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* The Indianapolis Stove Company, Indianapolis 7, Indiana, may increase its ceiling prices under Maximum Price Regulation No. 64 (exclusive of all adjustments except the increase allowed by section 3 of that regulation) for each article in the line of coal and coal and wood cooking and heating stoves which it manufactures, by 14.4 percent.

(b) *Wholesalers' ceiling prices.* A reseller at wholesale shall determine his ceiling prices for any article which he has purchased at ceiling prices adjusted under this order as follows:

(1) If he has ceiling prices established before March 2, 1946 for sales of the same article or a comparable article produced by the same manufacturer he shall calculate his ceiling price under this order as follows:

Step 1. He shall deduct from his invoice cost (not to exceed the manufacturer's ceiling price to him under this order) a sum equal to 4.4 percent of that invoice cost.

Step 2. He shall add to the result of Step 1, the same percentage mark-up which he had before March 2, 1946 on the same article or, if he did not sell the same article, on the "most comparable article" produced by the same manufacturer.

Step 3. He shall add to the result of Step 2, 7.50 percent of the amount he deducted in Step 1. The result is the wholesale reseller's ceiling price under this order.

(2) A reseller at wholesale who cannot establish his ceiling price under subparagraph (1) above, shall adopt as his ceiling price the ceiling price of his "closest seller of the same class" for the identical model produced by the same manufacturer. The "closest seller of the same class" of a reseller at wholesale is a reseller who (a) has established his ceiling price under this paragraph (b) for sales of the identical model produced by the same manufacturer to the same class of purchaser and, (b) is the same general type and class of seller, and (c) is located nearer to the seller than any other seller who meets requirements (a) and (b) of this subparagraph.

(3) If a reseller at wholesale cannot otherwise find his ceiling price for a particular sale he shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1372.101 (d) of Maximum Price Regulation No. 210 or under § 1499.3 (c) of the General Maximum Price Regulation, whichever is applicable. Ceiling prices established under either of those sections will reflect the supplier's price as adjusted in accordance with this order, diminished in accordance with subparagraph (1) above.

(c) *Retailers' ceiling prices.* A retailer shall determine his ceiling price for resales of any article which he has purchased at a ceiling price adjusted or determined under this order as follows:

(1) If he has ceiling prices established before March 2, 1946 for sales of the same article produced by the same manufacturer he shall increase that ceiling price by 9.4 percent and round the result to the nearest quarter.

(2) If he cannot establish his ceiling price under subparagraph (1) above because he did not sell the same article between March 1, 1942 and March 2, 1946, but he has a ceiling price determined under this paragraph (c) for a comparable article produced by the same manufacturer he shall determine his ceiling price for the article being priced in accordance with the provisions of § 1499.3 (a) of the General Maximum Price Regulation using as his ceiling price for the "most comparable article" his ceiling price for it under this order and using as his unit replacement cost for the "most comparable article" its cost to him as adjusted under this order.

(3) If a retailer cannot establish his ceiling price under subparagraph (1) or (2) above, he shall adopt as his ceiling price for sales to a particular class of purchaser the ceiling price of his "closest competitive seller" for sales to the same class of purchaser of the same article produced by the same manufacturer. A retailer's "closest competitive seller" is a retailer who (a) has established a ceiling price under this paragraph (c) for sales to the same class of purchaser of the identical model of stove produced by the same manufacturer, and (b) is the same general class and type of seller, and (c) is located nearer to the seller than any other seller who meets requirements (a) and (b) of this subparagraph.

(4) If a retailer cannot otherwise find his ceiling price for a particular sale he shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation or § 1372.101 (d) of Maximum Price Regulation No. 210, whichever is applicable. Ceiling prices set under either of these sections will be set in line with those of retailers whose ceiling prices have been determined under this paragraph (c).

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale of articles sold at ceiling prices adjusted under this order, the seller shall notify the purchaser in writing of the method of establishing ceiling prices set by this order for resales by the purchaser. This notice may be given in any convenient form.

(e) *Definition of "most comparable article."* For purposes of this order the "most comparable article" is the one which meets all the following tests:

(1) It is manufactured by the Indianapolis Stove Company.

(2) It belongs to the narrowest trade category which includes the article being priced.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(4) Both it and the article being priced were purchased from the same class of supplier.

(5) Its net unit replacement cost is nearest to the net cost of the article being priced.

(f) *Relationship of this order to Order 99 under Revised Supplementary Order No. 119, Maximum Price Regulation No. 64, Maximum Price Regulation No. 210*

and the General Maximum Price Regulation. The ceiling prices established by this order supersede those established under Order No. 99 under Revised Supplementary Order No. 119, Maximum Price Regulation No. 210 and the General Maximum Price Regulation and Maximum Price Regulation No. 64 with respect to articles sold by the manufacturer at ceiling prices determined under this order. All the provisions of the General Maximum Price Regulation, Maximum Price Regulation No. 210 and Maximum Price Regulation No. 64 continue to apply to all sales of articles covered by this order except to the extent that they are modified by this order. Resellers determining the ceiling prices under paragraphs (b) (1) or (c) (1) or (c) (2) need not report the prices so determined to the Office of Price Administration; each seller, however, must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 30th day of July 1946.

Issued this 30th day of July 1946.

PAUL A. PORTER,
Administrator.

[Rev. SO 119, Order 303]

INDIANAPOLIS STOVE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* The Indianapolis Stove Company, 1255 Roosevelt Avenue, Indianapolis 7, Indiana, may increase by no more than 22 percent its ceiling prices to each class of purchaser for the line of stove repair and replacement parts which it manufactures.

(b) *Resellers' ceiling prices.* Resellers of such articles which the manufacturer has sold at ceiling prices adjusted under paragraph (a) above, shall determine their ceiling prices by adding to their invoice cost the same percentage mark-up which they have on the "most comparable article" for which they have a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of article to

which, according to the customary trade practices, an approximately uniform percentage mark-up is applied.

(4) Its net unit replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration. Each reseller, however, must keep complete records showing all the information called for by OPA Form 620-759 with respect to how he determined his ceiling price, for at least one year after the expiration date of the Emergency Price Control Act of 1942, as amended.

A reseller who cannot determine his ceiling price under the above method, shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section shall reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts and allowances on sales of similar articles to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on or after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted ceiling prices for resales of the articles. This notice may be given in any convenient form.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 30th day of July 1946.

Issued this 30th day of July 1946.

Administrator.

(2) *Maximum authorized service charges.* If the buyer requests such service of him, the dealer may, upon rendering such service, or where it is rendered by an independent serviceman to whom the dealer advances payment for the service, charge an amount not in excess of 90 cents per net ton for carry or wheel service, except that no service charge may be made on deliveries of less than one-quarter ton or of any quantity of bagged coal.

2. Paragraph (D), *Price Schedule II: "Yard sales"*, is amended to read as follows:

(D) *Price Schedule II: "Yard sales".* Price Schedule II sets forth maximum prices for sales of specified sizes, kinds and quantities of solid fuels delivered at the yard of any dealer in the Washington, D. C., Metropolitan Area. The first column of prices applies to yard sales to consumers and the last column of prices applies to yard sales to dealers. The second column of consumer prices applies to yard sales of fuels measured in bags

3. Paragraph (E), *Price Schedule III: bagged coal*, is amended to read as follows:

(E) *Price Schedule III: bagged coal.* Price Schedule III sets forth maximum per bag prices for sales made at or to any point in the Washington, D. C., Metropolitan Area of coal in paper bags of 15 pounds each. These are prices for the nut size.

(1) *"Yard sales" to consumers.*

4. Paragraph (F), *Price Schedule IV: Alexandria, Virginia*, is amended to read as follows:

(F) *Price Schedule IV: Alexandria, Virginia*. Price Schedule IV sets forth maximum prices for "direct delivery" sales to consumers in Alexandria, Virginia and for sales made at the yard of any dealer in Alexandria, Virginia. These prices are for sales of net tons (2,000 pounds) when payment is not made by the buyer within 15 days after receipt of the fuel.

If cash payment is made by the buyer within 15 days after receipt of the fuel, the maximum prices set forth shall be reduced by 50 cents per ton or by 25 cents per half-ton, which reduction is a "cash discount".

If delivery is made to a non-domestic buyer taking deliveries of 25 or more tons per annum at one point, the maximum prices set forth shall be reduced by 50 cents per ton or by 25 cents per half-ton and, if cash payment is made, also by the "cash discount".

If delivery is made at the dealer's yard, the maximum prices set forth shall be reduced by \$1.00 per ton or by 50 cents per half-ton and, if cash payment is made, also by the "cash discount".

If the buyer requests such service of him, the dealer may charge no more than 50 cents per ton for "carry" or "wheel" service except that no service charge may be made on sales of less than one-quarter ton or of any quantity of bagged coal. This provision applies only when the dealer renders the service.

5. Paragraph (I), *Pennsylvania anthracite with ash content in excess of quality standards*, is amended to read as follows:

(I) *Pennsylvania anthracite with ash content in excess of quality standards*. Maximum prices for Pennsylvania anthracite received by a dealer which has been identified by his supplier prior to

its resale as anthracite with an ash content in excess of the Office of Price Administration quality standards shall be the maximum prices established by the dealer under this regulation, less the following amounts:

	Per net ton
Broken, egg, stove and nut	\$1.15
Pea	.95
Buckwheat No. 1	.75
Rice (Buckwheat No. 2)	.65

Such anthracite shall be kept separate in storage and delivery from all other anthracite.

This amendment shall become effective as of July 29, 1946.

Issued this 30th day of July 1946.

(c) A. S. Campbell Company shall file with the Automotive Branch, OPA National Office, Washington, D. C. on or before November 1, 1946 and at the end of every three month period thereafter an over-all statement of profit and loss for the three month period. It shall also file a statement of total sales for each of the items contained in the schedules of paragraphs (a) and (b) for the same three month periods.

(d) Resellers of applicant's truck trailers and extra, special or optional equipment sold as original equipment shall increase resale prices, exclusive of incidental charges, in effect prior to the effective date of this order for such equipment by a percentage not to exceed 13.4 percent. The adjusted maximum prices are subject to the same discounts, extra charges and terms of delivery in effect on March 31, 1942.

(e) The applicant shall adjust resale list prices for the automotive parts covered by this order in accordance with section 2 (d) (1) of Supplementary Order 142 as amended and shall notify resellers of the adjusted resale list price in accordance with section 10 of maximum Price Regulation 452. In the case of maximum prices for non-list sales by resellers under Maximum Price Regulation 453, the applicant shall notify resellers of the dollar and cents amounts of adjustments in the applicant's non-list prices. Resellers shall determine adjusted maximum non-list prices in accordance with section 7 of Maximum Price Regulation 453.

This order shall become effective July 30, 1946.

Issued this 30th day of July 1946.

[Rev. SO 119, Order 309]

PHOENIX TRIMMING CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices*. Phoenix Trimming Co., 2000 North Racine Avenue, Chicago 14, Illinois may compute its adjusted ceiling prices for all articles of cotton rugs which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by no more than 25 per cent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in

accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Except as set forth in paragraph (c) hereof resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller shall calculate his ceiling prices by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is one which meets all of the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for as long as the Emergency Price Control Act of 1942, as amended remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1491.3 (c) to General Maximum Price Regulation. Ceiling prices established under that section will effect the suppliers' prices as adjusted in accordance with this order.

(c) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580 shall compute his ceiling price in the manner provided by that regulation.

(d) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(e) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing a ceiling price adjusted in accordance with the terms of which order, the seller shall notify the purchaser in writing of the methods established in paragraphs (b) and (c) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form.

(f) The provisions of Supplementary Order No. 153 shall not apply to any of the articles covered by this order.

(g) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 1st day of August, 1946.

Issued this 31st day of July 1946.

PAUL A. PORTER,
Administrator.

of his "closest seller of the same class" for the identical model produced by the same manufacturer. The "closest seller of the same class" of a reseller at wholesale is a reseller who (a) has established his ceiling price under this paragraph for sales to the same class of purchaser of the identical model produced by the same manufacturer, and (b) is the same general type and class of seller, and (c) is located nearer to the seller than any other seller who meets requirements (a) and (b) of this subparagraph.

(3) If a reseller at wholesale cannot otherwise find his ceiling price for a particular sale he shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices set under that section will reflect the supplier's prices as adjusted in accordance with this order diminished in accordance with subparagraph (1) above.

(c) *Retailer's ceiling prices.* A retailer shall determine his ceiling prices for resales of any article which he has purchased at a ceiling price adjusted under this order as follows:

(a) *Manufacturer's ceiling prices.* The A. J. Lindemann & Hoverson Company, 601 W. Cleveland Avenue, Milwaukee, Wisconsin may increase its ceiling prices determined under Maximum Price Regulation No. 64, (exclusive of all adjustments except the increase allowed by section 3 of that regulation) for each article in the lines of oil ranges, oil cook stoves, anchor stoves, and portable ovens which it manufactures by a percent no greater than that set forth below opposite each particular product line:

Product line:	Percent increase
Oil ranges	26.0
Oil cook stoves	21.5
Anchor stoves	16.0
Portable ovens	19.2

(b) *Wholesaler's ceiling prices.* A wholesaler shall determine his ceiling prices for any article which he has purchased at ceiling prices adjusted under this order as follows:

(1) If he has a ceiling price established before March 15, 1946 for sales of the same article or comparable articles produced by the same manufacturer, he shall calculate his ceiling price under this order as follows:

Step 1. He shall deduct from the manufacturer's ceiling price to him under this order any amount included therein on account of the Federal excise tax.

Step 2. He shall deduct from the result of Step 1, 4.2 percent of the manufacturer's ceiling price to him exclusive of the Federal excise tax.

Step 3. He shall add to the result of Step 2 the same percentage mark-up which he had on the same article or, if he did not sell the same article, the "most comparable article" produced by the same manufacturer, which he sold before March 15, 1946.

Step 4. He shall add to the result of Step 3, 75.0 percent of the amount he deducted in Step 2.

Step 5. He shall add to the result of Step 4 the amount included in his invoice cost on account of the Federal excise tax. The result is the wholesale reseller's ceiling price under this order.

(2) If a purchaser for resale at wholesale cannot establish his ceiling price under subparagraph (1) above, he shall adopt as his ceiling price the ceiling price

of his "closest competitive seller" for the same article produced by the same manufacturer. A retailer's "closest competitive seller" is a retailer who (a) has established a ceiling price under this paragraph for sales to the same class of purchaser of the identical model of stove produced by the same manufacturer, and (b) is the same general type and class of seller, and (c) is located nearer to the seller than any other seller who meets requirements (a) and (b) of this subparagraph.

(4) If a retailer cannot otherwise find his ceiling price for a particular sale he shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices set under that section will be set in line with those of retailers whose ceiling prices have been determined

under subparagraph (1), (2), or (3) above.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale of articles sold at ceiling prices adjusted under this order, the seller shall notify the purchaser in writing of the method of establishing ceiling prices set by this order for resales by the purchaser. This notice may be given in any convenient form.

(e) *Definition of "most comparable article".* For purposes of this order the "most comparable article" is the one which meets all the following tests:

(1) It is manufactured by the A. J. Lindemann and Hoverson Company.

(2) It belongs to the narrowest trade category which includes the article being priced.

(3) Both it and the article being priced were purchased from the same class of supplier.

(4) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(5) Its net unit replacement cost is nearest to the net cost of the article being priced.

(f) *Relationship of this order to Maximum Price Regulation No. 64 and the General Maximum Price Regulation.* The ceiling prices established by this order supersede those established under the General Maximum Price Regulation and Maximum Price Regulation No. 64 with respect to articles sold by the manufacturer at ceiling prices determined under this order. All the provisions of the General Maximum Price Regulation and Maximum Price Regulation No. 64 continue to apply to all sales of articles covered by this order except to the extent that they are modified by this order. Resellers determining their ceiling prices under paragraphs (b) (1) or (c) (2) need not report the prices so determined to the Office of Price Administration; each seller, however, must keep complete records showing all the information called for by OPA Form 620-789 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 1st day of August 1946.

Issued this 31st day of July 1946.

Administrator.

[SO 133, Order 61]

LEHMAN CO. OF AMERICA

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Supplementary Order No. 133, it is ordered:

No. 150—10

(a) *Manufacturer's maximum prices.* The Lehman Company of America, 210-234 Hafele Street, Cannelton, Indiana, may increase its maximum prices properly established under Maximum Price Regulation No. 188, (exclusive of any adjustment charges) for juvenile furniture which it manufactures by 16 per cent of each such maximum prices.

(b) *Resellers' ceiling prices.* Resellers of articles which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580 and a wholesaler who must determine his ceiling prices under Maximum Price Regulation No. 590, shall compute their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling price under that regulation as modified by Order 4800 under § 1499.159b of Maximum Price Regulation 188.

If his supplier's invoice does not state an "unadjusted maximum price," the reseller shall calculate his ceiling prices by adding to his invoice cost the same percentage markup which he had on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form No. 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the sup-

plier's prices as adjusted in accordance with this order.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or, thereafter, properly established under Office of Price Administration regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) The manufacturer shall file the report described in section 5 of Supplementary Order No. 133 with the Office of Price Administration, Washington 25, D. C., and shall comply with the invoicing and reporting provisions of Order No. 4800 under Maximum Price Regulation No. 188.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on the 1st day of August 1946.

Issued this 31st day of July 1946.

[SO 133, Order 62]

WATERS, CONLEY CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 6 and 7 of Supplementary Order No. 133, it is ordered:

(a) *Scope of this order.* This order provides for the adjustment of ceiling prices as established by Order No. 87 under sections 15 and 16 of Revised Supplementary Order No. 119, hereinafter referred to as Order No. 87, for acoustic phonographs manufactured by Waters, Conley Company, 501 First Avenue N. W., Rochester, Minnesota and delivered to a purchaser by the manufacturer on or after the effective date of this order.

(b) Ceiling prices for sales at all distributive levels as established by Order No. 87 may be adjusted as follows:

(1) Ceiling prices, exclusive of Federal excise tax, for sales at all distributive levels shall be determined in accordance with the provisions of Order No. 87.

(2) Each of those prices shall be increased by 20 percent.

(3) To the increased prices may be added the Federal excise tax as provided for in Order No. 87, but based on Waters, Conley Company's ceiling prices as adjusted by this order.

FEDERAL REGISTER, Friday, August 2, 1946

(c) The ceiling prices determined in accordance with paragraph (b) of this order shall supersede the ceiling prices established by Order No. 87.

(d) All the provisions of Order No. 87, not expressly inconsistent with the provisions of this order, shall continue to apply to all sales and deliveries of articles covered by this order.

(e) The provisions of Supplementary Order No. 153 shall have no application to any sales or deliveries of articles covered by this order.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 1st day of August 1946.

Issued this 31st day of July 1946.

GRAMM TRAILER CORP.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 191 under Supplementary Order 142. Adjustment provisions for sales of industrial machinery and equipment. Gramm Trailer Corp. Docket Nos. 6085-SO 142-136-27, 6135-SO 142-2461-141.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register

and pursuant to section 2 of Supplementary Order 142, *It is ordered:*

(a) Gramm Trailer Corporation is authorized to increase its maximum net prices in effect on March 31, 1942, for truck trailers and extra, special and optional equipment sold as original equipment, trailer replacement parts and farm wagons by a percentage not to exceed 11.3 percent. The adjusted maximum prices shall be subject to the same discounts, extra charges and terms of delivery to the applicable class of purchaser in effect on March 31, 1942.

(b) Resellers of applicant's truck trailers, their extra special or optional equipment and farm wagons shall increase their maximum resale prices exclusive of incidental charges in effect on March 31, 1942, for such equipment by a percentage not to exceed 11.3 percent. The adjusted maximum prices are subject to the same discounts, extra charges and terms of delivery in effect on March 31, 1942.

(c) The applicant shall adjust resale list prices for its trailer replace parts in accordance with section 2 (d) (1) of Supplementary Order 142 as amended and shall notify resellers of the adjusted resale list price in accordance with section 10 of Maximum Price Regulation 452. In the case of maximum prices for non-list sales by resellers under MPR 453, the applicant shall notify resellers of the dollar and cents amounts of adjustments in the applicant's non-list prices. Resellers shall determine adjusted maximum non-list prices in accordance with section 7 of Maximum Price Regulation 453.

This order shall become effective August 1, 1946.

Issued this 31st day of July 1946.

[MPR 188, Rev. Order 5024]

PHILCO CORP.

APPROVAL OF MAXIMUM PRICES

Order No. 5024 under Maximum Price Regulation No. 188 is revised and amended as follows:

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to § 1499.157 of Maximum Price Regulation No. 188 and section 6.4 of Second Revised Supplementary Regulation 14, *It is ordered:*

(a) This order establishes maximum prices for sales of the ten models of portable air conditioners manufactured by the Philco Corporation, Philadelphia, Pennsylvania.

(1) Maximum prices for sales by the Philco Corporation to wholesale distributors of the ten models of portable air conditioners listed below are as follows:

Maximum Prices For Sales to Wholesale Distributors

Model:	Each
61-C-1, 61-CL-1, 61-C-2, 61-CL-2	\$201.44
76-C-1, 76-CL-1, 76-C-2, 76-CL-2	215.43
91-C-1, 91-C-2	259.52

These ceiling prices include the Federal excise tax and are f. o. b. factory. They are for air conditioners equipped for use with 60 cycle alternating current. They are subject to the addition of the amount set forth below if the air conditioners are sold equipped as described below:

Optional equipment for use with—	Amount which may be added		
	61-C models	76-C models	91-C models
Direct current	\$12.60	\$16.00	\$17.62
50/60 cycle alternating current	1.47	2.26	2.26
Water for cooling			14.35

In all other respects these ceiling prices are subject to terms, discounts, allowances and other price differentials no less favorable than those the Philco Corporation had in effect during March 1942 on sales of similar articles.

(2) Maximum prices for sales in each zone by wholesale distributors to retail dealers of the ten models of portable air conditioners listed below are as follows:

Model	Maximum prices for sales to retail dealers in Zone 1	
	Servicing dealers	Non-servicing dealers
61-C-1, 61-CL-1, 61-C-2, 61-CL-2	\$245.66	\$255.66
76-C-1, 76-CL-1, 76-C-2, 76-CL-2	265.96	275.96
91-C-1, 91-C-2	324.40	334.40

Distributors located in any other zone shall determine their ceiling prices by adding to the ceiling prices set forth above an amount no greater than that shown below opposite the particular zone in which the distributor is located, as freight.

Zone:	Amount which may be added by distributor	
	2	3
2	\$3.00	
3		4.50
4		6.00
5		8.00

These ceiling prices include the federal excise tax and are delivered. The prices are for the air conditioners equipped for use with the 60 cycle alternating current and are subject to the addition of the following amounts set forth below if the air conditioners are sold equipped as described below:

Optional equipment for use with—	Amount which may be added		
	61-C models	76-C models	91-C models
Direct current	\$15.61	\$19.75	\$22.03
50/60 cycle alternating current	1.79	2.79	2.79
Water for cooling			17.94

In all other respects these ceiling prices are subject to terms, discounts, allowances, and other price differentials no less favorable than those the same seller had in effect during March 1942. If the seller made no sales in March 1942 those ceiling prices are subject to terms, dis-

counts, allowances and other price differentials no less favorable than those of his closest seller of the same class during the period on sales of similar articles or which were thereafter properly established under the applicable OPA regulations.

(3) Maximum prices for sales by retail dealers to ultimate consumers of the ten models of portable air conditioners listed below are as follows:

Maximum Prices For Sales to Ultimate Consumers in Zone 1

Model:	Each

These maximum prices are for the articles described in the manufacturer's application dated May 28, 1946.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. New York, New York, 2% 10 days, net 30 days. The maximum price to consumers is net delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, Washington, D. C., under the fourth Pricing Method, § 1499.158, of Maximum Price Regulation 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model Number _____
OPA Retail Ceiling Price—\$ _____
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobbers' maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 1st day of August 1946.

Issued this 31st day of July 1946.

BUILDING AND CONSTRUCTION MATERIALS IN SALEM AND CUMBERLAND COUNTIES, N. J.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and under the authority vested in the Regional Administrator of Region 2 by the Emergency Price Control Act of 1942 as amended, by General Order 68 as amended, and by Revised Procedural Regulation No. 1, which authority has been duly delegated by such Regional Administrator to the District Director, Newark District Office; *It is hereby ordered:*

1. Adopting Order No. 37 under Basic Order No. 1 as amended, under General Order No. 68 as amended, is hereby amended by striking out Schedule A annexed to said order and inserting in place thereof Revised Schedule A hereto annexed¹ and made a part of this amendment and of said adopting order.

2. Adopting Order No. 37 under Basic Order No. 1 as amended, under General Order No. 68 as amended, is further amended by striking out section 7 of said order and inserting in place thereof the following:

Sec. 7. Records and sales slips. (a) The provisions of section (e) of Basic Order No. 1 as amended covering sales slips and records are adopted in and applicable to this order as though specifically set forth herein; and also on any sale of \$25 or more each seller, regardless of previous custom, must keep records showing at least the following:

- (1) Name and address of buyer.
- (2) Date of transaction.
- (3) Place of delivery.
- (4) Complete description of each item sold and price charged.

(b) **Maximum prices for insufficiently described items.** Where the seller's records or sales slip upon a sale of any commodity covered by this order in the area covered by this order, do not contain a sufficiently complete description to identify the exact nature, type, size or quantity of the commodity, and thus determine the maximum price fixed by Revised Schedule A of this order, the maximum price applicable to such sale shall be the lowest maximum price which can be computed under Revised Schedule A of this order in accordance with the incomplete description.

3. Except as hereby amended, Adopting Order No. 37 under Basic Order No. 1 as amended, under General Order 68 as amended, shall remain the same and all provisions thereof remain in full force and effect.

4. This amendment shall become effective immediately.

[Jacksonville Order G-3 Under Gen. Order 68]

HARD BUILDING MATERIALS IN ORANGE COUNTY, FLA. AREA

For the reasons set forth in the accompanying opinion and under the authority vested in the District Director of the Jacksonville, Florida District Office, Region IV, of the Office of Price Administration by General Order No. 68 issued by the Administrator of the Office of Price Administration, Region IV, Delegation Order No. 93 issued November 5, 1945, it is hereby ordered:

SECTION 1. What this order covers. This order covers all "retail sales" by any seller of commodities specified in this order delivered to any purchaser in the County of Orange in the State of Florida. This order does not apply to sales made to any person who customarily resells more than 10% of his purchases of the commodities specified herein through "retail sales", or to sales to applicators as hereinafter defined.

Sec. 2. Definition of retail sales. For the purposes of this order, a retail sale means a sale to an ultimate user including, among others, commercial users, industrial users and contractors, or to purchasers for resale on an installed basis, excluding applicators. For the purposes of this order, an applicator is defined as a contractor engaged exclusively in the business of applying roofing and/or siding and/or insulation to buildings.

Sec. 3. Description of items covered by this order. This order covers the list of "hard building materials" set forth in the annexed Table I, including certain cement, lime, plaster, masonry mix, gypsum board, gypsum base lath, standard prestwood, grey hex asbestos shingles, white asbestos siding, asphalt shingles, roll roofing, felt rockwool batts, insulation board, tile board and metal lath. Other related items may be added from time to time by amendment without reference being made to this section.

Sec. 4. Relation to other regulations. The maximum prices fixed by this order supersedes any maximum price or pricing method previously fixed by any other regulation or order. Except to the extent they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation shall apply to sales covered by this order.

Sec. 5. Maximum prices. The maximum prices for building materials covered by this order are set forth in Table I which is annexed to and made a part of this order. Every seller making sales covered by this order shall maintain and preserve his usual and customary quantity and other discounts including discounts and differentials to different classes of purchasers.

Sec. 6. Posting of maximum prices. Every seller making sales covered by this order shall post a copy of Table I which lists maximum prices fixed by this order in each of his places of business in Orange County, Florida, in a manner plainly visible to all purchasers.

Sec. 7. Sales slips and records. Every seller covered by this order who has cus-

tomarily given his customers a sales slip or other evidence of purchase must continue to do so. Upon request from a customer such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller, name and address of the buyer, the description and number or amount of each item sold and the price received for it. If he customarily prepared his sales slips in more than one copy, he must keep for at least twelve months after delivery a duplicate copy of each sales slip delivered by him pursuant to this section.

For any sale of \$50.00 or more each seller regardless of previous custom must keep records showing at least the following:

- (1) Name and address of seller.
- (2) Name and address of buyer.
- (3) Date of transaction.
- (4) Place of delivery.
- (5) Complete description and number or amount of each item sold and price charged.

Sec. 8. Amendment. This order may be amended or revoked at any time by the Office of Price Administration.

This Order No. G-3 shall become effective July 1, 1946.

Issued this 25th day of June 1946.

STEWART C. MAXEY,
District Director.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the District Director of the Birmingham District Office, Region IV, of the Office of Price Administration, by General Order '68 and Regional Delegation Order 93, it is hereby ordered:

SECTION 1. What this order covers. This order covers all "retail sales" by any seller of the commodities specified in Table I delivered to a purchaser in the Montgomery, Alabama Trading Area. The Montgomery, Alabama Trading Area for the purposes of this order consists of the territory within the corporate limits of the City of Montgomery, Alabama.

Sec. 2. Definition of retail sales. For the purposes of this order, a retail sale means a sale to an ultimate user or to a contractor for resale on an installed basis.

Sec. 3. Description of items covered by this order. This order covers the list of "hard building materials" set forth in the annexed price table. Other related items may be added from time to time by amendment to this order.

Sec. 4. Relation to other regulations. The maximum prices fixed by this order supersedes any maximum price or pricing method previously fixed by any other regulation or order. Except to the extent they are inconsistent with the provisions of this order, all other provisions

¹ Filed as part of original document.

of the General Maximum Price Regulation shall apply to sales covered by this order.

SEC. 5. Maximum prices. The maximum prices for building materials covered by this order are set forth in Table I¹ which is annexed to and made a part of this order.

SEC. 6. Posting of maximum prices. Every seller making sales covered by this order shall post a copy of Table I which lists maximum prices fixed by this order in each of his places of business located within the corporate limits of the City of Montgomery, Alabama, in a manner plainly visible to all purchasers.

SEC. 7. Sales slips and records. Every seller covered by this order, who has customarily given his customers a sales slip or other evidence of purchase, must continue to do so. Upon request from a customer such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller, the description of each item sold and the price received for it. If he customarily prepared his sales slips in more than one copy, he must keep for at least six months after delivery a duplicate copy of each sales slip delivered by him pursuant to this section.

For any sale of \$50.00 or more each seller regardless of previous custom, must keep records showing at least the following:

- (1) Name and address of buyer.
- (2) Date of transaction.
- (3) Place of delivery.
- (4) Complete description of each item sold and price charged.

SEC. 8. Amendment. This order may be amended or revoked at any time by the Office of Price Administration.

This Order No. G-1 shall become effective March 15, 1946.

Issued this the 7th day of March 1946.

SECTION 1. What this order covers. This order covers all "retail sales" by any seller of the commodities specified in Table I delivered to a purchaser in the Birmingham, Alabama Trading Area. The Birmingham, Alabama Trading Area, for the purposes of this order, consists of Jefferson County, Alabama.

SEC. 2. Definition of retail sales. For the purposes of this order, a retail sale means a sale to an ultimate user or to a contractor for resale on an installed basis.

SEC. 3. Description of items covered by this order. This order covers the list of "hard building materials" set forth in the annexed price table. Other related items may be added from time to time by amendment to this order.

SEC. 4. Relation to other regulations. The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order. Except to the extent they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation shall apply to sales covered by this order.

SEC. 5. Maximum prices. The maximum prices for building materials covered by this order are set forth in Table I¹ which is annexed to and made a part of this order.

SEC. 6. Posting of maximum prices. Every seller making sales covered by this order shall post a copy of Table I which lists maximum prices fixed by this order in each of his places of business located within the legal boundaries of Jefferson County, Alabama, in a manner plainly visible to all purchasers.

SEC. 7. Sales slips and records. Every seller covered by this order, who has customarily given his customers a sales slip or other evidence of purchase, must continue to do so. Upon request from a customer such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller, the description of each item sold and the price received for it. If he customarily prepared his sales slips in more than one copy, he must keep for at least six months after delivery a duplicate copy of each sales slip delivered by him pursuant to this section.

For any sale of \$50.00 or more each seller regardless of previous custom, must keep records showing at least the following:

- (1) Name and address of buyer.
- (2) Date of transaction.
- (3) Place of delivery.
- (4) Complete description of each item sold and price charged.

SEC. 8. Amendment. This order may be amended or revoked at any time by the Office of Price Administration.

This Order No. G-3 shall become effective April 1, 1946.

Issued this the 27th day of March 1946.

HARD BUILDING MATERIALS IN SELMA, ALA., AREA

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the District Director of the Birmingham District Office, Region IV, of the Office of Price Administration, by General Order 68 and Regional Delegation Order 93, it is hereby ordered:

SECTION 1. What this order covers. This order covers all "retail sales" by any seller of the commodities specified in Table I delivered to a purchaser in the Selma, Alabama Trading Area. The Selma, Alabama Trading Area, for the purpose of this order, consists of the city of Selma, Alabama, and all territory located within a radial distance of four miles from the city limits of the city of Selma, Alabama.

SEC. 2. Definition of retail sales. For the purposes of this order, a retail sale means a sale to an ultimate user or to a contractor for resale on an installed basis, except that it does not apply to a sale to an applicator. For the purposes of this order, an applicator is defined as a contractor engaged exclusively in the business of applying roofing and/or siding and/or insulation to buildings.

SEC. 3. Description of items covered by this order. This order covers the list of "hard building materials" set forth in the annexed price table.¹ Other related items may be added from time to time by amendment to this order.

SEC. 4. Relation to other regulations. The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order. Except to the extent they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation shall apply to sales covered by this order.

SEC. 5. Maximum prices. The maximum prices for building materials covered by this order are set forth in Table I which is annexed to and made a part of this order.

SEC. 6. Posting of maximum prices. Every seller making sales covered by this order shall post a copy of Table I, which lists maximum prices fixed by this order in each of his places of business located within the Selma, Alabama, Trading Area as defined in section 1 of this order.

SEC. 7. Sales slips and records. Every seller covered by this order, who has customarily given his customers a sales slip or other evidence of purchase, must continue to do so. Upon request from a customer such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller, the description of each item sold and the price received for it. If he customarily prepared his sales slips in more than one copy, he must keep for at least six months after deliv-

ery a duplicate copy of each sales slip delivered by him pursuant to this section.

For any sale of \$50.00 or more each seller regardless of previous custom, must keep records showing at least the following:

- (1) Name and address of buyer.
- (2) Date of transaction.
- (3) Place of delivery.
- (4) Complete description of each item sold and price charged.

SEC. 8. Amendment. This order may be amended or revoked at any time by the Office of Price Administration.

This Order No. G-4 shall become effective June 1, 1946.

Issued this the 27th day of May 1946.

[Region IV Order G-22 Under RMPR 251]

**INSTALLED MASONRY BUILDING MATERIAL IN
FLORIDA**

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator for Region IV, by section 9 of Revised Maximum Price Regulation No. 251, it is hereby ordered:

SECTION 1. *What this order covers.* (a) This order covers the prices charged for installed masonry products and related and incidental construction work in connection with dwellings, apartment houses and all other construction located in the State of Florida.

(b) This order covers installed sales of the following products: building brick, building tile, concrete pipe, concrete block, concrete brick, concrete slabs, concrete joists, precast items and septic tanks.

SEC. 2. *Relation to Revised Maximum Price Regulation 251.* This order supersedes sections 6, 7, and 8 of Revised Maxi-

mum Price Regulation 251—Construction Services and Sales of Installed Building Materials (RMPR 251), insofar as jobs covered by this order are concerned. However, all of the other sections of RMPR 251 apply to jobs covered by this order to the extent that they are not inconsistent with this order.

SEC. 3. *"Cost-plus" jobs.* Your maximum price for a cost-plus job, i. e., where the sale is made on the basis of cost-plus-a-percentage-of-cost, cost-plus-a-fixed fee, or any other basis of addition to cost, shall be figured as follows: Add to your allowable direct costs, figured under section 5, your margin for profit and overhead, figured under section 6. Your allowable direct costs must be figured by using actual labor hours and actual quantities of materials.

SEC. 4. *"Lump-sum" jobs.* Your maximum price for a lump-sum job, i. e., where the sale is made on the basis of a total selling price (including all costs and profit), shall be figured as follows: Add to your allowable direct costs, figured under the next section 5, your margin for profit and overhead, figured under section 6. You may determine these allowable direct costs by using estimated labor hours and estimated quantities of material. This estimate will be considered reasonable if it does not exceed the maximum price, figured on the basis of actual labor hours and actual quantities of material, by more than 5 percent. However, within thirty days after the last work is done on the job, you must re-figure the maximum price by using actual labor hours and actual quantities of material. If the price you quoted, charged or collected is greater than your maximum price figured on the basis of actual labor hours and actual quantities of material by more than 5 percent, you must reduce your price to an amount equal to this maximum price, plus 5 percent of this maximum price. This means that you must refund to the buyer, within thirty days after the last work is done on the job, any amount you have received from the buyer which is more than 5 percent in excess of the maximum price, figured on the basis of actual labor hours and actual quantities of material. Also, you must, in writing, within thirty days after the last work is done on the job, cancel the buyer's indebtedness to you to the extent that this indebtedness exceeds by more than 5 percent the maximum price, figured on the basis of actual labor hours and actual quantities of material.

SEC. 5. *Allowable direct costs.* In figuring a maximum price under this order, your allowable direct costs shall be the sum of the following:

(a) Direct labor costs, figured by using current wage rates, not in excess of those approved by the Wage Adjustment Board.

(b) Direct material costs, figured by using current material prices, not in excess of the maximum prices established by the Office of Price Administration.

(c) Costs arising from the lease of equipment, determined by using rental rates, which are not in excess of the maximum rental rates established by the

* Filed as part of original document.

Office of Price Administration. Where you use equipment owned by you, you may use the maximum rental rates applicable to a rental by you of such equipment to a third party of the same class.

(d) Sub-contract costs, not in excess of the maximum established by the Office of Price Administration.

(e) An estimated reserve for such contingencies as you can reasonably foresee. This reserve for contingencies cannot be used in figuring your maximum price for a "cost-plus" job or in recomputing your costs for a "lump-sum" job.

No addition to allowable direct costs may be made for any other costs or expenses. Such other costs or expenses are compensated for by the markup permitted by the next section 6.

SEC. 6. Mark-up. Your allowable markup for profit and overhead shall be determined as follows: First, determine your allowable direct costs of the job under the preceding section 5; then multiply these allowable direct costs by the percentage markup listed below for jobs of that cost.

Allowable costs of job:	Percentage of markup
Less than \$1,500	20
\$1,500 to \$25,000	15
\$25,000 to \$100,000	10
\$100,000 and over	8

SEC. 7. Sales not covered by this order. If, in connection with any sale covered by this order, you sell any installed building materials or construction services for which maximum prices are not fixed by this order, such sales shall be separately priced and billed on all invoices and sales slips. The maximum prices for such other sales shall be computed under RMPR 251 or other applicable regulation or area order.

SEC. 8. Records. You must keep at your place of business, available for inspection by representatives of the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records concerning each sale covered by this order showing the following:

(a) The address of the job-site and the name and address of the person who contracted with you to perform the work.

(b) The original of all contracts entered into by you with the owner of the premises, or his agent, and any person with whom you have entered into a contract for sub-contracted services, together with any amendments or modifications of the contract.

(c) The price charged by you and all data from which you computed this price.

(d) Any blueprints or working drawings applicable to the job, together with job specifications, when furnished to you.

(e) Records showing the time when the last work was performed on the job.

(f) Copies of invoices furnished by you to your purchaser.

(g) The name and address of each supplier from whom you purchased materials installed on the job, together with an itemized list of such materials, the price of each paid by you and your supplier's invoice.

(h) Payroll records and time-sheets showing in detail the names and addresses of all persons employed by you on the job, the hourly wages paid to each of them, and the time spent by each in doing work on the job. These records shall also show the general classification of each such workers, e. g., mechanic, helper, foreman, laborer, etc.

(i) In the absence of any data supporting your costs or their allocation to the particular job, such costs may not be used in figuring your maximum price.

SEC. 9. Notification and invoices. When you make a sale covered by this order, you must, if requested by the purchaser, make available to the purchaser for inspection, a copy of this order and a copy of RMPR 251. Before final billing you must furnish to each purchaser an invoice showing the following:

(a) The names and addresses of the seller and the purchaser.

(b) The location of the premises.

(c) The date the work was completed.

(d) An itemized description of the materials and services involved and the prices charged. (Such other details as may be appropriate for the particular services covered. If prices are set on a time basis, invoice should show time worked. If on a per measure basis, invoice should show the total measurement).

SEC. 10. Certificate required. You must furnish the purchaser with a signed certificate within thirty days after the last work is done on the job. This certificate must also be filed with the District Office of the Office of Price Administration which is located in the same district as the job-site. The certificate required by this section shall be in the following form:

I hereby certify to you and to the Office of Price Administration that the charge of \$____ for installed masonry services rendered on the job at _____ is not in excess of the maximum price therefor as established by area order No. G-22 under RMPR 251 and that I have computed the maximum price in accordance with said order and have kept all the records necessary for the establishment of this price. Furthermore, that I have received a certification in writing from all sub-contractors employed by me on this job that their respective prices to me are not in excess of their maximum prices as established by the appropriate Office of Price Administration regulations or orders governing their operations.

SEC. 11. Amendment. This order may be amended or revoked at any time by the Office of Price Administration.

This Order G-22 shall become effective June 30, 1946.

Issued June 21, 1946.

and that portion of Lavaca County which lies within the corporate limits of the City of Yoakum, Texas.

SEC. II. Posting requirements. All persons who are subject to this order and who sell automobile parking services must post at each establishment or lot where such service is sold a placard or sign in the manner hereinafter specified containing the information required by this section.

A. Minimum specifications for construction, painting, and location of the sign or placard:

1. It shall contain letters not less than 1½ inches in height and not less than 1 inch in width, and numbers not less than 3 inches in height and not less than 2 inches in width.

2. It shall be so constructed, painted and located that it is plainly visible to and readable by persons driving automobiles into the lot or establishment.

3. If parking services are supplied during hours of darkness, it shall be so illuminated during those hours that it may be easily read by customers.

B. Information which must appear on the sign or placard:

1. It must bear the notation "our ceiling prices" and the name of the establishment.

2. (a) It must list and describe the rates applicable to the establishment for each hour or combination of hours of parking services supplied during each 24-hour period. For example, if an establishment's ceiling prices are 2 hours, 15 cents; 2 to 4 hours, 20 cents; and all day, 25 cents, it is a violation of this order for an establishment to fail to list and describe all three rates. This is true even though a seller does not solicit all-day parkers or less than all day parkers.

(b) It must likewise list and describe weekly and monthly rates if any are established.

3. The rates listed must not exceed the legal rates which each establishment is authorized to charge under provisions of RMPR 165.

SEC. III. Enforcement. It shall be a violation of this order for any person subject to its terms to supply parking services without first complying with the posting provisions herein contained.

All persons violating this order are subject to penalties, both criminal and civil, prescribed by the Emergency Price Control Act, as amended.

SEC. IV. This order may be changed, revoked, or amended at any time.

This order shall be effective on the 4th day of July 1946.

Issued at San Antonio, Texas, this 4th day of June 1946.

[Kansas City Order 3 Under Gen. Order 68]

BUILDING MATERIALS IN JASPER COUNTY,
Mo.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order No. 68, it is hereby ordered:

SECTION I. What this order does. This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in Jasper County, Missouri, except in that area consisting of the city of Joplin, Missouri, and extending three miles beyond the corporate limits of said city.

SEC. II. Definition. The term "retail sales" as used in this order means any sale of the building materials covered by this order to ultimate consumers or to a contractor who will resell the same on an installed basis.

SEC. III. Maximum prices. Maximum prices for commodities subject to this order are those set forth in Appendix A hereof, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein.

SEC. IV. The relation of this order to other regulations. The maximum prices as fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order.

SEC. V. Each seller making sales subject to this order shall post a copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

² Filed as part of original document.

SEC. VI. Invoices and notification. Each seller making a sale subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser an invoice at the time of sale, which must contain the following information:

1. Name and address of the purchaser.
2. A description of each commodity sold.
3. The quantity of each commodity sold.
4. The price charged for each commodity sold.
5. The type of sale, whether f. o. b. railroad car, f. o. b. seller's yard or store, or delivered to the job site.
6. The amount of any delivery charges made stated separately on the invoice.
7. A statement of cash discounts allowed for prompt payment.
8. A separate statement of any amount added for the extension of credit.

Each seller is required to keep a duplicate of such invoice in his place of business, and make it available for inspection by the Office of Price Administration during regular business hours.

SEC. VII. Addition of increase in supplier's prices prohibited. The maximum prices set out by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occurring after the effective date hereof; but increases in the maximum prices established hereby to reflect such increases are within the discretion of the District Director.

SEC. VIII. What this order prohibits. Regardless of any obligation, contract or other agreement no person shall:

1. Sell, or in the course of trade or business buy, building materials at higher prices than the maximum prices fixed by this order; but less than the maximum prices may at any time be charged, paid or offered.
2. Obtain higher than maximum prices by:
 - (i) Making a charge for delivery of building material items when no delivery is in fact made.
 - (ii) Making a charge for delivery in excess of that provided by this order.
 - (iii) Making a charge higher than this order authorizes for the extension of credit.
 - (iv) Failure to give the discounts required by this order for prompt payment.
 - (v) Using any tying agreement or requiring that the buyer purchase anything in addition to the building materials requested by him; or
 - (vi) Using any other device by which a higher than maximum price is obtained directly or indirectly.

SEC. IX. Enforcement. 1. Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

2. Persons who have any evidence of any violation of this order are urged to communicate with the Kansas City District Office of the Office of Price Administration.

SEC. X. Building materials not covered by this order. There are building mate-

rials sold and delivered in the area covered by this order which are not included in, and for which prices are not established in this order. The maximum prices for such building materials, when sold by any person covered by this order, shall continue to be determined under the applicable Maximum Price Regulation. Sellers who are in doubt as to the regulation applicable to such building materials should consult the Kansas City District Office of the Office of Price Administration.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective July 5, 1946.

[San Antonio Order G-3 Under Gen. Order 68]

BUILDING MATERIALS IN NUECES COUNTY,
TEX.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the provisions of General Order No. 68, it is hereby ordered:

SECTION I. What this order does. This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in the geographical area comprising Nueces County, Texas.

SEC. II. Definition of retail sales. The term "retail sale" as used in this order means any sale of the building materials covered by this order to an ultimate user or to a contractor who will resell the same on an installed basis.

SEC. III. Maximum prices. Maximum prices for commodities subject to this order are those set forth in Appendix A, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein. Receipt of notice of permitted increase from suppliers will not automatically authorize increases in ceiling prices set forth in Appendix A of this order. Such ceiling prices will only be changed by amendment to this order issued by the District Director.

SEC. IV. The relation of this order to other regulations. The maximum prices fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order. Items and specifications not specifically priced in this order remain subject to the applicable Maximum Price Regulations.

SEC. V. Posting. Each seller making sales subject to this order shall post a

copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

SEC. VI. Invoices and notification. Each seller making sales subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser with an invoice at the time of sale, which must contain the following information:

- (1) Name and address of the purchaser.
- (2) A description of each commodity sold.
- (3) The quantity of each commodity sold.
- (4) The price charged for each commodity sold.
- (5) The type of sale, whether f. o. b. railroad car, f. o. b. seller's yard or store, delivered to job site in free delivery area, or delivered outside free delivery area.
- (6) If delivery is made outside the seller's free delivery zone, the amount of any delivery charges made stated separately on the invoice.
- (7) A statement of cash discounts allowed for prompt payment.

Each seller is required to keep a duplicate of such invoice in his place of business, and make it available for inspection by the Office of Price Administration during regular business hours.

SEC. VII. Evasion. The price limitations set forth in this order shall not be evaded by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of any commodities covered by this order or by way of commissions, services, transportation or other charges, or by tying agreement or other trade understanding, or by making the terms and conditions of sale more onerous to buyers than they were during March 1942 (except as specifically permitted by this order).

SEC. VIII. Enforcement and penalties. Persons violating any provisions of this order are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective May 22, 1946.

BUILDING MATERIALS IN BUCHANAN COUNTY, MO.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order No. 68, it is hereby ordered:

SECTION I. What this order does. This order establishes maximum prices for all retail sales of certain building materials specifically described in Appendix A of this order when such sales are made in Buchanan County, Missouri.

SEC. II. Definitions. (1) The term "retail sales" as used in this order means any sale of the building materials covered by this order to ultimate consumers or to a contractor who will resell the same on an installed basis.

(2) Free delivery zone. The term "free delivery zone" as used in this order includes all points within the City of St. Joseph, Missouri and any point within a radius of three miles from the place from which delivery is made.

SEC. III. Maximum prices. Maximum prices for commodities subject to this order are those set forth in Appendix A hereof, which is specifically made a part of this order, subject to the terms and conditions of sale and other limitations set forth therein.

SEC. IV. The relation of this order to other regulations. The maximum prices as fixed by this order supersede any maximum prices or price determining method previously established by any other regulation or order issued by the Office of Price Administration for the commodities covered by this order.

SEC. V. Each seller making sales subject to this order shall post a copy of Appendix A of this order plainly visible to all purchasers in each of his places of business located in the area covered by this order.

SEC. VI. Invoices and notification. Each seller making a sale subject to this order shall, if requested by any purchaser of commodities subject hereto, make available to such purchaser for inspection a copy of this order. Each seller covered by this order is required to furnish each purchaser an invoice at the time of sale, which must contain the following information:

1. Name and address of the purchaser.
2. A description of each commodity sold.
3. The quantity of each commodity sold.
4. The price charged for each commodity sold.
5. The type of sale, whether f. o. b. railroad car, f. o. b. seller's yard or store, delivered to job site in free delivery area or delivered outside free delivery area.
6. If delivery is made outside the seller's free delivery zone the amount of any delivery charges made stated separately on the invoice.
7. A statement of cash discounts allowed for prompt payment.
8. A separate statement of any amount added for the extension of credit.

Each seller is required to keep a duplicate of such invoice in his place of busi-

ness, and make it available for inspection by the Office of Price Administration during regular business hours.

SEC. VII. Addition of increase in supplier's prices prohibited. The maximum prices set out by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occurring after the effective date hereof; but increases in the maximum prices established hereby to reflect such increases are within the discretion of the District Director.

SEC. VIII. What this order prohibits. Regardless of any obligation, contract or other agreement, no person shall:

(1) Sell, or in the course of trade or business, buy building materials at higher prices than the maximum prices fixed by this order; but less than the maximum prices may at any time be charged, paid or offered.

(2) Obtain higher than maximum prices by:

(i) Making a charge for delivery of building material items delivered within the free delivery zone, as herein defined;

(ii) Making a charge for delivery outside the free delivery zone in excess of that provided by this order.

(iii) Making a charge higher than this order authorizes for the extension of credit.

(iv) Failure to give the discounts required by this order for prompt payment.

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the building materials requested by him; or

(vi) Using any other device by which a higher than maximum price is obtained directly or indirectly.

SEC. IX. Enforcement. (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Kansas City District Office of the Office of Price Administration.

SEC. X. Building materials not covered by this order. There are building materials sold and delivered in the area covered by this order which are not included in, and for which prices are not established in this order. The maximum prices for such building materials, when sold by any person covered by this order, shall continue to be determined under the applicable maximum price regulation. Sellers who are in doubt as to the regulation applicable to such building materials should consult the Kansas City District Office of the Office of Price Administration.

This order may be amended or revoked at any time by the Office of Price Administration.

This order shall become effective July 10, 1946.

[Region VI Rev. Order G-116 Under 18 (c)]

TRANSPORTATION OF MILK IN SOUTHERN ILLINOIS

For the reasons set forth in the opinion issued simultaneously herewith and under the authority vested in the Regional Administrator for Region VI of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation, it is hereby ordered:

(a) **Effect of this order.** This revised order adjusts maximum rates for deliveries of fluid milk by for-hire carriers from producers' farms or loading platforms to dairies, milk processing plants, milk receiving stations or other concentration points located within the area comprising the counties of Adams, Pike, Greene, Macoupin, Montgomery, Christian, Shelby, Moultrie, Coles, Clark and all counties south thereof within the State of Illinois, as well as from producers' farms and loading platforms within this area to points of concentration within the States of Missouri, Kentucky and Indiana.

(b) **Maximum rates.** The maximum rate that may be charged to a producer by any for-hire carrier of milk who is subject to this Order No. G-116 for a transportation service covered hereby shall be the higher of the following.

(1) The legal maximum rate per cwt. existing on April 30, 1946, applicable to milk hauling from such producer's farm or a loading platform, or

(2) The legal maximum March 1942 rate per cwt. applicable to milk hauling from such producer's farm or a loading platform established under section 2 of the General Maximum Price Regulation plus 5¢ per cwt; *Provided, however,*

(i) That such sum may in no event exceed 40¢ per cwt.

(ii) That to the extent that application of this subparagraph (2) authorizes an increase in any maximum rate existing on April 30, 1946, no processor shall pay a greater proportion of such increase than the proportion of the total transportation charge borne by him for the same service during January 1943, and

(iii) That in no event shall the processor pay a greater increase than 2½¢ per cwt.

(c) A "for-hire carrier" of milk within the meaning of this order is one who, for a compensation paid by the persons he serves, transports fluid milk by wagon or by motor vehicle, (other than a tank wagon or tank truck), and has no financial interest in such milk. Hence, the term does not apply to milk processors who transport, in their own

conveyances, milk to which they have acquired title.

(d) All provisions of this revised order shall apply with equal force and effect to transferees and other successors of for-hire carriers to whom the original Order No. G-116 applied on May 1, 1946 or thereafter.

(e) Order No. G-116 under § 1499.18 (c) of the General Maximum Price Regulation issued April 25, 1946 and effective May 1, 1946 is hereby revoked.

This revised order shall become effective on the 15th day of June 1946, but it may be amended, revised or revoked at any time.

Issued this 15th day of June 1946.

PENNSYLVANIA GAS & ELECTRIC CORP.
ET. AL.

SUPPLEMENTAL ORDER RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 30th day of July A. D. 1946.

In the matter of Pennsylvania Gas & Electric Corporation, The Petersburg & Hopewell Gas Company, Penn-Western Service Corporation, File No. 70-1288.

The Commission having on July 10, 1946 issued an order (Holding Company Act Release No. 6769) approving the sale by Pennsylvania Gas & Electric Corporation ("Penn Corp"), a registered holding company, of its investment in one of its subsidiaries, The Petersburg & Hopewell Gas Company ("Petersburg"), to Scott, Horner & Mason, Incorporated, of Lynchburg, Virginia, for a cash consideration of \$600,000, subject to closing adjustments, and having reserved jurisdiction with respect to the use of the proceeds obtained by Penn Corp from such sale;

The Commission having on July 19, 1946, issued an order releasing jurisdiction with respect to \$255,000 of the proceeds from the sale of Petersburg;

Penn Corp having requested that the Commission issue an order releasing jurisdiction with respect to the balance of the proceeds from the sale of Petersburg, and having represented that such balance will be used for the redemption by Penn Corp of a portion of Penn Corp's outstanding 6% Gold Debentures, Series A, due March 1, 1976, at the redemption price of 105% of the principal amount;

It is ordered, That jurisdiction heretofore reserved by the Commission over the balance of the proceeds to Penn Corp from the sale of its investment in Petersburg be and the same hereby is released.
